2. Safety Information

Please read and understand all safety warnings before beginning assembly.

- **Choking Hazard:** This product contains small parts and is **not suitable for children under 3 years** due to potential choking hazards.
- **Adult Supervision:** Adult supervision is recommended during assembly, especially for younger children.
- **Material:** The blocks are made of plastic. Do not ingest.
- **Disposal:** Dispose of packaging materials responsibly.

3. Package Contents

Before starting assembly, verify that all components are present in your package:

- 692 interlocking building blocks for the UH-60 Black Hawk helicopter.
- 4 minifigures with accessories.
- Full-color instruction manual for step-by-step assembly.
- One small green dragon accessory (gift).

4. Assembly Instructions

The Sluban Modelbricks UH-60 Black Hawk building set comes with a comprehensive full-color instruction manual. Follow the steps outlined in the included manual carefully for optimal assembly.

General Assembly Tips:

- **Organize Blocks:** Before starting, sort the blocks by color, size, or type to simplify the building process.
- **Follow Steps Sequentially:** Build the model step-by-step as shown in the instruction manual. Do not skip steps.
- **Secure Connections:** Ensure each block is firmly pressed into place to create a stable and durable structure. Some blocks may require a firm press to connect properly.

- **Refer to Images:** Use the detailed images in the instruction manual as a visual guide for each step.

6. Care and Maintenance

To ensure the longevity and appearance of your Sluban Modelbricks UH-60 Black Hawk model, follow these care guidelines:

- **Cleaning:** Dust the model regularly with a soft, dry cloth. For more thorough cleaning, use a slightly damp cloth with mild soap and water, then dry immediately. Avoid harsh chemicals or abrasive cleaners.
- **Storage:** Store the model in a cool, dry place away from direct sunlight to prevent discoloration and material degradation.
- **Handling:** Handle the model with care to avoid accidental disassembly or damage to delicate parts.

7. Troubleshooting

If you encounter any issues during assembly or with the completed model, consider the following:

- **Blocks Not Clicking:** Some blocks may require more force to connect securely. Ensure proper alignment and apply firm, even pressure. If a block consistently fails to connect, check for any deformities or excess material.
- **Missing Pieces:** Carefully check all packaging materials and the building area. If a piece is genuinely missing, refer to the customer support section for assistance.
- **Structural Instability:** Re-examine the most recently assembled sections in the instruction manual to ensure all connections are correct and firm. Incorrectly placed blocks can lead to instability.
