HAMITOR corner shower caddy tension

HAMITOR Corner Shower Caddy Tension Pole Instruction Manual

Model: corner shower caddy tension

1. INTRODUCTION

This manual provides detailed instructions for the assembly, installation, usage, and maintenance of your HAMITOR Corner Shower Caddy Tension Pole. Please read these instructions carefully before installation and retain them for future reference. This product is designed to provide organized storage in your shower or bathroom area.

2. SAFETY GUIDELINES

- Ensure the tension pole is securely installed between the floor and ceiling or bathtub edge and ceiling. Improper installation may lead to instability and potential falling of the unit or its contents.

- Do not overload the shelves. Distribute weight evenly to maintain stability.
- This shower caddy is not designed for sloped ceilings. Ensure the installation surface is flat and stable.
- Keep small children away from the unit during installation to prevent injury.
- Regularly check the tension and stability of the pole to ensure it remains firm.

3. PACKAGE CONTENTS

Verify that all components are present before beginning assembly:

- 8 Stainless Steel Tension Poles
- 4 Rustproof Shelves (various depths)
- 4 Patented Clip Buckles
- 4 Removable Hooks
- 1 Toothbrush Box

4. SPECIFICATIONS

Feature	Detail
Brand	HAMITOR
Model Number	corner shower caddy tension
Material	Stainless Steel
Color	A-silver
Adjustable Height Range	47 to 121 inches
Product Dimensions	8.4"D x 11.4"W x 124"H (fully extended)
Number of Shelves	4
Special Features	Adjustable, Rust Resistant, Scratchproof

5. ASSEMBLY AND INSTALLATION

Follow these steps for quick and secure installation:

1. **Measure Height:** Determine the desired installation height. The pole is adjustable from 47 to 121 inches. Select the appropriate number of pole segments to achieve the desired height, ensuring a snug fit.

Fit Any Height Between 47-121 inches

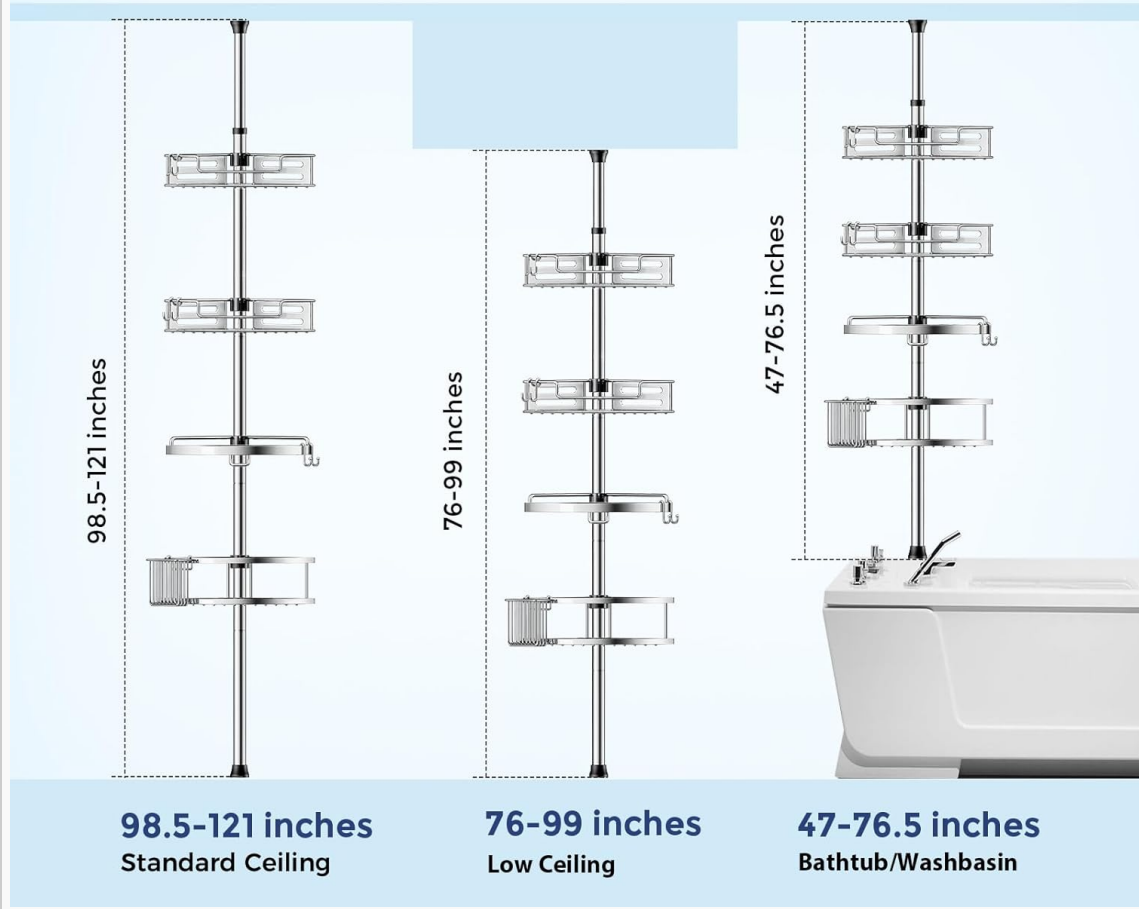

Image 5.1: Height adjustment guide for various installation areas.

- Assemble Pole Segments:** Connect the stainless steel pole segments by twisting them together. The integrated telescoping pole design ensures stability.

Free Installation

Image 5.2: Pole assembly and tensioning mechanism.

3. **Position Pole:** Place the assembled pole in the desired corner, ensuring the top and bottom caps are flush against the ceiling/wall and floor/bathtub edge.
4. **Apply Tension:** Extend the top section of the pole by twisting until it is firmly secured by tension between the two surfaces.
5. **Install Clip Buckles:** Attach the patented clip buckles to the pole at your desired shelf heights. The buckle design allows for quick adjustment.

Quick Installation & Adjustment

Buckle design helps you save installation time

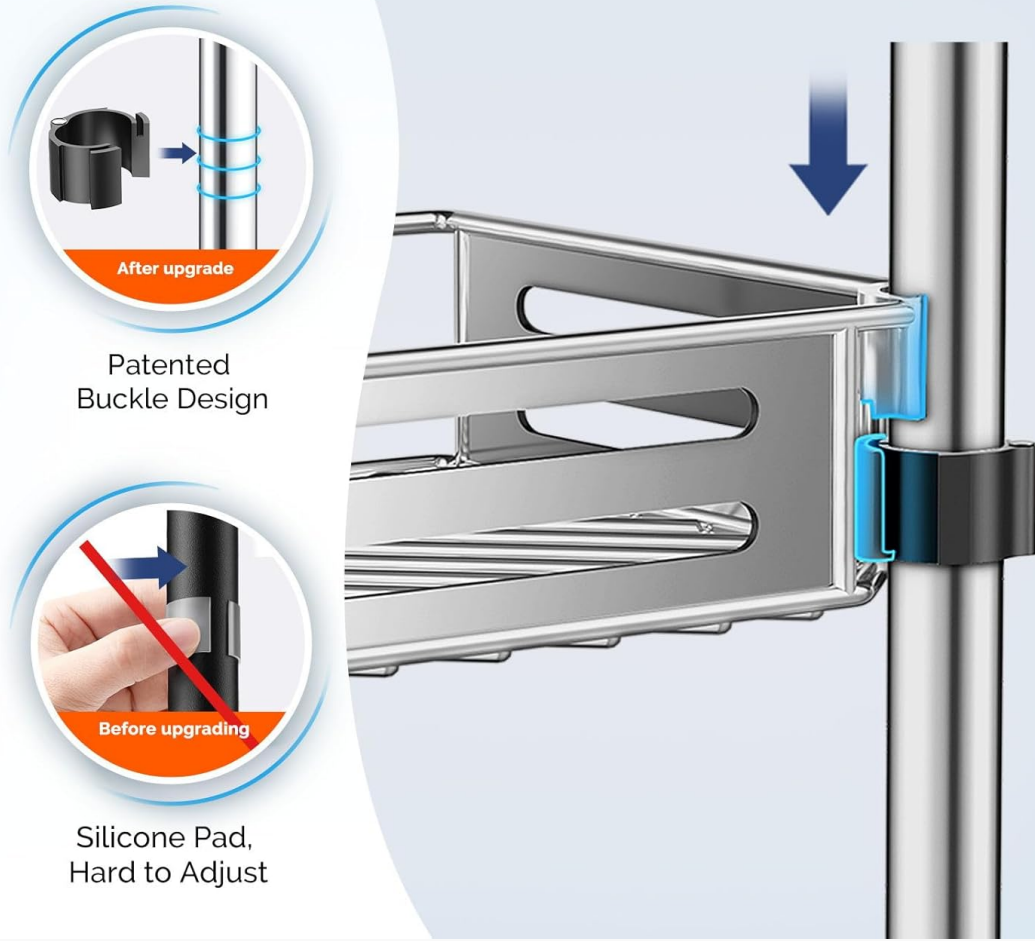

Image 5.3: Patented buckle design for shelf adjustment.

6. **Attach Shelves:** Slide the rustproof shelves onto the clip buckles. Ensure they are securely seated. The clip buckle design helps prevent shelves from slipping.
7. **Add Accessories:** Attach the removable hooks and toothbrush box to the shelves as needed.

6. USAGE AND FEATURES

The HAMITOR Corner Shower Caddy is designed for optimal organization and convenience:

- **Adjustable Shelves:** The four shelves can be adjusted independently to accommodate various bottle sizes, from tall shampoo bottles to smaller items.
- **Deep and Flat Baskets:** Includes two deep baskets (11.5"W x 8.4"D x 2.8"H), one deeper basket (11.5"W x 8.4"D x 4"H), and one flat basket (11.5"W x 8.4"D). The deep baskets feature safety bars to prevent items from falling. The flat basket is suitable for smaller items like soap or jewelry.
- **Integrated Accessories:** A towel bar, toothbrush holder, and four removable hooks are included for hanging razors, loofahs, towels, and sponges.

7. CARE AND MAINTENANCE

To ensure the longevity and appearance of your HAMITOR Corner Shower Caddy:

- **Cleaning:** Wipe down the stainless steel pole and shelves regularly with a soft cloth and mild soap or a non-abrasive bathroom cleaner. Rinse thoroughly with water.
- **Drying:** The hollow design of the baskets promotes good ventilation and drainage, which helps keep your items dry and prevents water accumulation. Ensure proper air circulation after cleaning.
- **Rust Resistance:** Made from high-quality stainless steel, the caddy is designed to be rust-resistant in humid environments. Avoid using harsh chemicals or abrasive scrubbers that could damage the finish.

8. TROUBLESHOOTING

- **Caddy is unstable or wobbly:**
 - Ensure the pole segments are fully twisted and securely connected.
 - Verify that the tension mechanism is fully engaged and the pole is firmly pressed against both surfaces.
 - Check that the installation surfaces (floor/bathtub and ceiling) are flat and provide adequate grip for the pole caps.
- **Shelves are slipping:**
 - Ensure the clip buckles are tightly secured around the pole.
 - Confirm that the shelves are correctly seated into the clip buckles.
 - Avoid overloading individual shelves beyond their capacity.
- **Difficulty adjusting shelf height:**
 - The clip buckle design allows for quick adjustment. If stiff, ensure the buckle is fully open before attempting to slide it.

9. WARRANTY INFORMATION

This HAMITOR Corner Shower Caddy Tension Pole comes with a 24-month warranty. Please retain your proof of purchase for warranty claims. For any product-related issues or support, please contact HAMITOR customer service through the retailer where the product was purchased.
