2. SAFETY INFORMATION

Your child's safety is our top priority. Please read and adhere to all safety guidelines before assembly and use.

- **Age Range:** Suitable for children aged 24 months to 5 years.
- **Weight Limit:** The maximum recommended weight is 11 pounds (5 kg) for individual components, and the overall structure is designed for toddlers within the specified age range.
- **Supervision:** Always ensure adult supervision when children are using the playground.
- **Assembly:** Ensure all parts are correctly assembled and tightened according to the instructions. Regularly check for loose parts.
- **Stability:** The package includes 4 sandbags (each holding up to 11lb) to enhance stability. Fill them with sand, rock, or bottled water and attach them to the gym feet.
- **Material Safety:** Made from high-quality pine wood with rounded corners for safety and a water-based, environmentally friendly coating.
- **Certifications:** This product is certified by CPC in the USA and CE in the EU, ensuring it meets safety standards.

4. ASSEMBLY INSTRUCTIONS

Follow these steps carefully to assemble your indoor playground. It is recommended to have two adults for certain steps. Refer to the assembly video (Video 1) for visual instructions.

4.1. Rope Net Assembly

1. Insert three Rods With Holes (C) into one Side Frame Rod (B). Secure with Short Screws (R).
2. Attach the second Side Frame Rod (B) to the other end of the Rods With Holes (C), securing with Short Screws (R).
3. Thread the Horizontal Rope (D1) through the designated holes, ensuring it is taut.
4. Weave the Vertical Rope (D2) through the horizontal ropes and secure it to form the net pattern.

4.2. Wooden Ladder Assembly

1. Insert the five Rods Without Holes (G) into one Side Frame Rod (E1).

2. Attach the three Rods With Screw Holes (F) to the Side Frame Rod (E1), securing with Short Screws (R).
3. Connect the second Side Frame Rod (E2) to the other ends of all rods (F and G), securing with Short Screws (R) where applicable.

4.3. Monkey Bars Assembly

1. Insert the two Short Rods With Holes (I) and one Short Rod Without Holes (J) into one Side Frame Rod (H1).
2. Attach the second Side Frame Rod (H2) to the other ends of the short rods, securing with Short Screws (R) where applicable.

4.4. Main Frame Assembly

1. Connect the assembled Rope Net and Wooden Ladder sections using the two Bottom Rods (A) at the base, securing with Long Screws (S).
2. Attach the assembled Monkey Bars section to the top of the main frame, securing it with Coarse Screws (T).
3. Install the two Top Side Panels (O) to the top of the main frame using Coarse Screws (T).

4.5. Swing Assembly

1. Assemble the Swing Seat (M) by inserting the four Swing Frame Rods (K) into its fabric loops.
2. Attach the Swing Ropes (L) to the Swing Seat and thread them through the Swing Adjusters (N).
3. Hang the assembled swing from the designated points on the main frame.
4. Attach the Hanging Ring (Q) to the main frame as desired.

4.6. Slide Installation

The Multifunctional Slide (X) can be attached to various rungs of the Wooden Ladder or Rope Net, allowing for adjustable height and angle. Ensure the slide is securely hooked onto the rungs before use.

5. OPERATING INSTRUCTIONS

The FUNLIO 7-in-1 Indoor Playground offers multiple activities to engage your child. Encourage exploration and active play within a safe environment.

Image 4: Overview of the 7-in-1 play features.

5.1. The 7 Play Features:

- **Slide:** The reversible slide can be used for sliding or as a climbing rock wall. Ensure it is securely attached to the frame.
- **Climbing Rock:** The reverse side of the slide features colorful climbing holds for developing strength and coordination.
- **Monkey Bars:** Located at the top of the structure, these bars allow children to practice hanging and swinging.
- **Gymnastic Rings:** Attached to the top frame, these rings provide an opportunity for upper body strength and balance exercises.
- **Swing:** The comfortable and protective swing seat offers a gentle swinging motion. Ensure the ropes are adjusted to an appropriate height for your child.
- **Ladder:** The wooden ladder provides a traditional climbing experience, aiding in coordination and strength.
- **Climbing Net:** The rope net offers a different texture and challenge for climbing, enhancing motor skills.

6. MAINTENANCE AND CARE

Proper maintenance ensures the longevity and safety of your FUNLIO Indoor Playground.

- **Cleaning:** The water-based coating makes the wood easy to clean. Use a damp cloth with mild soap and water. Avoid harsh chemicals.
- **Inspection:** Regularly inspect all screws, bolts, and ropes for tightness and wear. Tighten any loose fasteners immediately.
- **Wood Care:** The pine wood is sturdy and durable. The coating protects it from moisture. Avoid prolonged exposure to direct sunlight or extreme humidity to prevent warping or damage.
- **Storage:** While designed for indoor use, it can be used outdoors temporarily. Store indoors in a dry place when not in use to protect the wood.

7. TROUBLESHOOTING

If you encounter any issues with your FUNLIO Indoor Playground, please consider the following common solutions:

- **Instability:** Ensure all screws are tightened. Verify that the sandbags are filled and properly attached to the base for added stability.
- **Loose Parts:** Periodically check all connections. If any part feels loose, re-tighten the corresponding screws using the provided spanner.
- **Difficulty with Assembly:** Review the assembly instructions and video carefully. Ensure all parts are oriented correctly. If a part does not fit, do not force it; double-check the step.
- **Missing or Damaged Parts:** Refer to the Warranty and Support section for information on obtaining replacements.
