TALOYA 9008

TALOYA Ceiling Fan with Lights and Remote Control User Manual

Model: 9008 | Brand: TALOYA

1. INTRODUCTION

This manual provides detailed instructions for the installation, operation, and maintenance of your TALOYA 42-inch Multifunctional Quiet Ceiling Fan with Lights and Remote Control. Please read this manual thoroughly before installation and use to ensure safe and efficient operation.

2. PRODUCT FEATURES

- **Multifunctional Quiet Fan:** Features 6 speeds and 3 timer settings (1h, 2h, 4h). Equipped with a high-quality DC motor for quiet operation, suitable for bedrooms and study areas.
- **Reversible Blades:** Allows switching between downward airflow for summer cooling and upward airflow for winter heat distribution.
- **High Brightness and Three Color Temperature:** Integrated LED light fixture offers three color temperature settings (Warm, Neutral, Cool) and high brightness, providing soft, non-blinding illumination for various scenes.
- **Remote Control:** Full control over fan speeds, light settings, and timer functions from anywhere in the room.
- **Easy Installation:** Designed for straightforward installation by a single person, reducing installation costs.

Room Size: 10ft.X 10ft.to 15ft.X 15ft.

3. PACKAGE CONTENTS

Upon opening the package, verify that all components are present and undamaged.

- Fan Motor Assembly
- Blade Arms (3)
- Blades (3) - Dual finish (Wood Grain / Black)
- Lamp (LED Light Kit)
- Remote Control
- Controller (Receiver)
- Hanger Bracket
- Mounting Hardware (Blade Arm Screws, Blade Screws, Ceiling Screws)
- Instruction Manual

Image: Close-up view of various fan components, including the light, motor housing, and blade attachment points.

4. SETUP AND INSTALLATION

Before beginning installation, ensure the power supply to the ceiling fan location is turned off at the circuit breaker. It is recommended to have a qualified electrician perform the installation if you are unsure about any steps.

4.1. Assembling the Fan Blades

1. Attach each blade arm to a fan blade using the provided blade screws.
2. Fasten the assembled blade arms to the fan motor assembly using the motor assembly screws. Ensure all screws are tightened securely.

4.2. Connecting the Light

1. Connect the wires of the light kit to the corresponding wires on the fan motor assembly. Refer to the wiring display for correct connections.
2. Carefully attach the light kit to the bottom of the fan motor assembly.

4.3. Installing the Hanger Bracket

1. Unscrew the two hanger bracket screws mounted at the unnotched screw holes on both sides of the fan motor assembly and rotate to remove the bracket.
2. Install the hanger bracket to the ceiling junction box. Secure it with at least 4 ceiling screws, ensuring the bracket is stable and will not shake after installation.

4.4. Wiring the Fan to the Ceiling

1. Connect the live wire, neutral wire, and ground wire from the ceiling to the controller.
2. Connect the wires of the same color from the controller to the fan motor assembly.

4.5. Mounting the Fan

1. Carefully hook the fan assembly onto the hook of the installed hanger bracket.
2. Tighten the fan to the hanger bracket using the remaining screws. Ensure all connections are secure before restoring power.

5. OPERATING INSTRUCTIONS

The TALOYA ceiling fan is operated using the included remote control. Ensure batteries are installed correctly in the remote control.

5.1. Remote Control Functions:

- **Power On/Off:** Press the power button to turn the fan and light on or off.
- **Fan Speed Control:** Select from 6 fan speeds (1-6) to adjust airflow. Speed 1-2 is ideal for sleeping/reading, 3-4 for leisure/work, and 5-6 for sports/fitness.
- **Light Control:**
 - **Light On/Off:** Toggle the light on or off.
 - **Color Temperature Adjustment:** Cycle through Warm Light (3000K), Neutral Light (4500K), and Cool Light (6000K) settings.
- **Timer Settings:** Set the fan to automatically turn off after 1 hour, 2 hours, or 4 hours.
- **Reversible Function:** Activate the reversible mode to change the direction of airflow for seasonal comfort (downward for summer, upward for winter).

6. MAINTENANCE

Regular maintenance ensures the longevity and optimal performance of your ceiling fan.

- **Cleaning:** To avoid damage to the finish, clean the fan with a soft, damp cloth. Do not use abrasive cleaners or solvents.
- **Blade Care:** Periodically check the fan blades for dust accumulation. Clean them gently to maintain balance and prevent wobbling.
- **Tighten Screws:** Over time, some screws may loosen. Periodically check and tighten all screws on the fan blades and mounting bracket to ensure safe operation.
- **Light Source:** The integrated LED light source is designed for long life and typically does not require replacement.

7. TROUBLESHOOTING

If you encounter issues with your TALOYA ceiling fan, refer to the following common troubleshooting steps:

Problem	Possible Cause	Solution
Fan does not operate	No power to the fan; Loose wiring; Remote control battery dead.	Check circuit breaker; Verify all wiring connections are secure; Replace remote control batteries.
Light does not work	Loose wiring; Light kit connection issue.	Check light wiring connections; Ensure light kit is properly seated and connected.
Fan wobbles	Loose blade screws; Unbalanced blades; Loose mounting bracket.	Tighten all blade screws; Check blade balance and adjust if necessary; Ensure mounting bracket is securely fastened to the ceiling.
Remote control not responding	Batteries dead or incorrectly inserted; Remote not paired with fan.	Replace batteries, ensuring correct polarity; Refer to remote pairing instructions in the full manual (if applicable).
Light color constantly changes	This is a feature, not a malfunction. The light cycles through color temperatures when turned on/off rapidly.	Select your desired light color after turning the light on. Avoid rapid on/off toggling if you wish to maintain a specific color.

If problems persist after attempting these solutions, please contact TALOYA customer support for assistance.

8. SPECIFICATIONS

Attribute	Detail
Brand	TALOYA
Model Name	S3
Item Model Number	9008
Color	Black
Size	42 inch
Product Dimensions	42"D x 42"W x 10"H
Electric Fan Design	Ceiling Fan
Power Source	AC
Wattage	50 watts

Attribute	Detail
Voltage	120 Volts
Number of Blades	3
Air Flow Capacity	1364 Cubic Feet Per Minute
Noise Level	28 dB
Control Method	Remote
Light Type	LED
Installation Method	Flush Mount
Indoor/Outdoor Usage	Indoor
Special Features	Remote Controlled, LED Light, Timer, 3 Color Temperature
Recommended Uses	Cooling, Air Circulation
Date First Available	August 10, 2023

Product Size
