

QUTWOB DY-1695-42BD

QUTWOB 42" Wood Ceiling Fan with Lights and Remote Control - User Manual

Model: DY-1695-42BD

1. INTRODUCTION

Thank you for purchasing the QUTWOB 42" Wood Ceiling Fan with Lights and Remote Control. This manual provides detailed instructions for safe installation, operation, and maintenance of your new ceiling fan. Please read this manual thoroughly before installation and keep it for future reference.

This ceiling fan features a quiet DC variable frequency motor, three solid wood blades, and an integrated LED light kit with adjustable color temperatures. It is designed for indoor use in various rooms such as living rooms, bedrooms, and offices.

2. SAFETY INFORMATION

WARNING: To reduce the risk of fire, electric shock, or personal injury, always follow these basic precautions:

- Read all instructions and safety information before installing your fan and save these instructions.
- All wiring must be in accordance with national and local electrical codes. If you are unfamiliar with wiring, consult a qualified electrician.
- Before installation, disconnect power by turning off the circuit breakers at the main fuse box.
- Ensure the installation site allows the fan blades to rotate without obstruction. Maintain a minimum clearance of 7 feet from the floor to the blade trailing edge.
- The mounting bracket must be securely fastened to a building structure capable of supporting the fan's weight.
- Do not operate the fan if any part is damaged.
- Do not insert objects into the path of the fan blades while the fan is operating.

3. PACKAGE CONTENTS

Verify that all components are present before beginning installation:

- Motor Housing
- 3 Solid Wood Blades
- LED Light Kit
- Remote Control
- Downrods (5", 10", 14" options)
- Mounting Bracket
- Hardware Pack (screws, washers, wire nuts)
- Canopy

Image: All components included in the QUTWOB 42" Wood Ceiling Fan package.

4. INSTALLATION INSTRUCTIONS

Follow these steps for proper installation. It is recommended to have a second person assist during installation.

1. **Prepare for Installation:** Turn off power at the circuit breaker. Ensure the mounting location is suitable and can support the fan's weight.
2. **Install Mounting Bracket:** Secure the mounting bracket to the ceiling junction box using appropriate screws and washers.
3. **Assemble Downrod:** Select the desired downrod length (5", 10", or 14"). Feed the electrical wires from the fan motor through the downrod.
4. **Attach Blades:** Securely attach the three solid wood blades to the motor housing using the provided screws.
5. **Hang the Fan:** Carefully lift the fan assembly and hang it from the mounting bracket. Ensure the downrod ball is seated correctly in the bracket.
6. **Wire Connections:** Connect the electrical wires from the fan to the household wiring according to the wiring diagram in the detailed manual. Ensure all connections are secure with wire nuts.
7. **Install Light Kit:** Connect the LED light kit wires to the fan motor wires. Secure the light kit to the bottom

of the motor housing.

- Secure Canopy:** Slide the canopy up to the ceiling and secure it to the mounting bracket with screws, ensuring all wires are tucked inside.

5. OPERATING INSTRUCTIONS

Your QUTWOB ceiling fan is operated using the included remote control. Ensure the remote has working batteries.

5.1 Remote Control Functions

- **Power On/Off:** Press the power button to turn the fan on or off.
- **Fan Speed:** Select from 6 speed settings (1-6) to adjust airflow.

- **Light On/Off/Dim:** Control the integrated LED light. The light offers 3 color temperatures (Warm, Neutral, Cool) and can be dimmed.
- **Forward/Reverse Rotation:** Use the F/R button to switch between summer mode (downward airflow for cooling) and winter mode (upward airflow for air circulation).
- **Timer:** Set the fan to turn off automatically after 1, 2, or 4 hours.

5.2 Airflow Modes

Image: Summer mode circulates air downward for cooling; Winter mode circulates air upward to purify and distribute warm air.

5.3 Light Temperature Adjustment

3 Color Temperature Selectable

Meet your needs in different scenarios

Image: The LED light offers three color temperature options: 3000K (Warm), 4500K (Neutral), and 6000K (Cool).

6. MAINTENANCE

Regular maintenance ensures optimal performance and longevity of your ceiling fan.

- **Cleaning:** Periodically clean the fan blades and motor housing with a soft, damp cloth. Do not use abrasive cleaners or solvents.
- **Tighten Screws:** Check all screws on the fan blades and mounting hardware annually to ensure they are tight. Loose screws can cause wobbling and noise.
- **Light Kit:** The LED light kit is designed for long life and typically does not require replacement. If issues arise, contact customer support.

7. TROUBLESHOOTING

If you encounter issues with your fan, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Fan does not start	No power to the fan; Loose wire connections; Remote control battery low.	Check circuit breaker; Verify all wire connections are secure; Replace remote control batteries.
Fan wobbles	Loose blade screws; Improperly balanced blades; Mounting bracket not secure.	Tighten all blade screws; Use a balancing kit (not included) to balance blades; Ensure mounting bracket is firmly attached to the ceiling.
Light does not work	Loose wire connection in light kit; Faulty LED driver.	Check light kit wiring; Contact customer support for assistance.
Remote control not working	Low battery; Remote not paired with fan.	Replace remote battery; Refer to the full manual for remote pairing instructions.
Fan noise is too loud	Loose screws; Internal motor issue.	Check and tighten all screws; If noise persists, contact customer support.

8. SPECIFICATIONS

Feature	Detail
Brand	QUTWOB
Model Number	DY-1695-42BD
Product Dimensions	42"D x 42"W x 15.7"H
Color	Black body+Dark Walnut
Material	Wood (Blades)
Electric Fan Design	Ceiling Fan
Power Source	AC/DC
Special Feature	Air Purifying Ceiling Fan, Quiet DC Motor
Number of Blades	3
Number of Speeds	6
Controller Type	Remote Control
Light Type	LED (1500 lumens, 15W, 3 color temperatures)
Noise Level	Below 30 dB (at maximum speed)

Feature	Detail
Indoor/Outdoor Usage	Indoor

9. WARRANTY AND SUPPORT

QUTWOB is committed to providing high-quality products and excellent customer service.

- **Motor Warranty:** QUTWOB motors come with a 10-year warranty.
- **Full Machine Warranty:** Enjoy a 3-year worry-free guarantee for the entire machine.
- **Remote Control Replacement:** If the remote control is lost or damaged, we will provide a free replacement.

For any questions, concerns, or warranty claims, please contact QUTWOB customer service through the retailer where you purchased the product or visit the official QUTWOB store online.
