## Aosom 370-237V80GY

# User Manual: Aosom Licensed Chevrolet Tahoe Ride On Car

Brand: Aosom | Model: 370-237V80GY

## INTRODUCTION

Thank you for choosing the Aosom Licensed Chevrolet Tahoe Ride On Car. This manual provides essential information for the safe assembly, operation, and maintenance of your new electric vehicle. Please read this manual thoroughly before use and retain it for future reference.

## SAFETY INFORMATION

**WARNING: Adult supervision is required at all times. This product is intended for children aged 3+ years with a maximum weight capacity of 55 lbs. Ensure all safety standards (ASTM F963, CPSIA) are met during use.**

- Always use the provided seat belt.
- Ensure doors are securely locked before operation.
- Do not operate near stairs, steep inclines, roads, or swimming pools.
- Only one rider is permitted at a time.
- Regularly inspect the vehicle for damage or loose parts before each use.

## WHAT'S IN THE BOX

Your Aosom Licensed Chevrolet Tahoe Ride On Car package includes the following components:

- Ride On Car (main body)
- Remote Control
- 12V 7AH Battery (pre-installed or separate)
- Charger
- LED Lights (integrated)
- Wheeler Suspension (integrated)
- Assembly Hardware and Tools (if required)

## SETUP

---

### Assembly

Assembly is required before first use. Please follow the detailed instructions provided in the separate assembly guide to ensure all components are correctly and securely attached. Pay close attention to wheel installation and electrical connections.

Figure 1: Fully assembled Aosom Licensed Chevrolet Tahoe Ride On Car.

### Initial Charging

Before the first use, fully charge the 12V 7AH battery. Connect the charger to the charging port (typically located near the dashboard or under the seat) and plug it into a standard wall outlet. The charging indicator light will show the charging status. A full charge provides approximately 50 minutes of continuous play. Refer to the charging section of the assembly guide for specific charging times and indicators.

Figure 2: Product dimensions, useful for understanding the vehicle's size and fit for storage or transport.

## OPERATING INSTRUCTIONS

### Starting the Vehicle

Locate the power button on the dashboard. Press and hold to turn the vehicle on. The dashboard lights and sounds will activate.

### Driving Modes

The vehicle features 3 adjustable speeds. Use the speed selector switch on the dashboard to choose between low, medium, and high speeds. The "soft start" function ensures a gradual acceleration for a comfortable and safe ride.

# SOFT START

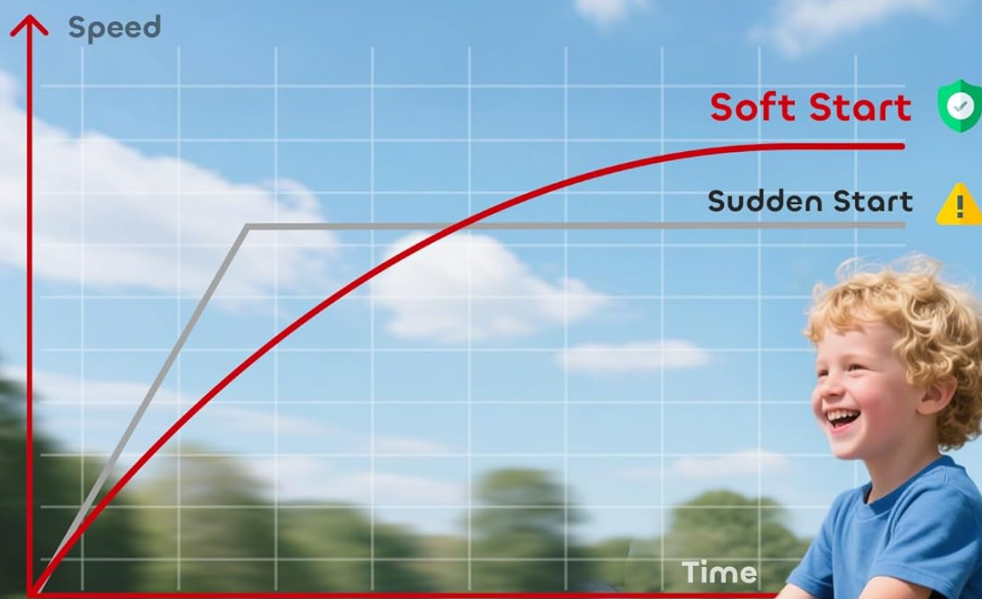

Figure 3: Illustration of the soft start feature, showing a gradual increase in speed compared to a sudden start.

## Parental Remote Control

For younger children or added safety, parents can control the vehicle using the included 2.4G remote control. The remote allows for steering, forward/reverse movement, and speed selection. Always ensure the child is safely seated and belted when using the remote control.

Figure 4: A parent operating the ride-on car using the remote control, demonstrating the parental override feature.

## Entertainment Features

The vehicle is equipped with music, wireless connection (Bluetooth), and a built-in radio. Children can enjoy their favorite tunes while driving. Controls for these features are located on the dashboard.

Figure 5: Close-up of the dashboard showing the music controls and other interactive elements.

## Suspension and Terrain

The 4-wheel suspension system provides a smooth ride across various surfaces, including brick roads, gravel roads, cement roads, and asphalt roads.

Figure 6: Visual representation of the 4-wheel shock absorption system for a smoother ride.

## MAINTENANCE

### Cleaning

Wipe the vehicle with a damp cloth. Do not use abrasive cleaners or solvents. Avoid direct water spray to protect electrical components.

### Battery Care

To prolong battery life, charge it fully after each use. If storing the vehicle for an extended period, charge the battery at least once a month. Do not overcharge or completely drain the battery.

## Storage

Store the vehicle in a dry, cool place away from direct sunlight and moisture. Protect it from extreme temperatures.

## TROUBLESHOOTING

---

If you encounter issues with your ride-on car, please refer to the following common solutions:

- **Vehicle not turning on:** Check battery connection, ensure battery is charged, and verify the power switch is in the "ON" position.
- **Slow speed or loss of power:** Battery may be low; recharge fully. Check for obstructions around the wheels or motor.
- **Remote control not working:** Ensure batteries in the remote are fresh and correctly inserted. Re-pair the remote with the vehicle if necessary (refer to the remote control section in the main assembly guide).
- **Unusual noises:** Inspect wheels and axles for debris or loose components.

For persistent issues, please contact Aosom customer support.

## SPECIFICATIONS

---

Feature	Detail
Product Dimensions	41.3" L x 26.4" W x 20.9" H
Item Weight	34.2 pounds
Battery	12V 7AH (included)
Motor	Dual 35W motors
Weight Capacity	55 lbs
Recommended Age	3 - 8 years
Speeds	3 adjustable speeds
Play Time (Full Charge)	Up to 50 minutes
Safety Standard	ASTM F963, CPSIA
Country of Origin	China
