Baseus Bowie MA10 US

Baseus Bowie MA10 Wireless Earbuds Instruction Manual

Model: Bowie MA10 US
Brand: Baseus

Introduction

The Baseus Bowie MA10 Active Noise Cancelling Wireless Earbuds are designed to provide a superior audio experience with advanced noise reduction capabilities and extended battery life. Featuring Bluetooth 5.3 for stable connectivity and IPX6 water resistance for durability, these earbuds are suitable for various activities, from commuting and work to sports and leisure. This manual will guide you through the setup, operation, and maintenance of your new earbuds to ensure optimal performance.

What's in the Box

- Baseus Bowie MA10 Wireless Earbuds
- S/M/L Eartips
- S/M/L Earwings
- USB-C Charging Cable
- User Manual

Setup

1. Initial Charging

Before first use, fully charge your Baseus Bowie MA10 earbuds and charging case. Connect the provided USB-C charging cable to the charging port on the case and a power source. The case takes approximately 1.5

hours to fully charge.

2. Proper Fit and Comfort

For optimal sound quality and noise cancellation, ensure a secure and comfortable fit. The earbuds come with S, M, and L sizes of ear tips and earwings. Experiment with different sizes to find the best seal for your ears.

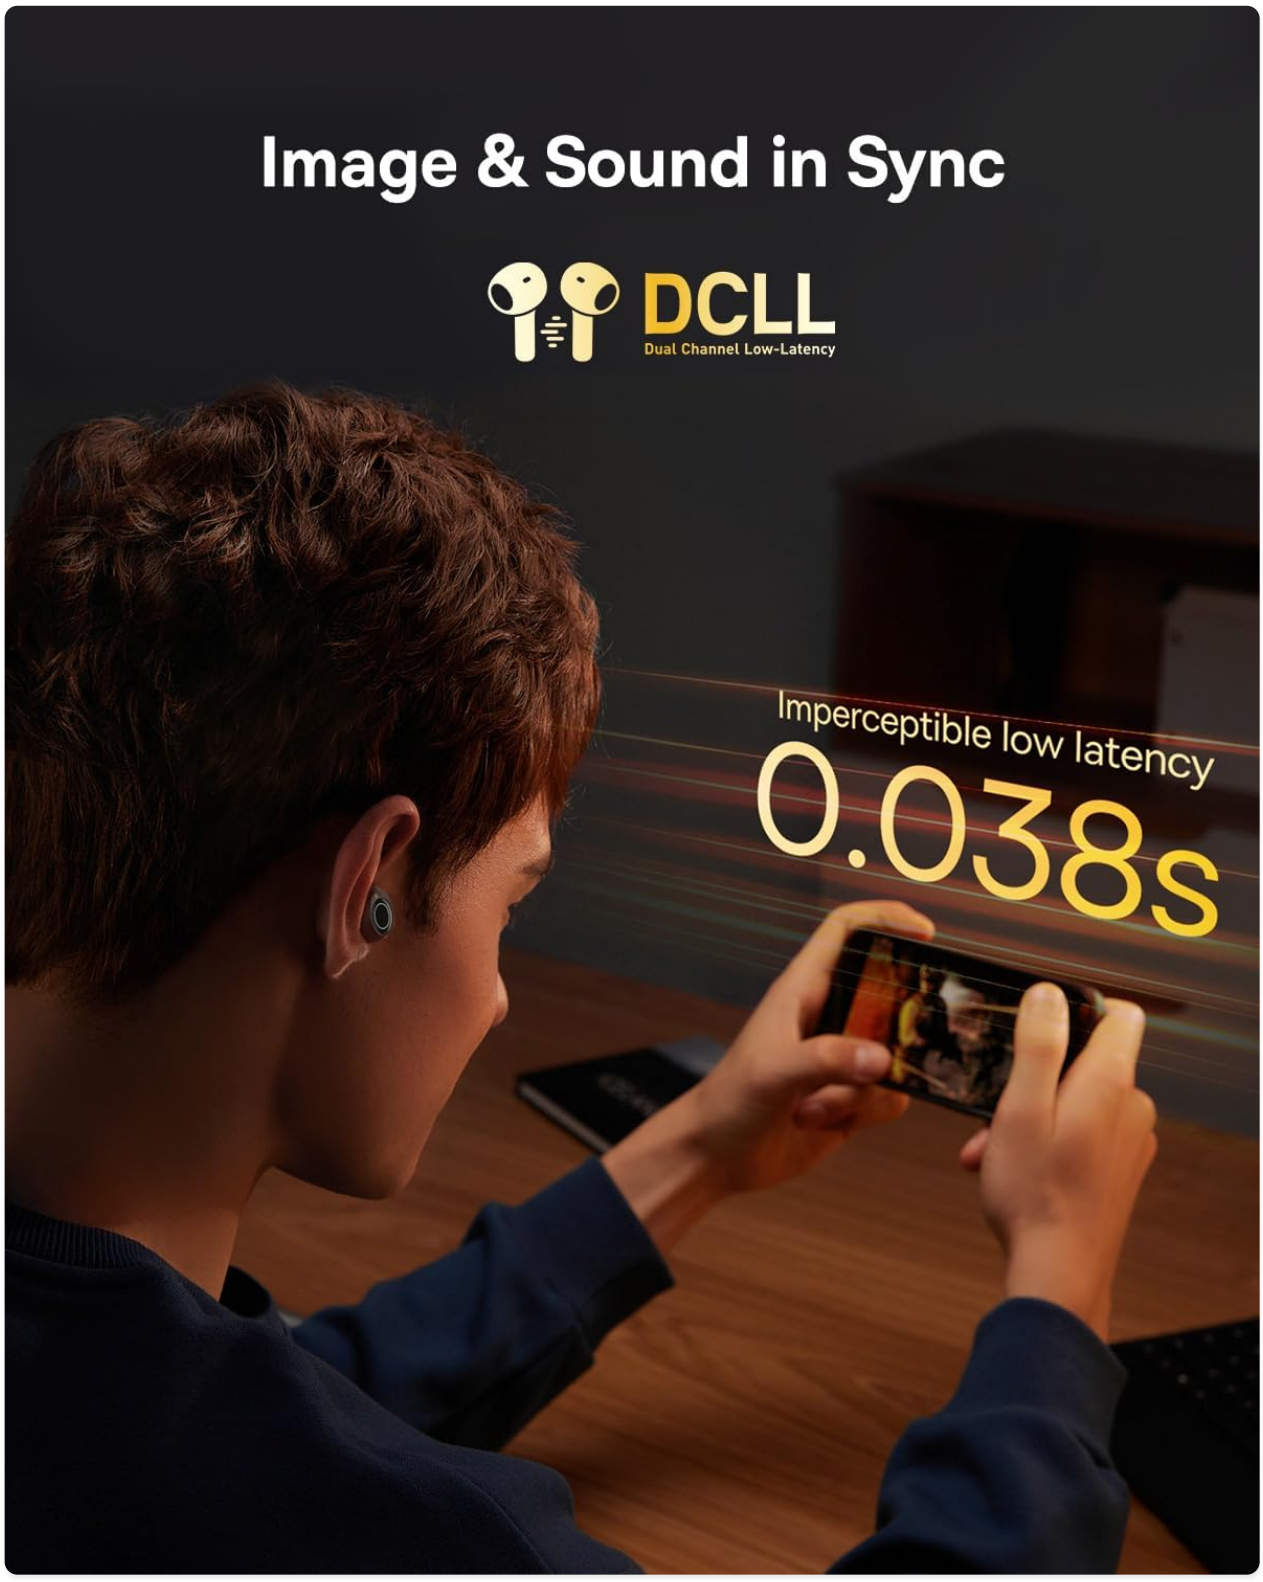

Figure 1: Proper ergonomic fit of the earbud in the ear canal.

3. Bluetooth Pairing

1. Open the charging case. The earbuds will automatically enter pairing mode, indicated by flashing lights on the earbuds.

2. On your device (smartphone, tablet, laptop), enable Bluetooth and search for available devices.
3. Select "Baseus Bowie MA10" from the list of devices to connect.
4. Once connected, a voice prompt will confirm successful pairing.

Operating Instructions

1. Touch Controls

The Baseus Bowie MA10 earbuds feature intuitive touch controls on each earbud. Specific functions can be customized via the Baseus App.

- **Double-Click:** Play/Pause music.
- **Long Press:** Switch between Ambient Sound modes (Normal, Transparency, Noise Reduction).
- **Three Strikes:** Activate Voice Assistant.

2. Active Noise Cancellation (ANC) Modes

The earbuds offer advanced noise cancellation with a depth of up to -48dB. You can switch between different modes to suit your environment:

- **Normal Mode:** Standard audio playback without active noise cancellation.
- **Transparency Mode:** Allows ambient sounds to pass through, making you aware of your surroundings while listening to audio.
- **Noise Reduction Mode:** Actively cancels out up to 95% of ambient noise for an immersive listening experience. This mode can be customized for different environments (Commuting, Indoor, Outdoor) via the Baseus App.

Figure 3: In-depth immersion with -48dB Active Noise Cancelling.

3. Battery Life and Charging

The Baseus Bowie MA10 earbuds offer exceptional battery life:

- **Single Charge Playtime:** Up to 8 hours.
- **Total Playtime with Charging Case:** Up to 140 hours.
- **Rapid Charge:** A 10-minute charge provides approximately 2 hours of music playback.

4. Baseus App Features

Download the official Baseus App to unlock additional features and customization options for your earbuds:

- **10-level Noise Cancelling:** Fine-tune the noise reduction level to your preference.
- **12 Equalizer Modes:** Choose from various preset EQ modes or create your own custom sound profile.
- **Find My Buds:** Locate misplaced earbuds by triggering an audible alert.

Maintenance

1. Cleaning

Regularly clean your earbuds and charging case to maintain optimal performance and hygiene. Use a soft, dry, lint-free cloth to wipe down the earbuds and charging contacts. For ear tips, remove them and clean with mild soap and water, then ensure they are completely dry before reattaching.

2. Water Resistance

The Baseus Bowie MA10 earbuds are IPX6 water resistant, meaning they are protected against powerful water jets. This makes them suitable for use during workouts or in light rain. However, they are not designed to be submerged in water. Avoid exposing them to strong water pressure or prolonged immersion.

Troubleshooting

1. Earbuds Not Pairing

- Ensure Bluetooth is enabled on your device and the earbuds are within range.
- Make sure the earbuds are charged.
- Place the earbuds back into the charging case, close the lid, wait a few seconds, then open it again to re-enter pairing mode.
- If issues persist, try forgetting the device from your phone's Bluetooth settings and re-pairing.

2. Sound Quality Issues

- Check the ear tip fit. A poor seal can significantly affect sound quality, especially bass.
- Clean the ear tips and earbud nozzles to ensure no debris is blocking the sound.
- Adjust the EQ settings in the Baseus App to optimize sound for your preference.

3. Battery Drain

- Ensure earbuds are properly seated in the charging case when not in use.
- Fully charge the case regularly.
- Using ANC continuously will consume more battery. Consider switching to Normal or Transparency mode when ANC is not required.

Specifications

Feature	Detail
Noise Control	Active Noise Cancellation
Model Name	Bowie MA10
Connectivity Technology	Wireless
Wireless Communication Technology	Bluetooth
Material	Plastic, ABS+PC
Charging Time	1.5 Hours
