Yaheetech 71.5in Multi-Level Cat Tree Tower Instruction Manual

Model: YT-00124722-71

1. Introduction

This manual provides detailed instructions for the assembly, operation, and maintenance of your Yaheetech 71.5-inch Multi-Level Cat Tree Tower. Please read all instructions carefully before assembly and use to ensure proper setup and safety for your pets.

2. Safety Information

- Ensure all parts are securely fastened before allowing pets to use the cat tree.
- Place the cat tree on a flat, stable surface to prevent tipping.
- Keep small children away from the cat tree during assembly and ensure they do not climb on it.
- Regularly inspect the cat tree for loose or damaged parts and tighten or replace as necessary.
- This product is designed for indoor use only.

3. Package Contents

Verify that all components listed below are present before beginning assembly. If any parts are missing or damaged, please contact customer support.

Part	Description	Quantity

Hammock	Soft hanging bed	1
Dangling Balls	Play toys	2
Hardware	Screws, bolts, Allen wrench	1 set
Instruction Manual	This document	1

4. Assembly Instructions

Assembly is required. The accompanying instructions will guide you through the installation process. An Allen wrench is included; no additional power tools are typically needed.

4.1. Assembly Overview Video

Video: Official Yaheetech assembly guide for the 71.5-inch cat tree tower. This video demonstrates the step-by-step process of putting together the cat tree, including attaching posts, platforms, and accessories.

4.2. Step-by-Step Assembly

1. **Prepare the Base:** Lay the largest base board flat on the floor. Attach the initial scratching posts to the designated holes on the base.
2. **Build Lower Levels:** Secure the first set of platforms and condos to the posts. Ensure all screws are tightened.
3. **Install Ramp and Hammock:** Attach the carpeted ramp and the soft hammock to their respective positions.
4. **Construct Upper Levels:** Continue adding posts, platforms, and the second condo, working your way upwards.
5. **Attach Top Perches:** Secure the two padded perches at the highest points of the tower.
6. **Add Accessories:** Hang the dangling balls from the designated spots.
7. **Final Check:** Double-check all connections to ensure stability and tightness.

For visual guidance, refer to the assembly video above or the detailed diagrams provided in the printed manual.

5. Product Features

The Yaheetech 71.5in Multi-Level Cat Tree Tower is designed to provide a comprehensive activity center for your cats. Key features include:

- **Multi-Level Design:** Offers various heights for climbing, playing, and resting.
- **Cozy Condos:** Two enclosed spaces provide privacy and security for napping.
- **Padded Perches:** Two well-padded top perches with raised edges offer comfortable lounging spots.
- **Scratching Posts:** Five sisal rope coiled posts encourage natural scratching behavior, protecting furniture.
- **Ramp:** A carpeted ramp provides easy access to different levels, especially for kittens or older cats.
- **Hammock:** A large, comfortable hammock for relaxing.

- **Dangling Toys:** Two fluffy dangling balls provide interactive play.

6. Operating Instructions

Once assembled, place the cat tree in a location where your cat feels comfortable and safe. Cats often prefer locations near windows for observation or in quiet corners for security.

- Encourage your cat to explore the tree by placing treats or toys on different levels.
- Show your cat the scratching posts by gently guiding their paws to the sisal rope.
- Allow your cat to acclimate to the new structure at their own pace.

7. Maintenance

Regular maintenance will extend the life of your cat tree and ensure a hygienic environment for your pets.

- **Cleaning:** Hand wash only. Use a damp cloth and mild detergent to spot clean soiled areas. Avoid harsh chemicals.
- **Vacuuming:** Regularly vacuum the plush surfaces to remove loose fur and dust.
- **Inspection:** Periodically check all screws and connections for tightness. Tighten any loose parts to maintain stability.
- **Scratching Post Care:** If sisal rope becomes worn, consider rotating posts or replacing them if severely damaged to maintain effective scratching surfaces.

8. Troubleshooting

- **Instability:** Ensure the cat tree is placed on a level surface. Check and tighten all screws. If instability persists, consider anchoring the tree to a wall (anchoring hardware not included).
- **Cat Not Using Tree:** Place familiar toys or treats on the tree. Use catnip to attract your cat. Ensure the tree is in a location your cat prefers.
- **Excessive Shedding from Plush:** This is common with new plush products. Regular vacuuming will reduce shedding over time.

9. Specifications

Attribute	Detail
Model Number	YT-00124722-71
Dimensions (LxWxH)	24 x 19 x 71.5 inches
Item Weight	40.9 pounds
