2. OPERATING INSTRUCTIONS

Storage Drawers

Your iPormis bed frame includes four separated storage drawers designed for convenience and space optimization. These drawers are equipped with smooth mute wheels for easy sliding in and out without noise. They are ideal for storing clothes, bedding, and other items.

- To open: Gently pull the drawer handle outwards.
- To close: Push the drawer inwards until it is fully aligned with the bed frame.
- The drawers feature a lock system to keep them securely closed when not in use. Lift slightly and push to engage the lock.

Fast Charging Ports & Outlets

The wingback headboard is equipped with built-in 20W Fast Charging Ports (Type-C & Type-A) and two standard outlets. This allows you to conveniently charge your electronic devices directly from your bed.

- Connect your device's USB-C or USB-A cable to the corresponding port.
- Plug any standard electronic device into the 110V AC outlets.
- The widened top shelf provides a convenient space to place your devices while they charge.

3. MAINTENANCE

Proper care and maintenance will extend the life of your bed frame.

- **Cleaning Upholstery:** For general cleaning, gently vacuum the upholstered surfaces to remove dust and debris. For spills, blot immediately with a clean, dry cloth. For stubborn stains, use a mild fabric cleaner according to its instructions, testing on an inconspicuous area first.
- **Frame Care:** Wipe metal parts with a soft, damp cloth. Avoid harsh chemicals that may damage the finish.
- **Hardware Check:** Periodically check all bolts and screws to ensure they remain tight. Re-tighten as needed to maintain stability and prevent squeaking.
- **Drawer Maintenance:** Keep the drawer wheels free of dust and debris to ensure smooth operation.

4. TROUBLESHOOTING

If you encounter any issues with your bed frame, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Bed frame is wobbly or squeaks.	Loose bolts or screws.	Check and tighten all assembly hardware. Ensure slats are properly seated.
Storage drawers do not slide smoothly.	Debris in wheels or uneven placement.	Clean any debris from the wheels. Ensure drawers are aligned correctly.
Charging ports are not working.	Power cable not connected or faulty device.	Ensure the bed frame's power cable is securely plugged into a working wall outlet. Test with a different device.
Mattress slides on the frame.	Mattress not properly seated or wingback not fully secured.	Ensure the mattress is centered on the slats. Verify the headboard's 14" wingback is correctly installed to prevent sliding.
