HOGOKIDS 8835

HOGOKIDS City Police Station Building Set Instruction Manual

Model: 8835

Introduction

This manual provides detailed instructions for the assembly, operation, and maintenance of your HOGOKIDS City Police Station Building Set. This 1260-piece construction toy is designed to engage children aged 8-12+ in STEM learning through creative play, allowing them to build a comprehensive police station with various vehicles and accessories.

Image: The complete HOGOKIDS City Police Station Building Set, showcasing the main police station structure, a helicopter, a police car, a police motorcycle, and a bandit car, along with the product packaging.

The set includes a two-story police station center, a helicopter, a city police vehicle, a bandit car, a police motorbike, and a police dog figure, along with various weapon accessories. It encourages imaginative play scenarios where children can simulate police officers catching criminals and protecting the city.

Components Overview

Before beginning assembly, ensure all components are present. The set contains 1260 building pieces to construct the police station and its accompanying vehicles and figures.

- Two-story Police Station Building
- Police Helicopter
- City Police Vehicle
- Bandit Car
- Police Motorbike
- Police Dog Figure
- Various Weapon Accessories
- Instruction Manual (this document)

- Sticker Sheet for detailed aesthetics

Setup and Assembly

Follow the step-by-step instructions provided in the included user guide to assemble the HOGOKIDS City Police Station Building Set. It is recommended to sort pieces by color and type before starting to facilitate the building process.

1. **Unpack Components:** Carefully open the packaging and lay out all bags of building blocks. Verify that all 1260 pieces are present by cross-referencing with the parts list in the printed manual.
2. **Sort Pieces:** Organize the building blocks by color, size, or type into separate containers to make them easier to find during assembly.
3. **Follow Instructions:** Refer to the detailed, step-by-step pictorial instructions in the physical user guide. Each step illustrates which pieces are needed and how they connect.

4. **Assemble Main Police Station:** Begin with the foundation of the two-story police station. Pay attention to the structural elements and the placement of windows and doors.
5. **Construct Vehicles:** Assemble the police helicopter, city police vehicle, bandit car, and police motorbike according to their dedicated sections in the manual.
6. **Add Details and Accessories:** Integrate the police dog figure, weapon toys, and apply the provided stickers to enhance the realism and aesthetic of the completed model.

The building process is designed to improve logical thinking, hand-eye coordination, and problem-solving skills.

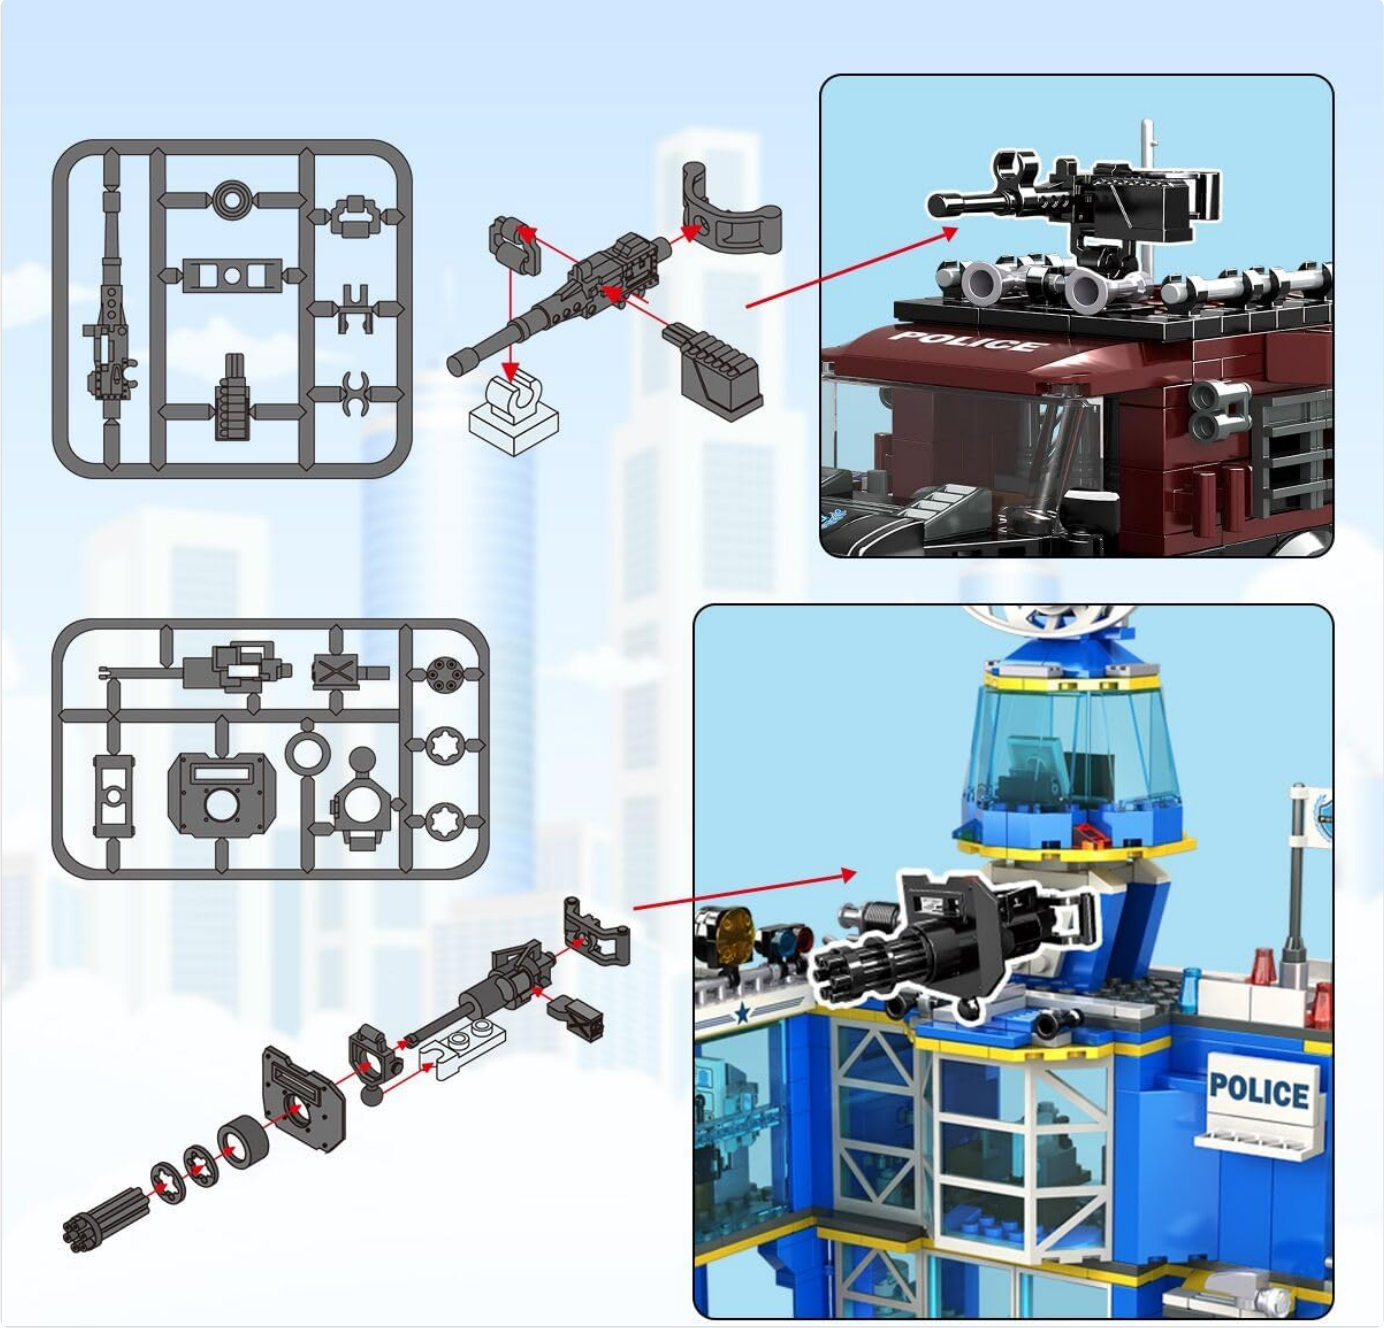

Image: Illustrative diagrams showing the assembly process for smaller components, such as a turret weapon and a machine gun, demonstrating how individual blocks combine to form detailed parts.

Operating and Play Features

Once assembled, the HOGOKIDS City Police Station offers several interactive features for enhanced play:

- **Rotatable Design:** The left side of the police station features a 90-degree rotatable design, allowing for different configurations and play scenarios.

- **Openable Doors:** The front door of the police station and the police prison doors are designed to open and close, facilitating realistic role-play.
- **Helicopter Apron:** The rooftop of the main building serves as a helicopter apron, providing a landing and takeoff area for the police helicopter.
- **Movable Vehicles:** All included vehicles (police car, bandit car, motorcycle, helicopter) are designed for interactive play, allowing children to simulate chases and patrols.

Image: A close-up view of the police station's transparent doors, showing them in an open position, indicating their functional design for interactive play.

Maintenance and Care

To ensure the longevity and cleanliness of your HOGOKIDS City Police Station Building Set, follow these maintenance guidelines:

- **Cleaning:** Use a soft, dry cloth to gently wipe down the building blocks and assembled models. For stubborn dirt, a slightly damp cloth with mild soap can be used, followed by thorough drying. Avoid harsh chemicals or abrasive cleaners.
- **Storage:** Store the building set in a cool, dry place away from direct sunlight to prevent discoloration or warping of the plastic pieces. Keep small pieces in a designated container to prevent loss.
- **Handling:** Handle the assembled models with care to avoid accidental disassembly. While durable, excessive force can cause connections to loosen.
- **Disassembly:** If disassembling the set for storage or rebuilding, do so carefully to avoid damaging the connection points of the blocks.

Troubleshooting

Missing Pieces:
If you discover any missing pieces during assembly, first double-check the packaging and surrounding area. Small pieces can sometimes be overlooked. If pieces are still missing, please contact HOGOKIDS customer support for assistance. Refer to the contact information in the Warranty & Support section.

Difficulty Connecting Blocks:
Ensure that the blocks are correctly oriented and aligned before attempting to connect them. Apply firm, even pressure. If a block consistently resists connection, check for any deformities or debris in the connection points.

Model Instability:
Review the assembly steps for the section that is unstable. Ensure all connections are secure and that no steps were skipped or incorrectly performed. The structural integrity relies on precise placement of each block.

Specifications

Feature	Detail
Product Name	HOGOKIDS City Police Station Building Set

Model Number	8835
Number of Pieces	1260 PCS
Assembled Dimensions	16.7 x 5.5 x 11.3 inches (42.3 x 14 x 28.6 cm)
