## Kircuit 8.4V 1A AC/DC Adapter

# Kircuit 8.4V 1A AC/DC Adapter User Manual

Model: 8.4V 1A AC/DC Adapter

## 1. Introduction

This user manual provides essential information for the safe and efficient use of your Kircuit 8.4V 1A AC/DC Adapter. This adapter is designed to provide reliable power to compatible devices, such as the Sewoo LK-P30 and LK-P30W mobile printers. Please read this manual thoroughly before use and retain it for future reference.

## 2. Safety Information

To ensure safe operation and prevent damage, observe the following safety precautions:

- Use the adapter only with devices that require 8.4V DC input and a maximum of 1A current. Using it with incompatible devices may cause damage.
- Ensure the power outlet voltage is within the adapter's specified input range (100V-240V AC).
- Do not expose the adapter to water, moisture, or extreme temperatures.
- Avoid dropping or subjecting the adapter to strong impacts.
- Do not attempt to disassemble or modify the adapter. Refer all servicing to qualified personnel.
- Unplug the adapter from the power outlet when not in use for extended periods.
- Keep out of reach of children.

## 3. Package Contents

Verify that all items are present in the package:

- 1 x Kircuit 8.4V 1A AC/DC Adapter

## 4. Setup

Follow these steps to set up your AC/DC adapter:

1. Identify the power input port on your compatible device (e.g., Sewoo LK-P30/LK-P30W printer).

2. Connect the DC output plug of the Kircuit adapter to the power input port of your device. Ensure a secure connection.
3. Plug the AC prongs of the adapter into a standard wall power outlet (100V-240V AC).
4. Confirm that your device powers on or begins charging as expected.

## 5. Operating Instructions

The Kircuit 8.4V 1A AC/DC Adapter operates automatically once connected to a power source and a compatible device. It provides a stable 8.4V DC output at up to 1 Ampere.

- **Charging:** When connected to a device with a rechargeable battery, the adapter will initiate the charging process. The device's own indicators will show charging status.
- **Direct Power:** For devices that operate directly from external power without a battery, the adapter will supply continuous power.

## 6. Maintenance

Proper care and maintenance will extend the life of your adapter:

- **Cleaning:** Disconnect the adapter from power and device before cleaning. Use a soft, dry cloth to wipe the surface. Do not use liquid cleaners or abrasive materials.
- **Storage:** Store the adapter in a cool, dry place away from direct sunlight and extreme temperatures when not in use.
- **Cable Care:** Avoid bending or crimping the power cable excessively, especially near the connectors. Do not pull the cable to unplug the adapter; always grasp the plug itself.

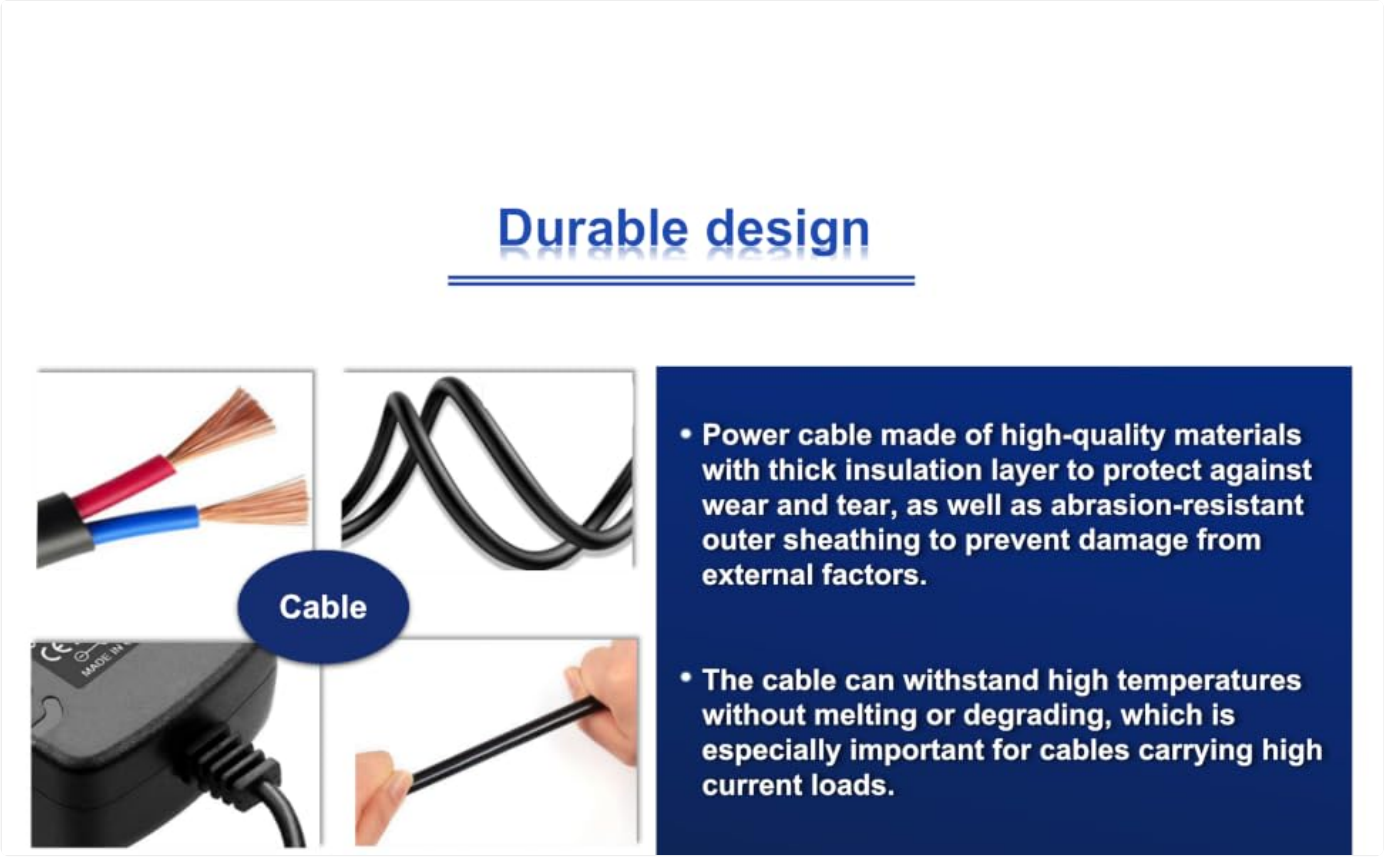

Image: A visual representation highlighting the durable design of the adapter's cable, emphasizing its thick insulation, abrasion resistance, and high-temperature tolerance for enhanced longevity and safety.

## 7. Troubleshooting

If you encounter issues with your adapter, refer to the following common problems and solutions:

| Problem | Possible Cause | Solution |
|---|---|---|
| Device not powering on/charging. | Adapter not properly plugged in.<br>Device not properly connected.<br>Power outlet is not active.<br>Incompatible device.<br>Damaged adapter or cable. | Ensure adapter is fully inserted into the wall outlet.<br>Verify the DC plug is securely connected to the device.<br>Test the outlet with another working appliance.<br>Confirm your device requires 8.4V DC and 1A.<br>Inspect the adapter and cable for visible damage. If damaged, discontinue use. |

| Problem | Possible Cause | Solution |
| --- | --- | --- |
| Adapter feels hot during use. | Normal operation under load.<br>Poor ventilation.<br>Overload (device drawing too much current). | A slight warmth is normal.<br>Ensure the adapter is in a well-ventilated area.<br>Verify the device's current draw does not exceed 1A. If it consistently overheats, discontinue use. |

## 8. Specifications

| Feature | Detail |
| --- | --- |
| Brand | Kircuit |
| Model | 8.4V 1A AC/DC Adapter |
| Input Voltage | 100V-240V AC, 50/60Hz, 0.3A |
| Output Voltage | 8.4V DC |
| Output Current | 1A |
| Connector Type | Proprietary (compatible with Sewoo LK-P30/LK-P30W) |
| Cable Length | Approximately 6.5 ft (2 meters) |
| Special Features | Portable, Travel-friendly, Built-in safety protections (Overcharge, Overcurrent, Short Circuit, Over Temperature) |
| Manufacturer | Shenzhen Waweis Technology Co., Ltd |
