5. OPERATION

- **Space-Saving Storage:** To store the set compactly, fold down the backrests of the chairs. Place the cushions on the chair seats, then slide the ottomans under the chairs. Finally, slide the chairs (with ottomans) under the table.
- **Ottoman Use:** The ottomans can be used as additional seating or as footrests to enhance comfort while seated in the chairs.
- **Cushion Placement:** Ensure cushions are properly secured using the attached fixing straps to prevent them from sliding.

6. MAINTENANCE

- **Cleaning Rattan:** Wipe the PE rattan surfaces with a soft cloth dampened with mild soap and water. Rinse thoroughly and dry completely.
- **Cleaning Cushions:** The polyester fabric cushions have removable covers with zippers. Machine wash covers on a gentle cycle with cold water and mild detergent. Air dry only; do not tumble dry.
- **Glass Top Care:** Clean the tempered glass tabletop with a glass cleaner and a soft cloth. Avoid abrasive cleaners or tools that could scratch the surface.
- **Frame Maintenance:** The powder-coated metal frames are designed for outdoor use. Inspect periodically for any signs of rust or damage. Touch up any scratches with appropriate paint to prevent rust.
- **Winter Storage:** During off-season or prolonged periods of non-use, it is recommended to store the furniture indoors or cover it with a weather-resistant cover to prolong its lifespan.

7. TROUBLESHOOTING

- **Wobbly Furniture:** Check all bolts and screws to ensure they are tightly secured. Adjust the leveling feet (if present) on uneven surfaces.
- **Cushions Sliding:** Ensure the fixing straps on the cushions are properly attached to the furniture frame.
- **Fading Rattan/Cushions:** While designed for outdoor use, prolonged exposure to direct sunlight can cause some fading over time. Use a furniture cover when not in use to minimize exposure.
