- Pyle 61 Key Electric Keyboard Piano
- Adjustable Keyboard Stand
- Padded Keyboard Stool
- Music Book Rack
- Headphones
- Power Adapter
- USB Cable

SETUP

1. Assembling the Keyboard Stand

The adjustable keyboard stand provides stable support for your instrument. Follow these steps for assembly:

1. Unfold the main frame of the stand.
2. Attach the crossbars securely.
3. Adjust the height using the adjustable height knob to a comfortable playing position. Ensure the rubber feet are firmly on the ground for secure grip.

2. Assembling the Keyboard Stool

The padded stool offers comfort during extended playing sessions. Assembly is straightforward:

1. Unfold the stool legs until they lock into place.
2. Adjust the stool height using the knob on the side for optimal comfort relative to the keyboard.
3. Ensure the rubber feet are stable on the floor.

3. Connecting Power and Accessories

Once the stand and stool are set up, place the keyboard on the stand and connect the necessary cables.

- **Power:** Connect the power adapter to the DC IN port on the back of the keyboard and then to a wall outlet.
- **Headphones:** For private practice, plug the included headphones into the 3.5mm headphone jack.
- **Microphone:** If using the karaoke function, connect a microphone to the dedicated mic input jack.
- **USB:** For connecting to a computer or other devices, use the USB port.
- **Music Stand:** Insert the music book rack into the designated slots on the top of the keyboard.

MULTIPLE INPUTS & OUTPUTS

Connect the supplied or you own headphones into the keyboard for private practice. Attach a microphone to sing along through the speakers or even connect your mobile device or USB to play along to your own favorite songs

Sound and Style Selection

- **Sounds (Tones):** The keyboard features 255 different sounds. Use the **TONE** selection buttons to browse and select desired instrument sounds.
- **Styles (Rhythms):** Choose from 255 preset rhythm styles using the **STYLE** selection buttons. These provide backing tracks for your playing.
- **Demo Songs:** Access 50 built-in demo songs to listen or play along with.

Special Functions

- **Karaoke Function:** Connect a microphone to the mic input and use the built-in karaoke features to sing along with your playing or streamed music.
- **Bluetooth Connectivity:** Pair your mobile device via Bluetooth to stream music through the keyboard's built-in speakers. This allows you to play along with your favorite songs.
- **Record & Playback:** Use the record function to capture your performances and the playback function to review them. This is useful for practice and self-assessment.
- **Teaching Functions:** The keyboard includes various teaching modes designed to assist beginners in

learning to play. Refer to the on-screen prompts and specific teaching mode instructions for details.

- **Split Keyboard:** This function allows the keyboard to be divided into two sections, each with its own tone, enabling two players or different instrument sounds on each half.
- **Sustain Function:** Adds a decaying effect to notes, similar to a piano's sustain pedal.
- **Vibrato Function:** Adds a slight, rapid fluctuation in pitch to notes, creating a wavering effect.
- **Auto Chord Function:** Simplifies playing chords by automatically generating full chords from single key presses.
- **Metronome:** Provides a steady beat to help with rhythm and timing during practice.

- Sustain Functions, Vibrato Function, Keyboard Split Function
- 255 Styles/ 255 Sounds
- Audio Interface: Aux (3.5mm) Output Jack / Mic Input

ALL-IN-ONE DIGITAL PIANO FOR BEGINNERS

Audio Output

- **Built-in Speakers:** The keyboard features 4-inch 20W stereo surround sound speakers for clear audio output.
- **External Speakers:** For louder sound or larger performances, the keyboard can be connected to external speakers via the Aux 3.5mm output.

STEREO SURROUND SOUND

The 4-inch 20W stereo surround sound speakers make the sound soft and perfect, it can also connected to headphones and microphones.

Image: A close-up of one of the keyboard's built-in speakers, emphasizing its stereo surround sound capability.

MAINTENANCE

- **Cleaning:** Use a soft, dry cloth to clean the surface of the keyboard. Avoid using abrasive cleaners or solvents.
- **Storage:** When not in use, store the keyboard in a cool, dry place away from direct sunlight and extreme temperatures.
- **Handling:** Handle the keyboard with care to prevent damage to keys, buttons, and internal components. Avoid dropping or subjecting it to strong impacts.
- **Power Disconnection:** Always disconnect the power adapter from the wall outlet when the keyboard is not in use for extended periods or during electrical storms.

TROUBLESHOOTING

Problem	Possible Cause	Solution
No sound from keyboard.	Volume too low; headphones connected; power issue.	Increase volume; unplug headphones; ensure power adapter is securely connected and outlet is functional.
Bluetooth not connecting.	Keyboard not in pairing mode; device too far; interference.	Ensure keyboard's Bluetooth is active and in pairing mode; move device closer; restart both devices.
Keys not responding.	Keyboard may be in a specific mode (e.g., demo mode); power issue.	Restart the keyboard; check if any specific function is active that disables normal key play.

TECHNICAL SPECIFICATIONS

Feature	Specification
