3. Add device (on the top of your screen)
4. Choose device series
5. Press and hold the Power button to connect your device to the mobile app
6. Fill in the purchase information

And your device is ready to use!

TROUBLESHOOTING

PRECAUTIONS TO BE TAKEN IN THE EVENT OF CHANGES IN THE PERFORMANCE OF FOREO DEVICES.

If your FOREO device is not activated when pressing the center button:

- Battery is empty. Recharge using USB charging cable for up to 2 hours until fully charged and then restart your device by holding down the power button.
If device cannot be switched off and/or interface buttons do not respond:
- Microprocessor is temporarily malfunctioning. Press and hold the power button to restart the device.

If your FOREO device won't sync to the FOREO app:

- Ensure that your device is fully charged and that your Bluetooth is turned on.
- Switch your Bluetooth off and then on again to try reconnecting.
- Close the FOREO app and then reopen it to start the process over.
- Delete and reinstall the application - perhaps the application simply needs to be updated.
- After deleting and reinstalling the application, make sure to restart your phone.
- Delete your phone's cookies and cache memory
- Ensure that your mobile's operating system has been updated to the latest version.

4. OPERATING THE DEVICE

The FOREO UFO 3 mini offers a comprehensive facial treatment experience through its integrated technologies:

- **Warming Thermo-Therapy:** This feature gently heats the skin, helping to open pores and enhance the absorption of active ingredients from your mask.
- **T-Sonic™ Massage:** Patented pulsations gently relax facial muscle tension points, improve microcirculation, and facilitate deeper penetration of skincare products.
- **Full-Spectrum LED Light Therapy:** The device incorporates 8 different LED light colors, each targeting specific skin concerns to rejuvenate and refine the complexion.

5. MAINTENANCE AND CARE

To ensure the longevity and optimal performance of your FOREO UFO 3 mini, follow these maintenance guidelines:

- **Cleaning:** After each use, wash the device with soap and water. Rinse thoroughly and pat dry with a lint-free cloth. Avoid using cleaning products containing alcohol, petrol, or acetone, as these may damage the silicone.
- **Storage:** Store your device in a cool, dry place, away from direct sunlight and extreme temperatures. Use the provided stand for convenient and hygienic storage.
- **Battery Care:** To maintain battery health, avoid fully depleting the battery frequently. Recharge the device when the battery indicator is low.

6. TROUBLESHOOTING

If you encounter issues with your FOREO UFO 3 mini, refer to the following common troubleshooting steps:

Device Not Activating (No Response from Center Button)

- **Battery Empty:** Recharge the device using the USB charging cable for up to 2 hours until fully charged. Then, restart the device by holding down the power button.
- **Device Malfunction:** If the device cannot be switched off or if interface buttons do not respond, the microprocessor may be temporarily malfunctioning. Press and hold the power button to restart the device.

Device Not Syncing to FOREO App

- Ensure your device is fully charged and that Bluetooth is turned on on your mobile device.
- Switch your Bluetooth off and then on again to attempt reconnection.
- Close the FOREO app and then reopen it to restart the connection process.
- Delete and reinstall the application; this may resolve issues related to outdated app versions.
- After deleting and reinstalling the app, restart your phone.
- Clear your phone's cookies and cache memory.
- Ensure your mobile operating system has been updated to the latest version.
