CHARGEWORX CX5214

ChargeWorx CX5214 Foldable Charger Stand User Manual

Model: CX5214

INTRODUCTION

This manual provides instructions for the proper setup, operation, and maintenance of your ChargeWorx CX5214 Foldable Charger Stand. This versatile accessory is designed to hold your smartwatch for charging and can also function as a stand for smartphones and small tablets. Please read these instructions carefully before use.

PRODUCT OVERVIEW

The ChargeWorx CX5214 is a compact, foldable stand designed for convenience and portability. It features a dedicated slot for your smartwatch charger and a stable base for various devices.

SETUP INSTRUCTIONS

1. **Unfold the Stand:** Gently unfold the stand until it locks into a stable upright position.

2. **Insert Smartwatch Charger:** Locate the circular cutout on the stand. Insert your smartwatch's magnetic charging puck into this cutout from the back, ensuring the charging surface faces forward. The charger cable should be routed through the designated channel. **Note: The smartwatch charger is not included with this product.**

3. **Place Smartwatch:** Carefully place your smartwatch onto the charging puck. The magnetic connection will secure it in place for charging and display.

Operating Instructions

Using as a Smartwatch Stand

- Once your smartwatch charger is installed and your watch is placed on the stand, it will charge and be displayed at an optimal viewing angle.
- The stand provides a stable base, keeping your watch secure on surfaces like nightstands or desks.

Using as a Phone or Small Tablet Stand

- To use the stand for a smartphone or small tablet, simply remove your smartwatch and charger.
- Rotate the stand to position the base as a support for your device. The stand's design allows it to hold phones and small tablets in both portrait and landscape orientations for hands-free viewing.

MAINTENANCE

- **Cleaning:** Wipe the stand with a soft, dry, or slightly damp cloth. Avoid using abrasive cleaners or solvents, as these may damage the finish.

- **Storage:** When not in use or for travel, fold the stand to its compact size. Store in a clean, dry place away from extreme temperatures.

TROUBLESHOOTING

- **Smartwatch not charging:** Ensure the smartwatch charger is correctly seated in the cutout and properly connected to a power source. Verify that the smartwatch is correctly aligned with the charging puck.

- **Smartwatch feels unstable on the stand:** Confirm the stand is fully unfolded and locked into a stable position. Ensure the smartwatch is centered on the charging puck.

- **Stand does not hold phone/tablet securely:** Ensure the device is placed centrally on the stand's base. The stand is designed for smartphones and small tablets; larger or heavier devices may not be adequately supported.
