

Wellshave WS-SA1

Wellshave 5-in-1 Shaver Deluxe User Manual

Model: WS-SA1

1. IMPORTANT SAFETY INFORMATION

Please read all instructions carefully before using the Wellshave 5-in-1 Shaver Deluxe. Keep this manual for future reference.

- Do not use the device near water unless explicitly stated.
- Be careful to prevent cuts or skin irritation during use.
- Use the device strictly according to the instructions for optimal performance and durability.
- Keep out of reach of children.
- Do not disassemble or attempt to repair the device yourself. Contact qualified personnel for service.
- Ensure the charging cable is not damaged before use.

2. PRODUCT OVERVIEW

The Wellshave 5-in-1 Shaver Deluxe is a versatile grooming tool designed for comprehensive face and head care. It features multiple interchangeable heads for various functions.

3. GETTING STARTED

Charging the Device:

Before first use, fully charge the shaver. Connect the provided charging cable to the shaver and a suitable USB power source. The LED display will show the charging status.

- Charging Time: Approximately 1.5 hours for a full charge.
- Operating Time: Up to 1 hour of continuous use on a full charge.

USB Oplaadbaar

- ⚡ 1,5 Uur opladen
- ▶ 1 Uur gebruiken

4. OPERATION

General Use:

Press the power button to turn the shaver on or off. The Smart LED Display provides useful information such as remaining battery life (in minutes), shaved time, charging status, and a cleaning reminder.

- **Remaining Time:** Indicates the minutes of battery life left.
- **Shaved Time:** Displays the duration of your current shave.
- **Charging Display:** Shows charging progress.
- **Travel Lock:** Hold the power button for 3 seconds to activate/deactivate the travel lock, preventing accidental activation.
- **Cleaning Reminder:** An icon will appear to remind you to clean the shaver head.

Wet and Dry Shaving:

The Wellshave 5-in-1 Shaver Deluxe supports both wet and dry shaving, offering flexibility for your grooming routine.

- **Dry Shaving:** Ideal for quick shaves and touch-ups. Ensure your skin is clean and dry for best results.
- **Wet Shaving:** For a smoother, more comfortable shave, use with shaving foam or gel. This can help reduce skin irritation.

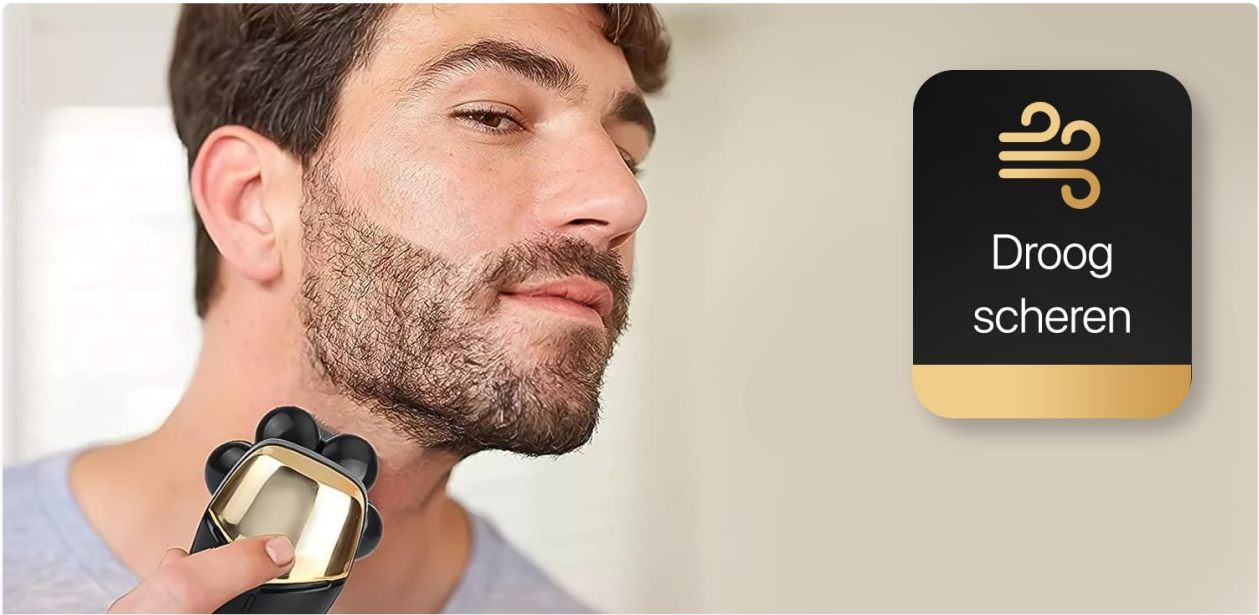

Image: A visual comparison demonstrating the use of the shaver for both dry shaving and wet shaving with foam.

Using Specific Attachments:

Each attachment is designed for specific grooming needs across various body parts.

Geschikt voor alle plekken

Speciaal ontworpen voor alle mogelijke plekken

Image: The shaver highlighting its versatility for use on the beard, nose, face, and head.

- **Skull Shaver Head:** Ideal for smooth head shaves. Move the shaver in circular motions for best results.
- **Hair Trimmer Head:** Use with the appropriate length cap (3.5mm, 5mm, or 7mm) for trimming beards, sideburns, or body hair. Move against the direction of hair growth.
- **Cleaning Brush Head:** Use for facial cleansing. Apply your preferred cleanser to your face or the brush head and gently massage your skin in circular motions.
- **Facial Massager Head:** Provides a relaxing facial massage. Use on clean skin, moving in gentle circular motions.
- **Nose Hair Trimmer Head:** Carefully insert the trimmer into your nostril or ear canal. Do not insert too deeply.

5. MAINTENANCE AND CLEANING

Regular cleaning ensures optimal performance and extends the lifespan of your shaver.

- **Daily Cleaning:** After each use, detach the shaver head and rinse it under running water. Use the included cleaning brush to remove any trapped hairs.
- **Deep Cleaning:** For a more thorough clean, it may be necessary to open each individual shaving blade

cell and rinse out accumulated hair. This process can be more involved than with some other shaver designs.

- **Self-Sharpening Blades:** The shaver is equipped with self-sharpening blades, designed to maintain their sharpness over time with regular use.
- **Drying:** After cleaning, shake off excess water and allow the shaver head to air dry completely before reattaching or storing.

6. TROUBLESHOOTING

- **Short Battery Life:** Ensure the device is fully charged before each use (1.5 hours for 1 hour of use). The battery life may vary based on usage intensity. Only use the provided charging cable.
- **Difficulty Cleaning:** The design requires opening individual blade cells for thorough cleaning. This is normal for this model. Use the cleaning brush to assist.
- **Trimmer Pulling Hair:** Ensure the trimmer head is clean and free of debris. Trim against the direction of hair growth. If hair is very long, pre-trim with scissors before using the shaver.
- **Shaver Not Turning On:** Check if the battery is charged. If the travel lock is activated, hold the power button for 3 seconds to deactivate it.

7. SPECIFICATIONS

Feature	Specification
