

ELECOM M-XGS30BBSK BK

ELECOM Wireless Mouse EX-G Bluetooth Silent S-size 5-button Multi-pairing M-XGS30BBSK BK User Manual

INTRODUCTION

Thank you for purchasing the ELECOM Wireless Mouse EX-G Bluetooth Silent S-size 5-button Multi-pairing, model M-XGS30BBSK BK. This ergonomic mouse is designed to provide a comfortable and strain-free experience, developed in collaboration with orthopedic surgeons. It features silent clicks, multi-pairing capabilities, and an antimicrobial surface for enhanced hygiene. This manual will guide you through the setup, operation, and maintenance of your new mouse.

握りの極み“EX-Gシリーズ”は
自然な手の形で持てる形状を追求した結果
“**握らないマウス**”へと進化しました

KEY FEATURES

- **Ergonomic Design:** Co-developed with orthopedic surgeons, the EX-G series mouse is shaped to fit the natural curve of your hand, minimizing strain on wrist and finger muscles. This design has been certified by the AskDoctors evaluation service, with 99% of 100 doctors recommending it.

握ってないような心地よさ

マウスを動かす手の筋に最適な角度と形状で
手首と指にかかる負担を極限まで抑えています

- **Silent Click Switches:** Equipped with Panasonic silent switches for left and right clicks, as well as the scroll wheel, allowing for quiet operation in any environment, such as during web conferences or in shared workspaces.

静かなクリック音

カチカチと音が響かないので、WEB 会議中などでも周りに配慮しながら使用できます

Image: A close-up of the internal Panasonic silent click switches and a user operating the mouse quietly.

- **Multi-pairing Functionality:** Connects to up to two Bluetooth-compatible devices simultaneously. Easily switch between paired devices with a dedicated button.

Bluetooth®タイプ

ポートを塞がずに配線でき、最大2台まで
接続可能なマルチペアリング機能搭載しています

Image: Illustration of the multi-pairing feature, showing indicator lights (white for device 1, green for device 2) for switching connections.

- **Antimicrobial Surface:** The mouse body and printed parts are treated with an antimicrobial coating to inhibit bacterial growth, keeping the mouse clean.

抗菌加工

抗菌加工により、マウスの表面に付着した菌の繁殖を抑えて清潔に保ちます

※抗菌範囲：マウス筐体、印刷部分

※表面上における細菌の増殖を抑制、あるいは阻害する性能を有したもの、財団法人日本規格協会 (JSA) が定める抗菌性試験に準拠したものです。

SETUP

1. Battery Installation

1. Open the battery cover located on the underside of the mouse.
2. Insert one AAA alkaline battery (included) into the battery compartment, ensuring correct polarity (+/-).
3. Close the battery cover securely.

2. Bluetooth Pairing

1. Turn on the mouse using the power switch on the bottom.
2. Press and hold the pairing button on the bottom of the mouse until the LED indicator starts flashing (e.g., white for device 1, green for device 2).
3. On your computer or device (Windows, macOS, Android, iOS, iPadOS, ChromeOS), navigate to the Bluetooth settings.
4. Search for available Bluetooth devices and select "ELECOM EX-G" or a similar name.
5. Follow any on-screen prompts to complete the pairing process. The LED indicator on the mouse will stop flashing and remain solid when successfully paired.
6. To pair a second device, repeat steps 2-5, ensuring the mouse is in the correct pairing mode (e.g., green LED for device 2).

OPERATING INSTRUCTIONS

Basic Mouse Functions

- **Left Click:** Primary selection and activation.
- **Right Click:** Opens context menus.
- **Scroll Wheel:** Scrolls content vertically. Pressing the scroll wheel often acts as a middle click.
- **Forward/Back Buttons:** Located on the side, these buttons allow for quick navigation in web browsers and file explorers.

Switching Between Paired Devices

If you have paired the mouse with two devices, press the device switching button (usually located near the pairing button on the bottom or a dedicated button on top) to toggle between Device 1 (white LED) and Device 2 (green LED).

DPI Adjustment

The mouse has a maximum sensitivity of 2000 dpi. While there isn't a dedicated DPI switch mentioned, sensitivity can typically be adjusted through your operating system's mouse settings for personalized control.

MAINTENANCE

Cleaning

- Wipe the mouse surface with a soft, dry cloth.
- For stubborn dirt, lightly dampen the cloth with water or a mild, non-abrasive cleaner. Avoid harsh

chemicals.

- Do not allow liquids to enter the mouse body.

Battery Replacement

When the mouse performance degrades or the indicator light suggests low battery, replace the AAA battery following the installation steps in the Setup section.

TROUBLESHOOTING

- **Mouse not responding:**
 - Check if the power switch on the bottom of the mouse is ON.
 - Ensure the battery is correctly installed and not depleted. Replace if necessary.
 - Verify that the mouse is paired with the correct device (check the LED indicator for Device 1 or 2).
 - Try re-pairing the mouse with your device.
- **Erratic cursor movement:**
 - Clean the optical sensor on the bottom of the mouse.
 - Ensure you are using the mouse on a suitable surface. Avoid highly reflective or transparent surfaces.
 - Check for interference from other wireless devices.
- **Scroll wheel issues (e.g., scrolling in the wrong direction, jumping):**
 - This can sometimes indicate a hardware issue. Ensure the scroll wheel is clean and free of debris.
 - If the issue persists, contact customer support.
- **Cannot connect to a second device:**
 - Ensure the mouse is in the correct pairing mode for the second device (green LED).
 - Confirm your device's Bluetooth is enabled and discoverable.

SPECIFICATIONS

Brand	ELECOM
Model Number	M-XGS30BBSKBK
Color	Black
Connectivity Technology	Bluetooth
Special Features	Ergonomic Design, Silent, Multi-pairing, Wireless
Movement Detection Technology	Optical
Number of Buttons	5
