

Weehom MANTIZ-TW-PK

Weehom Princess Canopy Bed Frame Instruction Manual

Model: MANTIZ-TW-PK | Brand: Weehom

1. IMPORTANT SAFETY INFORMATION

- Please read and understand all instructions before assembling and using this product. Retain this manual for future reference.
- **Adult Assembly Required:** This product requires adult assembly. Ensure all parts are present and undamaged before beginning.
 - **Weight Limit:** Do not exceed the maximum weight capacity of 300 lbs for the Twin size bed frame.
 - **Curtain Safety:** If using decorative curtains with the canopy, always keep them away from heat sources and open flames. Keep curtains out of the reach of children and pets to prevent entanglement. Follow the manufacturer's instructions for proper care and cleaning of any curtains used.
 - **Secure Connections:** Periodically check all bolts and connections to ensure they remain tight. Loose connections can lead to instability.
 - **Level Surface:** Always place the bed frame on a flat, level surface to prevent wobbling and ensure stability.
 - **No Jumping:** Do not jump on the bed frame. This can cause damage to the frame and lead to injury.

2. PRODUCT OVERVIEW

The Weehom Princess Canopy Bed Frame (Model MANTIZ-TW-PK) is a sturdy metal platform bed designed for Twin size mattresses. It features a decorative headboard and footboard, four canopy posts, and integrated metal slats, eliminating the need for a box spring. The design allows for customization with decorative curtains and lights (not included).

Image 2.1: Assembled Weehom Princess Canopy Bed Frame with decorative curtains.

This bed frame offers two primary configurations: a standard metal bed frame or a canopy bed frame, providing versatility for your room's aesthetic.

Image 2.2: Two usage methods: normal metal bed frame and canopy bed frame.

3. PACKAGE CONTENTS

Before assembly, ensure all components listed below are present and undamaged. If any parts are missing or damaged, please contact customer support.

- Headboard Panel
- Footboard Panel
- Side Rails (Left & Right)
- Canopy Posts (4 pieces)
- Canopy Top Rails (4 pieces)
- Metal Slats
- Support Legs

- Hardware Pack (bolts, washers, nuts, Allen wrench)
- Assembly Instructions Manual

Note: Mattress and decorative curtains are not included.

4. ASSEMBLY INSTRUCTIONS

Assembly is designed to be straightforward and typically takes approximately 45 minutes with one person. All parts are clearly labeled and numbered to assist with the process. An Allen wrench is included in the hardware pack.

1. **Unpack and Identify:** Carefully unpack all components and lay them out on a clean, soft surface (e.g., a rug or blanket) to prevent scratches. Identify each part using the provided parts list.
2. **Attach Side Rails to Headboard:** Connect the side rails to the headboard using the appropriate bolts and washers. Do not fully tighten bolts until all connections are made.
3. **Attach Side Rails to Footboard:** Connect the other end of the side rails to the footboard. Ensure the headboard and footboard are facing the correct direction.
4. **Install Center Support Legs:** Attach any center support legs to the main frame as indicated in the diagram.
5. **Install Metal Slats:** Insert the metal slats into the designated slots on the side rails. Some slats may require a 90-degree rotation to lock into place securely. Ensure all slats are evenly spaced and firmly seated.

Image 4.1: Securing metal slats by rotating them 90 degrees.

6. **Tighten All Bolts:** Once all components are loosely assembled, go back and securely tighten all bolts using the provided Allen wrench. Do not overtighten.
7. **Attach Canopy Posts (Optional):** If you wish to use the canopy feature, attach the four canopy posts to the corners of the bed frame.
8. **Attach Canopy Top Rails (Optional):** Connect the canopy top rails to the top of the canopy posts to complete the canopy structure.

After assembly, gently shake the bed frame to ensure it is stable. If any wobbling occurs, recheck all connections and tighten as necessary.

5. USAGE GUIDELINES

This bed frame is designed to support a Twin size mattress directly on its metal slats, eliminating the need for a box spring. The integrated headboard and footboard help to keep the mattress firmly in place, preventing it from sliding.

The mattress is firmly fixed.

VS

Without a headboard, the mattress does slide around.

Image 5.1: The bed frame's design ensures the mattress remains fixed.

The bed frame provides 11.2 inches of under-bed clearance, offering ample space for storage bins or other items, helping to keep your room tidy.

Two Using Methods

Normal Metal Bed Frame & Canopy Bed Frame.

Image 5.2: Under-bed clearance for storage.

6. MAINTENANCE AND CARE

- **Cleaning the Frame:** Wipe the metal frame with a soft, damp cloth. Avoid using harsh chemicals or abrasive cleaners, as these can damage the powder-coated finish.
- **Curtain Care:** If using decorative curtains, refer to their specific care instructions. The general recommendation for curtains is 'Dry Clean Only' to maintain their quality and appearance.
- **Regular Inspection:** Periodically inspect all bolts, screws, and connections to ensure they are tight. Tighten any loose hardware to maintain the bed's stability and safety.
- **Avoid Excessive Moisture:** Keep the bed frame in a dry environment to prevent rust or damage to the metal.

7. TROUBLESHOOTING

If you encounter any issues with your Weehom Princess Canopy Bed Frame, refer to the following common solutions:

Problem	Possible Cause	Solution
Bed frame is wobbly or unstable.	Loose bolts or uneven floor.	Ensure all bolts are securely tightened. Move the bed to a level surface or use shims under the legs if the floor is uneven.
Squeaking noises.	Loose connections or friction between metal parts.	Tighten all bolts. Apply a small amount of lubricant (e.g., silicone spray) to connection points if squeaking persists.
Mattress slides on the frame.	Not properly seated or missing mattress stopper (if applicable).	Ensure the mattress is centered and fully seated within the frame. The headboard and footboard are designed to prevent sliding.
Missing parts during assembly.	Packaging error.	Double-check all packaging materials. If parts are genuinely missing, contact Weehom customer support immediately.

8. SPECIFICATIONS

- **Brand:** Weehom
- **Model Number:** MANTIZ-TW-PK
- **Size:** Twin
- **Product Dimensions (L x W x H):** 77.95" x 36.22" x 77.5"
- **Canopy Poles Height:** 77.56"
- **Under-bed Clearance:** 11.2 Inches
- **Material:** Metal (Powder Coated)
- **Color:** Refined Pink
- **Item Weight:** 44.1 pounds
- **Maximum Weight Capacity:** 300 lbs
- **Assembly Required:** Yes
- **Box Spring Needed:** No
