## WHAT'S IN THE BOX

Your JLab JBuds Air Sport Gen 3 package includes the following items:

- JBuds Air Sport True Wireless Earbuds (Left and Right)
- Charging Case with Integrated Charging Cable
- 3 Sets of Gel Tips (various sizes)

- 1 Set of Cloud Foam™ Eartips
- JLab Two Year Warranty Information

## SETUP INSTRUCTIONS

---

### 1. Initial Charging

Before first use, fully charge your earbuds and charging case. The charging case features an integrated USB-A charging cable. Simply plug this cable into any compatible USB-A port (e.g., computer, wall adapter).

- The charging case has LED indicators to show its battery level.
- When earbuds are placed in the case, blue lights indicate they are charging.

## MOVIE MODE

Elevate your movie-watching experience. With this super low latency mode, reduce the audio lag so voices match up perfectly to the screen.

## 2. Fitting Your Earbuds

Achieving a secure and comfortable fit is crucial for sound quality and stability, especially during physical activity. The JBuds Air Sport Gen 3 come with various ear tips and ergonomic earhooks.

- **Earhooks:** The ergonomic earhook design fits around your ear to keep the earbuds securely in place.
- **Gel Tips:** Experiment with the three sizes of gel tips to find the best seal for your ear canal.
- **Cloud Foam™ Eartips:** For enhanced comfort and passive noise isolation, try the included Cloud Foam™ tips.

### 3. Bluetooth Pairing

The JBuds Air Sport Gen 3 support Bluetooth Multipoint for connecting to multiple devices simultaneously and Dual Connect for independent earbud use.

1. Remove both earbuds from the charging case. They will automatically enter pairing mode (indicated by flashing blue/white lights).
2. On your device (smartphone, laptop, etc.), open Bluetooth settings and select "JLab JBuds Air Sport Gen 3".
3. Once connected, you will hear a voice prompt confirming the connection.
4. For Bluetooth Multipoint, connect to your first device, then put the earbuds back in the case briefly. Take them out, and connect to your second device. The earbuds will manage connections between both.

# BLUETOOTH MULTIPOINT

With Bluetooth Multipoint you enjoy the versatility of transitioning seamlessly from device to device. Hop from podcast on your computer to a call on your mobile. You can connect simultaneously to two devices – mobile, laptop and/or computer. Plus with Dual Connect, use either earbud independently or use both together. A built-in MEMS microphone in each bud ensures clear calls.

## 4. JLab App Integration

Enhance your earbud experience by downloading the JLab App. The app allows for customization of sound, touch controls, and firmware updates.

- Download the JLab App from the Google Play Store or Apple App Store.
- Connect your earbuds via Bluetooth to your device.
- Open the JLab App to access settings for Be Aware mode, EQ presets, custom touch controls, and software updates.

# JLAB SOUND APP

With the new JLab Sound app, you'll have control to customize the Noise Control settings, touch controls, and sound to your personal preference – or use the presets for JLab Signature, Balance or Bass Boost. Plus get software updates for your product right when they're available. Available on the App or Google Play Store.

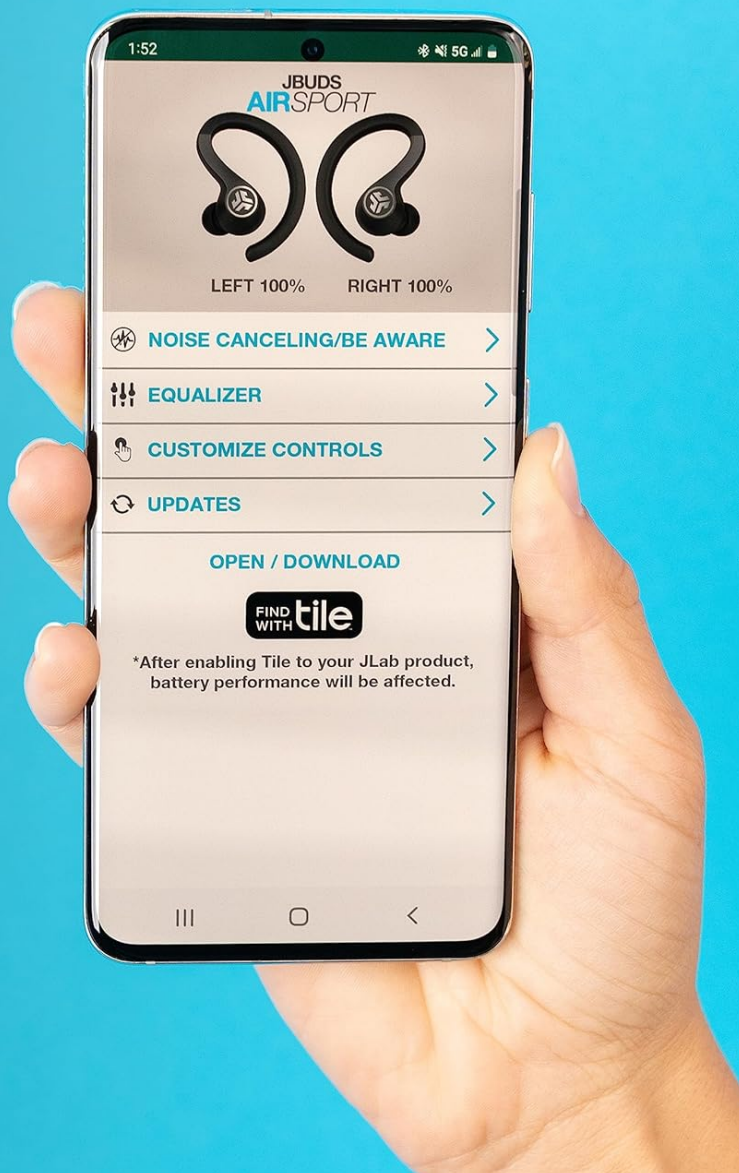

Image: A smartphone screen shows the JLab App interface, offering various settings such as Noise Canceling/Be Aware, Equalizer, Customize Controls, and Updates for the JBuds Air Sport earbuds.

## OPERATING INSTRUCTIONS

### 1. Touch Controls

The JBuds Air Sport Gen 3 feature intuitive touch controls on each earbud. Refer to the JLab App for a full customization of these controls.

#### Default Touch Controls

Action	Left Earbud	Right Earbud
Single Tap	Volume Down	Volume Up
Double Tap	Voice Assistant	Play/Pause

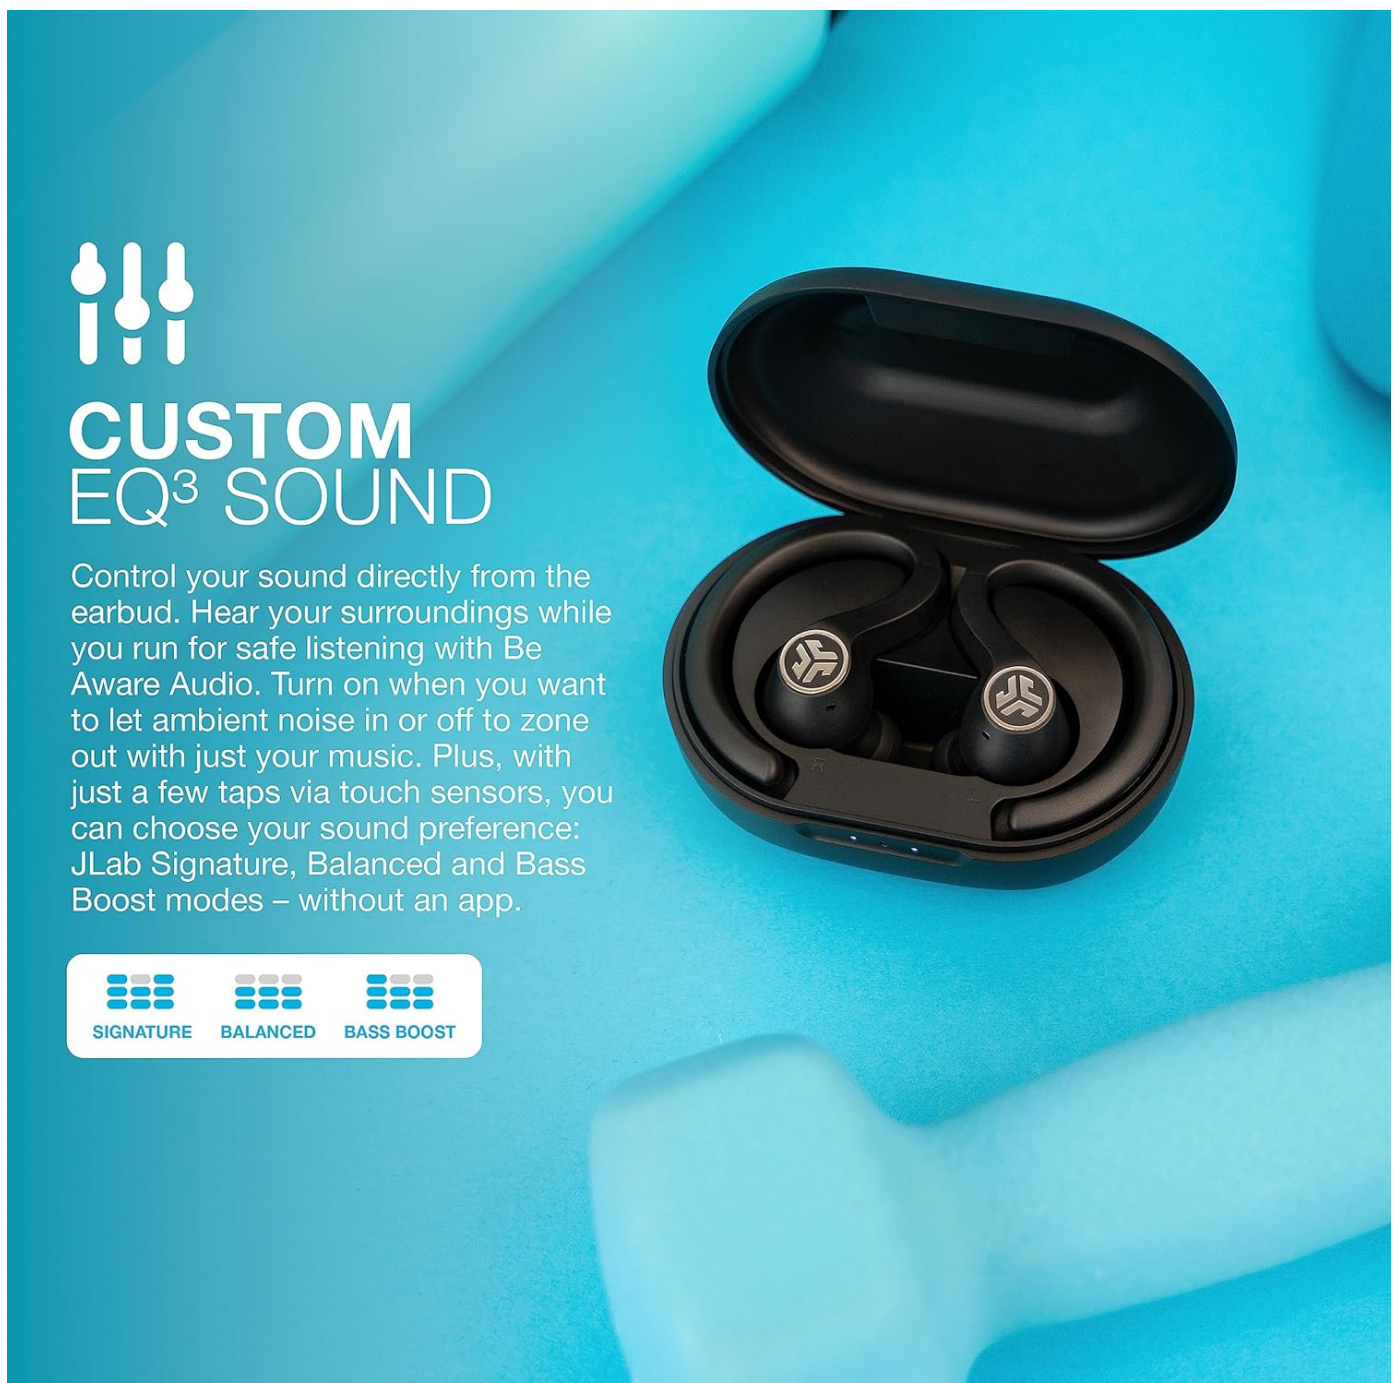

Action	Left Earbud	Right Earbud
Triple Tap	Change EQ Setting	Be Aware On/Off
Press & Hold	Previous Track	Next Track
Answer/End Call	Double Tap (Either Earbud)	

## 2. EQ Sound Settings

The earbuds come with three pre-set EQ settings: JLab Signature, Balanced, and Bass Boost. You can cycle through these settings by triple-tapping the left earbud or customize them via the JLab App.

- **JLab Signature:** Enhanced vocals and bass.
- **Balanced:** Even sound distribution for all audio types.
- **Bass Boost:** Amplified bass for a powerful sound.

**CUSTOM EQ<sup>3</sup> SOUND**

Control your sound directly from the earbud. Hear your surroundings while you run for safe listening with Be Aware Audio. Turn on when you want to let ambient noise in or off to zone out with just your music. Plus, with just a few taps via touch sensors, you can choose your sound preference: JLab Signature, Balanced and Bass Boost modes – without an app.

 SIGNATURE
  BALANCED
  BASS BOOST

### 3. Be Aware Mode

Activate Be Aware Mode to allow ambient noise to pass through the earbuds, keeping you aware of your surroundings. This feature is useful for outdoor activities or when you need to hear conversations.

- Triple-tap the right earbud to toggle Be Aware Mode on or off.
- Customize the level of ambient noise in the JLab App.

### 4. Stereo Audio Calling

Enjoy clear phone calls with stereo audio, meaning you'll hear the call in both earbuds. Each earbud has a built-in MEMS microphone for clear conversations.

### 5. Battery Life

The JBuds Air Sport Gen 3 offer extended battery life:

- Up to 9+ hours of playtime in each earbud.
- An additional 35+ hours from the charging case, totaling 44+ hours of playtime.

## LONG BATTERY LIFE

JBuds Air Sport features 9+ hours of playtime in each earbud and 35+ extra hours from the charging case. That's 44+ hours of playtime. Recharge hassle-free with the charging case and integrated charging cable.

# 44+ HOURS PLAYTIME

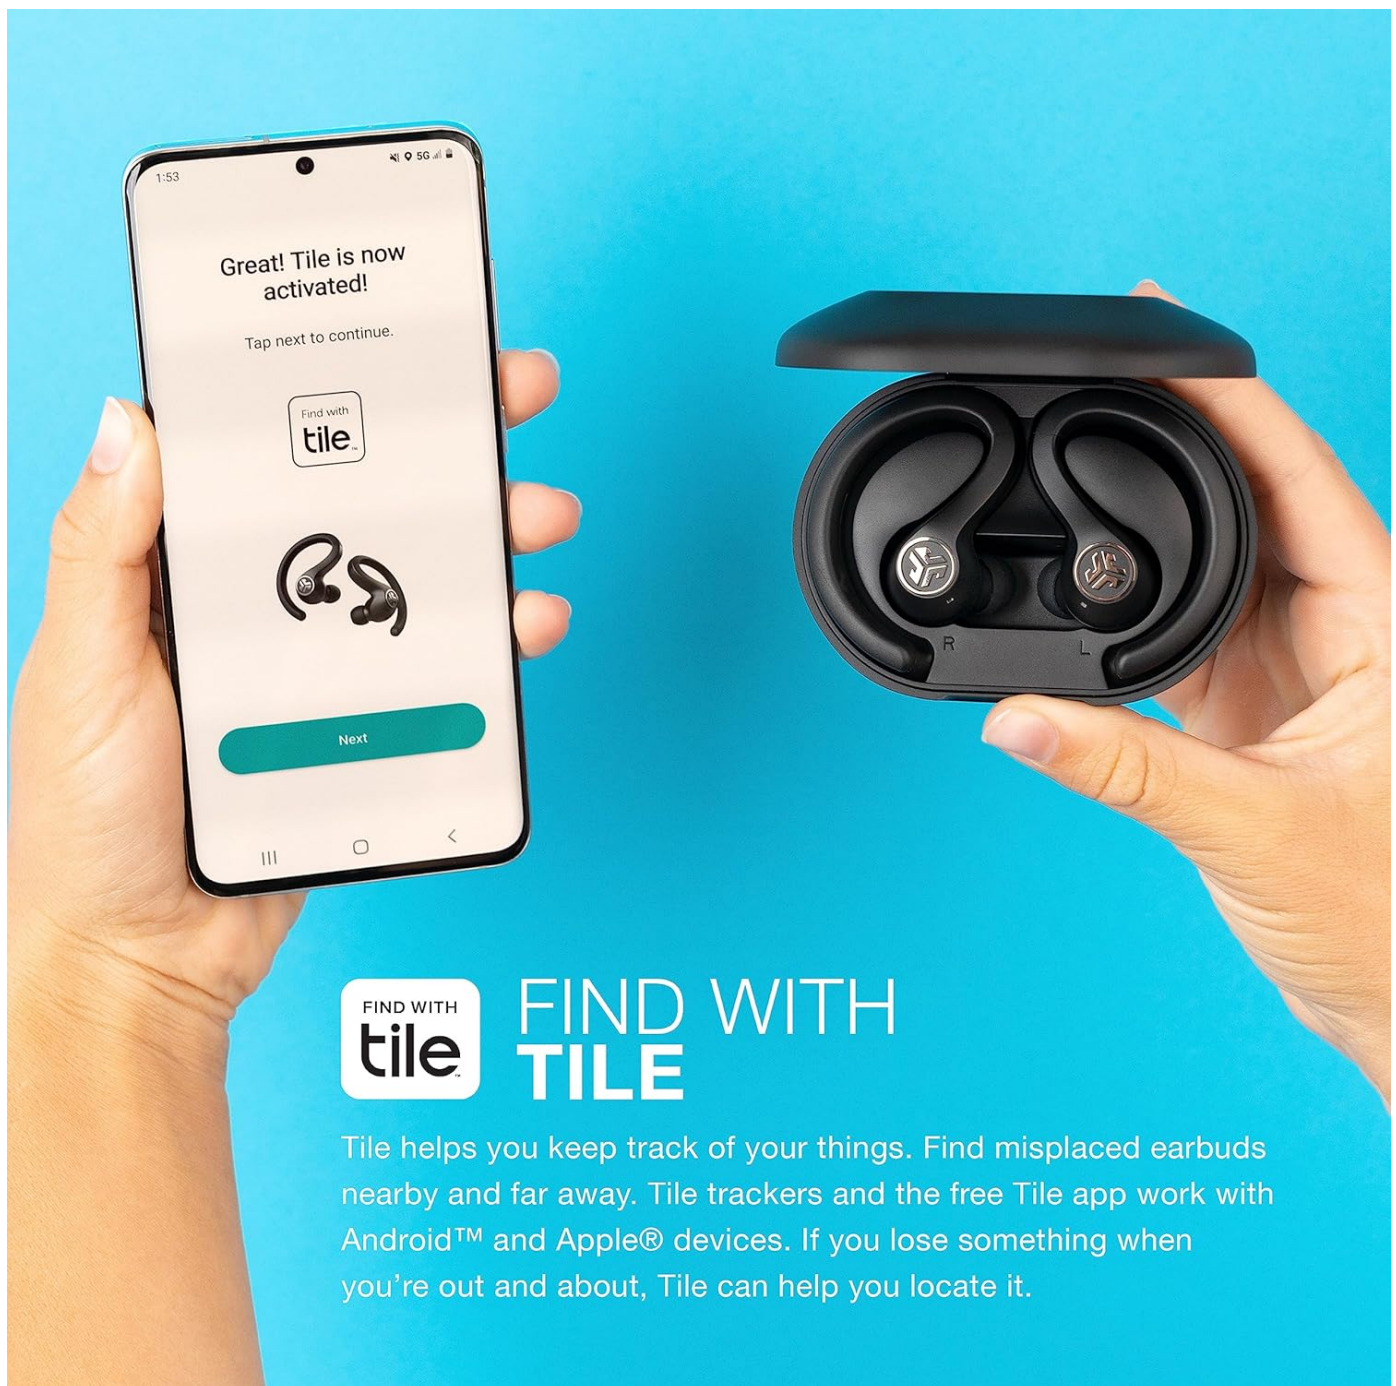

Image: A man is shown drinking from a water bottle, wearing the JLab JBuds Air Sport Gen 3 earbuds. The image highlights the product's long battery life, stating "44+ Hours Playtime".

### 6. Find with Tile

The JBuds Air Sport Gen 3 are integrated with Tile technology, allowing you to locate your earbuds if they are misplaced.

- Download the free Tile app on your smartphone.
- Follow the in-app instructions to activate Tile for your earbuds.
- Use the Tile app to find your earbuds nearby or track their last known location.

# FIND WITH TILE

Tile helps you keep track of your things. Find misplaced earbuds nearby and far away. Tile trackers and the free Tile app work with Android™ and Apple® devices. If you lose something when you're out and about, Tile can help you locate it.

Image: A smartphone displays the Tile app, showing it activated for JLab earbuds, positioned next to the open charging case containing the earbuds.

## KEY FEATURES

- **IP66 Sweat Resistance:** Designed to withstand sweat and dirt, making them suitable for workouts and outdoor activities.
- **Bluetooth Multipoint:** Connect simultaneously to two devices (e.g., mobile, laptop) and seamlessly switch between them.
- **Dual Connect:** Use either earbud independently or both together for flexible listening.
- **Integrated Charging Cable:** The charging case includes a built-in USB-A cable for convenient recharging.
- **Custom EQ3 Sound:** Choose from JLab Signature, Balanced, or Bass Boost sound modes, or customize further with the JLab App.
- **Be Aware Audio:** Allows ambient noise in for situational awareness.
- **MEMS Microphones:** Built-in microphones in each earbud ensure clear call quality.

- **Tile Integration:** Locate misplaced earbuds using the Tile app.

## MAINTENANCE

---

Proper care ensures the longevity and performance of your earbuds:

- **Cleaning:** Regularly wipe down the earbuds and charging contacts with a dry, soft cloth to prevent sweat and dirt buildup, especially after workouts.
- **Storage:** Store earbuds in their charging case when not in use to protect them and keep them charged.
- **Avoid Extreme Conditions:** Do not expose earbuds to extreme temperatures, humidity, or corrosive liquids.
- **Water Resistance:** While IP66 sweat resistant, avoid submerging the earbuds in water.

## TROUBLESHOOTING

---

If you encounter issues, try the following steps:

- **No Sound/Connectivity:**
  - Ensure earbuds are charged and powered on.
  - Check Bluetooth settings on your device to confirm connection.
  - Try resetting the earbuds: Place them in the charging case, then quickly tap each earbud four times.
  - Forget the device in your Bluetooth settings and re-pair.
- **Low Volume:**

- Adjust volume on both your connected device and the earbuds using touch controls.
- Ensure ear tips provide a good seal in your ear canal.

- **Earbud Fit:**

- Experiment with different sizes of gel tips or Cloud Foam™ tips for a better fit.
- Ensure earhooks are correctly positioned around your ears.

- **JLab App Issues:**

- Ensure your earbuds are connected via Bluetooth to your device.
- Check for app updates in your device's app store.
- Restart the app or your device.

- **Firmware Updates:** Regularly check the JLab App for available firmware updates to ensure optimal performance and new features.
