

JBL Tune Beam

JBL Tune Beam True Wireless Active Noise Cancelling Earbuds User Manual

Model: Tune Beam

1. INTRODUCTION

This manual provides essential instructions for the proper use, setup, and maintenance of your JBL Tune Beam True Wireless Active Noise Cancelling Earbuds. Please read this guide thoroughly before operating the device to ensure optimal performance and longevity.

2. WHAT'S IN THE BOX

Verify that all items are present in your product packaging:

- JBL Tune Beam Earbuds
- Charging Case
- USB-C Charging Cable
- Multiple Sizes of Eartips

4. SETUP

4.1. Charging the Earbuds and Case

Before first use, fully charge the earbuds and charging case. The case provides additional charges for extended listening time.

- Place the earbuds into the charging case.
- Connect the USB-C charging cable to the port on the back of the charging case and to a power source.
- The LED indicators on the case will show charging status.

Image: A close-up view of the USB-C charging port located at the bottom of the JBL Tune Beam charging case.

Battery Life: The earbuds offer up to 12 hours of playback, with an additional 36 hours provided by the charging case (total 48 hours). With Active Noise Cancelling engaged, you get 10 hours from the earbuds and 30 hours from the case (total 40 hours). A quick 15-minute charge provides 4 hours of playtime.

4.2. Bluetooth Pairing

1. Open the charging case. The earbuds will automatically enter pairing mode.
2. On your device (smartphone, tablet, etc.), go to Bluetooth settings and enable Bluetooth.
3. Select "JBL Tune Beam" from the list of available devices.
4. Once connected, you will hear an audible confirmation, and the LED on the earbuds will indicate a successful connection.

4.3. Proper Fit

For optimal sound quality and noise cancellation, ensure a secure and comfortable fit.

- Choose the ear tips that best fit your ear canals. Different sizes are provided.
- Insert the earbuds into your ears and gently twist them until they feel snug and stable.

5. OPERATING THE EARBUDS

5.1. Touch Controls

The JBL Tune Beam earbuds feature intuitive touch controls on each earbud. Functions can be customized via the JBL Headphones App.

Action	Function
Single Tap (Left/Right)	Play/Pause Music, Answer/End Call
Double Tap (Right)	Next Track
Double Tap (Left)	Previous Track
Triple Tap (Left/Right)	Voice Assistant
Tap & Hold (Left/Right)	Toggle ANC/Ambient Aware/TalkThru (customizable)
Incoming Call (Tap & Hold)	Reject Call

5.2. Active Noise Cancelling (ANC) & Smart Ambient

The JBL Tune Beam features Active Noise Cancelling to minimize distractions and Smart Ambient technology to keep you aware of your surroundings.

- **Active Noise Cancelling (ANC):** Reduces external noise for an immersive listening experience.
- **Ambient Aware:** Allows you to hear your surroundings while still enjoying your audio, enhancing safety.
- **TalkThru:** Lowers music volume and amplifies speech, enabling quick conversations without removing earbuds.

Toggle between these modes using the customizable touch controls or through the JBL Headphones App.

5.3. Hands-Free Calls with VoiceAware

The earbuds are equipped with 4 microphones for clear stereo calls. VoiceAware allows you to control how much of your own voice you hear during calls.

- **Answering/Ending Calls:** Use the touch controls as described above.
- **VoiceAware:** Adjust the level of your voice feedback in the JBL Headphones App.

5.4. JBL Headphones App

Download the JBL Headphones App for additional features and customization:

- Customize touch controls.
- Adjust EQ settings for personalized sound.
- Control ANC and Smart Ambient modes.
- Check battery levels.

6. MAINTENANCE

6.1. Cleaning

Regular cleaning helps maintain performance and hygiene.

- Gently wipe the earbuds and charging case with a soft, dry, lint-free cloth.
- Remove ear tips and clean them with mild soap and water, then dry thoroughly before reattaching.

- Do not use harsh chemicals or abrasive materials.

6.2. Water and Dust Resistance

The JBL Tune Beam earbuds are IP54 rated, meaning they are resistant to dust and splashes of water from any direction. This makes them suitable for workouts and light rain.

- Do not submerge the earbuds in water.
- Ensure the charging port is dry before charging.

6.3. Storage

When not in use, store the earbuds in their charging case to protect them and keep them charged.

7. TROUBLESHOOTING

If you encounter issues with your JBL Tune Beam earbuds, refer to the following common solutions:

- **No Sound:** Ensure earbuds are charged, properly paired, and volume is up on both the earbuds and your device.
- **Pairing Issues:** Turn off Bluetooth on your device, then turn it back on. Try forgetting the device in your Bluetooth settings and re-pairing. Ensure earbuds are in pairing mode.
- **One Earbud Not Working:** Place both earbuds back in the case, close it, wait a few seconds, then open it again. Check battery levels for both earbuds.
- **Charging Problems:** Ensure the charging cable is securely connected and the power source is active. Clean

the charging contacts on both the earbuds and the case.

- **Poor Sound Quality/ANC Performance:** Ensure ear tips provide a good seal. Try different sized ear tips.

For further assistance, consult the JBL Headphones App or the official JBL support website.

8. SPECIFICATIONS
