## LOVMOR S-409222X-WH-DF

# LOVMOR 2 Tier Pull Out Cabinet Organizer User Manual

Model: S-409222X-WH-DF

## INTRODUCTION

---

Thank you for choosing the LOVMOR 2 Tier Pull Out Cabinet Organizer. This manual provides essential information for the safe and efficient use of your new cabinet organizer. Designed to maximize your storage space and provide easy access to kitchen essentials, this pull-out system brings convenience and order to your cabinets. Please read these instructions carefully before assembly and installation to ensure proper setup and long-lasting performance.

## SAFETY INFORMATION

---

Always follow basic safety precautions when assembling and installing this product. Failure to do so may result in personal injury or damage to the product or cabinet.

- Ensure all components are present and undamaged before beginning assembly.
- Use appropriate tools as specified in the installation section. A screw gun is recommended for drilling holes.
- Do not overtighten screws, as this may strip the threads or damage components.
- Ensure the cabinet organizer is securely fastened to the cabinet base and back wall to prevent tipping or instability, especially when loaded.
- Do not exceed the maximum weight capacity of 50 lbs per shelf.
- Keep small parts and hardware away from children and pets.

## PACKAGE CONTENTS

---

Verify that all the following components are included in your package:

- 2 x Pull-Out Baskets (Shelves)
- 1 x Main Frame Assembly with Slide Rails
- 2 x Wooden Handles
- Mounting Hardware (Screws, Washers, etc.)
- Installation Template/Diagram

## SETUP AND INSTALLATION

---

Installation is designed to be straightforward and can typically be completed in under 20 minutes. A screw gun is the primary tool required.

### 1. Measure Your Cabinet

Before installation, accurately measure your cabinet opening. This organizer is 7.5" W x 21.5" D x 15" H. It fits cabinet openings of 9" or larger. Measure the interior width, depth, and height from hinge to the opposite side to ensure proper fit.

# Fits Cabinet Size

## FACE FRAME

Recommended width and depth for cabinets.

Minimum cabinet interior width, depth and height required.

Please measure your cabinet size before purchasing.

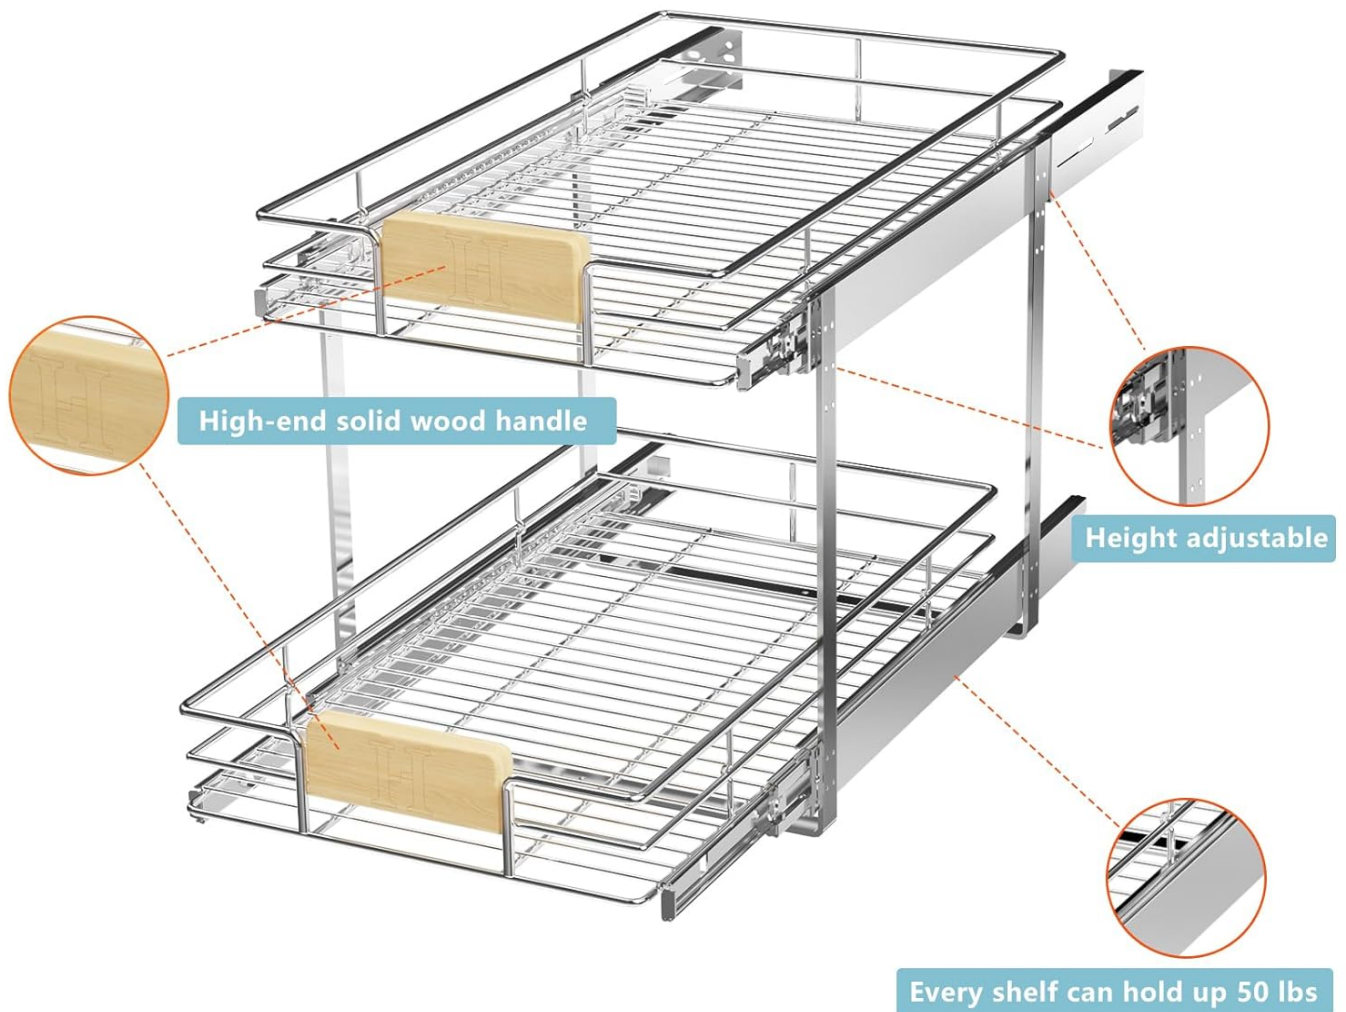

Image: Diagram illustrating how to measure cabinet dimensions for proper fit.

## 2. Assemble the Organizer

1. Attach the wooden handles to the front of each pull-out basket. Ensure the side hooks for the baskets are facing upwards as shown in the diagram.
2. Slide the baskets onto the main frame's slide rails. The upper shelf has three adjustable height options, and the lower shelf has two. Choose your desired heights based on the items you plan to store.
3. Ensure all connections are secure.

# PULLOUT ORGANIZER

BOTTOM MOUNT CHROME STEEL

*Image: Detailed view of the assembled pull-out organizer, highlighting the wooden handles and height adjustment points.*

## Pull the top or bottom open separately

Image: Diagram showing the adjustable basket installation height and overall dimensions.

### 3. Install into Cabinet

1. Position the assembled organizer inside your cabinet. Use the provided installation diagram to mark the drilling points on the cabinet base and back wall.
2. It is crucial to screw the unit into the back of the cabinet for stability. Mark the holes with the top rack in place, as this pulls the side rails together, preventing drilling holes too wide.
3. Using a screw gun, drill pilot holes at the marked locations.
4. Secure the organizer to the cabinet base and back wall using the provided mounting hardware. Ensure it is firmly attached and stable.

*Note: While the product description mentions an installation video, no specific video URL was provided in the product data. Please refer to the included paper instructions for detailed visual guidance.*

## OPERATING INSTRUCTIONS

---

The LOVMOR Pull Out Cabinet Organizer is designed for ease of use and efficient storage.

- **Pulling Out:** Gently pull the wooden handle of either the top or bottom basket to slide it out. The smooth ball-bearing system allows for full extension, providing easy access to items at the back of the cabinet.
- **Pushing In:** Push the basket back into the cabinet until it is fully retracted.
- **Adjusting Shelf Height:** To adjust the height of a basket, empty the basket, then carefully lift and reposition it to one of the available height slots on the main frame. Ensure it clicks securely into place.

# Fully Extended Slide Rails

★ Pull the top or bottom separately

★ Wooden handle design

★ Thicker iron wire

★ Three-section slide rail

## MAINTENANCE

---

To ensure the longevity and smooth operation of your LOVMOR cabinet organizer, follow these simple maintenance guidelines:

- **Cleaning:** Wipe down the metal surfaces with a soft, damp cloth and mild detergent. Avoid abrasive cleaners or harsh chemicals that could damage the finish. Dry thoroughly after cleaning.
- **Lubrication:** Periodically check the slide rails for smooth operation. If they become stiff, a small amount of silicone-based lubricant can be applied to the ball bearings.
- **Inspection:** Regularly inspect all screws and connections to ensure they remain tight. Retighten if necessary.

## TROUBLESHOOTING

---

If you encounter any issues with your LOVMOR Pull Out Cabinet Organizer, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Organizer does not slide smoothly.	Dust/debris in rails, lack of lubrication, or uneven installation.	Clean rails, apply silicone lubricant, or check if the unit is installed level and securely.
Organizer feels wobbly or unstable.	Loose mounting screws, not secured to back wall, or overloaded.	Tighten all mounting screws, ensure it's secured to the back wall, and reduce load if exceeding 50 lbs per shelf.
Baskets are difficult to adjust height.	Basket is loaded, or mechanism is stiff.	Empty the basket before attempting to adjust. Ensure the mechanism is clear of obstructions.
Organizer does not fit cabinet.	Incorrect cabinet measurement or product size.	Double-check cabinet dimensions against product specifications. Contact seller if there's a discrepancy.

## SPECIFICATIONS

Feature	Detail
Brand	LOVMOR
Model Number	S-409222X-WH-DF
Dimensions (D x W x H)	21.5"D x 7.5"W x 15"H
