3. SETUP INSTRUCTIONS

3.1 Charging the Devices

Both the keyboard and mouse are USB-C rechargeable. Before first use, ensure both devices are fully charged.

1. Connect the provided USB-C charging cable to the charging port on the keyboard and mouse.
2. Connect the other end of the cable to a USB power source (e.g., computer USB port, wall adapter).
3. A full charge typically takes approximately 2 hours.
4. The devices offer a standby time of up to 150 days on a full charge.

3.2 Pairing via Bluetooth

Follow these steps to pair your keyboard and mouse with your device (Laptop, Tablet, Smartphone):

1. **For the Mouse:** Locate the power switch on the bottom of the mouse and slide it to the "ON" position. The mouse will enter pairing mode automatically or by pressing a dedicated pairing button if available.
2. **For the Keyboard:** Open the foldable keyboard. It may automatically power on. Press and hold the "Connect" button (often indicated by a Bluetooth icon or "Connect" text) on the keyboard until the indicator light starts blinking, signifying it's in pairing mode.
3. On your device (laptop, tablet, or smartphone), go to the Bluetooth settings.
4. Search for available Bluetooth devices. You should see "MEETION Keyboard" and "MEETION Mouse" (or similar names) appear in the list.
5. Select each device one by one to pair. Follow any on-screen prompts, such as entering a pairing code.
6. Once successfully paired, the indicator lights on the keyboard and mouse will stop blinking and remain solid or turn off, depending on the model.

4. OPERATING INSTRUCTIONS

4.1 Using the Keyboard

The foldable keyboard provides a full QWERTY layout for efficient typing. Due to its compact, foldable design, some key

placements may differ slightly from a standard full-sized keyboard. Users may need a brief adjustment period.

- **Automatic Wake/Sleep:** The keyboard automatically wakes up when unfolded and enters sleep mode when folded, thanks to sensitive magnetic induction.
- **Quiet Typing:** The keys are designed for quiet operation, minimizing noise during use.

4.2 Using the Mouse

The mini Bluetooth mouse offers precise control for navigation and clicking.

- **Quiet Clicking:** The mouse buttons are designed for quiet clicks, providing a silent user experience.
- **Portability:** Its compact size makes it ideal for travel and use in various environments.

4.3 Using the Stand Holder

The included stand holder provides a stable base for your smartphone or tablet, optimizing your workspace for typing and viewing.

- Unfold the stand holder to your desired angle.
- Place your smartphone or tablet securely in the holder's groove.

5. MAINTENANCE

To ensure the longevity and optimal performance of your MEETION Foldable Keyboard and Mouse Combo, follow these maintenance guidelines:

- **Cleaning:** Use a soft, dry cloth to wipe down the surfaces of the keyboard and mouse. For stubborn dirt, slightly dampen the cloth with water or a mild, non-abrasive cleaner. Avoid excessive moisture.
- **Storage:** When not in use, fold the keyboard and store both devices in the provided portable leather case to protect them from dust, spills, and physical damage.
- **Battery Care:** To prolong battery life, avoid fully discharging the devices frequently. Recharge them when the

battery indicator is low. If storing for an extended period, charge them to about 50% before storage.

- **Avoid Extreme Conditions:** Do not expose the devices to extreme temperatures, direct sunlight, or high humidity.

6. TROUBLESHOOTING

If you encounter issues with your MEETION Foldable Keyboard and Mouse Combo, please refer to the following common solutions:

6.1 Device Not Connecting/Pairing

- **Check Power:** Ensure both the keyboard and mouse are powered on and have sufficient battery charge.
- **Re-enter Pairing Mode:** Turn off the device, then turn it back on and re-enter pairing mode (refer to Section 3.2).
- **Forget Device:** On your host device (laptop/tablet), "forget" or "remove" the keyboard/mouse from your Bluetooth device list, then attempt to pair again.
- **Restart Devices:** Restart your host device and the keyboard/mouse.
- **Interference:** Move closer to your host device and away from other wireless devices that might cause interference.

6.2 Keyboard Typing Incorrectly or Not Responding

- **Battery Level:** Check if the keyboard battery is low and recharge if necessary.
- **Bluetooth Connection:** Ensure the keyboard is still connected via Bluetooth. If not, re-pair it.
- **Operating System Settings:** Verify that your device's operating system keyboard settings are correct (e.g., language layout).

6.3 Mouse Not Responding or Cursor Jumps

- **Battery Level:** Check if the mouse battery is low and recharge if necessary.
- **Surface:** Ensure you are using the mouse on a suitable, non-reflective surface.
- **Bluetooth Connection:** Ensure the mouse is still connected via Bluetooth. If not, re-pair it.
- **Optical Sensor:** Check the optical sensor on the bottom of the mouse for any obstructions or dirt.
