

JBL Tune Beam

JBL Tune Beam True Wireless Active Noise Cancelling Earbuds User Manual

Model: Tune Beam

INTRODUCTION

This manual provides detailed instructions for the proper use and maintenance of your JBL Tune Beam True Wireless Active Noise Cancelling Earbuds. Please read this manual thoroughly before using the product to ensure optimal performance and longevity. The JBL Tune Beam earbuds offer a rich audio experience with JBL Pure Bass Sound, Active Noise Cancelling, and a comfortable fit, designed for daily use and on-the-go listening.

SAFETY INFORMATION

- **Hearing Safety:** To prevent possible hearing damage, do not listen at high volume levels for long periods.
- **Driving Safety:** Do not use earbuds while driving or cycling, or in any situation where inability to hear ambient sounds could be dangerous.
- **Charging:** Use only the provided charging cable and a certified power adapter. Do not attempt to charge the device if it is wet.
- **Water and Dust Resistance:** The earbuds are IP54 rated for water and dust resistance. This rating is not permanent and resistance might decrease as a result of normal wear. Do not submerge the earbuds in water.
- **Disposal:** Dispose of this product responsibly. Do not dispose of electronic devices with household waste.

PACKAGE CONTENTS

Verify that all items listed below are present in your package:

- JBL Tune Beam True Wireless Earbuds (Left and Right)
- Charging Case
- USB-C Charging Cable
- Multiple Sizes of Ear Tips (S, M, L)
- Quick Start Guide / Safety Sheet

Image: Top view of the JBL Tune Beam charging case, featuring the embossed 'JBL TUNE' branding.

SETUP

1. Charging the Earbuds and Case

1. Place the earbuds into the charging case.
2. Connect the USB-C charging cable to the port on the bottom of the charging case and to a power source.
3. The LED indicators on the case will show the charging status. A full charge typically takes approximately 2 hours.
4. The earbuds provide up to 12 hours of playback, with an additional 36 hours from the charging case (total 48 hours). With Active Noise Cancelling engaged, you get 10 hours from earbuds and 30 hours from the case.

2. Bluetooth Pairing

1. **First-time Pairing:** Open the charging case. The earbuds will automatically enter pairing mode. The LED indicator on the earbuds will flash blue.
2. On your device (smartphone, tablet, etc.), go to Bluetooth settings and select "JBL Tune Beam" from the list of available devices.
3. Once connected, the LED indicator on the earbuds will turn solid blue.
4. **Re-pairing / New Device:** If the earbuds do not automatically enter pairing mode, or if you wish to pair with a new device, place both earbuds in the charging case, leave the lid open, and press and hold the button on the charging case for 5 seconds until the earbuds' LEDs flash blue.

3. Fitting the Earbuds

Proper fit is crucial for sound quality and Active Noise Cancelling performance.

1. Choose the ear tips that provide the best seal and comfort for your ears. Experiment with different sizes (S, M, L).
2. Insert the earbuds into your ears and gently twist them forward or backward until they feel secure and comfortable.
3. Ensure the earbud stems are pointing slightly forward and down.

OPERATING

Power On/Off

- **Power On:** Open the charging case, or remove the earbuds from the case. They will automatically power on.
- **Power Off:** Place the earbuds back into the charging case and close the lid. They will automatically power off and begin charging.

Touch Controls

The JBL Tune Beam earbuds feature customizable touch controls. Default functions are listed below. You can customize these via the JBL Headphones App.

Action	Left Earbud (L)	Right Earbud (R)
Play/Pause	Single tap	Single tap
Next Track	Double tap	Double tap
Previous Track	Triple tap	Triple tap
Volume Up	N/A (Customizable)	Press and hold
Volume Down	Press and hold	N/A (Customizable)
ANC / Ambient Aware / TalkThru	Single tap (cycle modes)	N/A (Customizable)
Answer/End Call	Single tap	Single tap
Reject Call	Press and hold	Press and hold
Activate Voice Assistant	N/A (Customizable)	Double tap (Customizable)

Note: Functions marked "Customizable" can be reconfigured using the JBL Headphones App.

Active Noise Cancelling (ANC) and Smart Ambient

- **Active Noise Cancelling (ANC):** Minimizes external audio distractions.

- **Ambient Aware:** Allows you to hear your surroundings while still enjoying your audio, enhancing safety.
- **TalkThru:** Lowers music volume and amplifies speech, enabling quick conversations without removing earbuds.
- Cycle through these modes by tapping the designated earbud (default: Left earbud).

Hands-Free Calls with VoiceAware

The earbuds feature 4 microphones for clear stereo calls. VoiceAware allows you to control how much of your own voice you hear during calls, preventing you from speaking too loudly. This setting can be adjusted via the JBL Headphones App.

MAINTENANCE

Cleaning

- Regularly clean the earbuds and charging case with a soft, dry, lint-free cloth.
- Remove ear tips and clean them with mild soap and water, then dry thoroughly before reattaching.
- Do not use harsh chemicals or abrasive materials.
- Ensure charging contacts on both earbuds and case are clean and dry.

Storage

- When not in use, always store the earbuds in their charging case to protect them and keep them charged.
- Store in a cool, dry place away from extreme temperatures.

Water and Dust Resistance (IP54)

The JBL Tune Beam earbuds are rated IP54, meaning they are protected against limited dust ingress and water spray from any direction. This makes them suitable for workouts and light rain. However, they are not designed for submersion in water. Ensure earbuds are dry before placing them in the charging case to prevent damage.

TROUBLESHOOTING

Problem	Possible Cause	Solution
No power	Earbuds/case battery is depleted.	Charge the earbuds and charging case fully.
Cannot pair via Bluetooth	Earbuds not in pairing mode; device Bluetooth off; previously paired device interfering.	Ensure earbuds are in pairing mode (LED flashing blue). Turn off and on Bluetooth on your device. Forget "JBL Tune Beam" from your device's Bluetooth list and re-pair.
No sound or low volume	Volume too low on device/earbuds; earbuds not properly seated; ear tips not providing a good seal.	Increase volume on both your device and the earbuds. Adjust earbud fit and try different ear tip sizes.
Active Noise Cancelling not effective	Poor earbud fit; ANC mode not activated.	Ensure a proper seal with the correct ear tip size. Activate ANC mode via touch control or the JBL Headphones App.
Microphone issues during calls	Microphone blocked; poor connection; VoiceAware settings.	Ensure microphones are not covered. Check Bluetooth connection stability. Adjust VoiceAware settings in the JBL Headphones App.
