4. OPERATING THE DEVICE

The FOREO UFO 3 offers a range of advanced features for a comprehensive facial treatment:

- **Cooling Cryo-Therapy:** This feature helps to firm the skin, minimize pores, lock in moisture and active ingredients, reduce puffiness, and fight inflammation.
- **Warming Thermo-Therapy:** Gentle warmth boosts radiance, softens and prepares the skin, and enhances the deeper absorption of skincare ingredients.
- **T-Sonic Massage:** Pulsations gently relax facial muscle tension points and stimulate blood circulation for a revitalized complexion.
- **Full Spectrum LED Light Therapy:** Features 8 different LED colors with 'Constant' and 'Pulse' mode options to address various skin needs.

To begin a treatment, secure a UFO-Activated mask onto the device. Then, use the FOREO For You app to select a pre-programmed treatment or customize your own. The app will guide you through the process, indicating when to move the device across your face.

7. MAINTENANCE

Cleaning

After each use, remove the mask and rinse the UFO 3 device under warm running water. Gently wipe the device with a soft, lint-free cloth. Avoid using cleaning products containing alcohol, petrol, or acetone, as these may irritate the skin and damage the silicone. Ensure the device is completely dry before storing.

Charging

The FOREO UFO 3 is powered by a rechargeable Lithium-Ion battery. To charge, connect the provided USB charging cable to the device and a compatible USB power source. A full charge typically takes up to 2 hours. The device will indicate its charging status, usually through an LED light.

8. TROUBLESHOOTING

If you encounter issues with your FOREO UFO 3 device, refer to the following common solutions:

Device Not Activating

- **Battery is empty:** Recharge the device using the USB charging cable for up to 2 hours until fully charged. Then, restart your device by holding down the power button.
- **Device cannot be switched off/interface buttons do not respond:** The microprocessor may be temporarily malfunctioning. Press and hold the power button to restart the device.

Device Not Syncing to FOREO App

- Ensure your device is fully charged and that your phone's Bluetooth is turned on.
- Switch your Bluetooth off and then on again to try reconnecting.
- Close the FOREO app and then reopen it to restart the process.
- Delete and reinstall the application; the app may need an update.
- After deleting and reinstalling the app, restart your phone.
- Delete your phone's cookies and cache memory.
- Ensure your mobile operating system has been updated to the latest version.
