SETUP

1. Insert TF Card

Locate the TF card slot on the device. Gently insert the provided 32GB TF card until it clicks into place. Ensure the card is inserted correctly to enable photo and video storage.

Video: Instructions on inserting the TF card into the night vision binoculars.

2. Charging the Device

Connect the provided Type-C USB charging cable to the device's charging port and the other end to a compatible USB power source. The battery indicator on the screen will show charging status. A full charge provides extended operation time.

3. Attaching the Neck Strap

Attach the neck strap to the designated attachment points on the binoculars. This allows for convenient carrying and helps prevent accidental drops.

Video: Demonstrating how to attach the neck strap for secure carrying.

OPERATING INSTRUCTIONS

1. Power On/Off

To power on the device, long-press the power button located on the top. The WOSPORTS logo will appear on the screen. To power off, long-press the power button again.

2. Mode Selection

Short-press the
