Beliani Malad 392734

Beliani Malad Ceiling Fan (Model 392734) User Manual

Instructions for Installation, Operation, and Maintenance

INTRODUCTION

Thank you for choosing the Beliani Malad Ceiling Fan. This manual provides essential information for the safe installation, operation, and maintenance of your new ceiling fan. Please read these instructions carefully before assembly and use, and retain them for future reference.

This ceiling fan features three blades with a light wood effect, a black metal body, and is controlled via a remote. It is designed for indoor use in bedrooms, living rooms, and dining rooms.

IMPORTANT SAFETY INSTRUCTIONS

WARNING: To reduce the risk of fire, electric shock, or personal injury, always follow these basic precautions:

- Ensure the power supply is disconnected before installation or maintenance.
- Installation must be performed by a qualified electrician.
- Mount the fan to a ceiling structure capable of supporting the fan's weight (6 kg).
- Ensure blades are at least 2.3 meters (7.5 feet) from the floor.
- Do not insert objects into the path of the rotating blades.
- Use only the remote control provided with the fan.

PACKAGE CONTENTS

Verify that all components are present and undamaged before proceeding with installation.

- 1 x Ceiling Fan Unit (Motor housing, blades)
- 1 x Remote Control
- Mounting Hardware (screws, brackets, etc. - specific details may vary)
- User Manual (this document)

Image: The remote control included with the Beliani Malad Ceiling Fan. It features buttons for fan speed (Low, Med, Hi), power (Light On/Off, Stop), and a timer function (1H, 2H, 4H, 8H).

SETUP AND INSTALLATION

Estimated Assembly Time: 45 - 60 minutes.

Tools Required: Standard household tools (screwdriver, wire strippers, ladder, etc.).

1. Preparation:

- Turn off power at the main circuit breaker.
- Ensure the mounting location is structurally sound and can support the fan's weight.

2. Mounting Bracket Installation:

- Secure the mounting bracket to the ceiling junction box using appropriate screws.

3. Wiring:

- Connect the fan's electrical wires to the household wiring according to local electrical codes. Ensure all connections are secure.

4. Fan Assembly:

- Attach the fan motor housing to the mounting bracket.
- Secure the three blades to the motor housing. Ensure they are firmly attached.

5. Final Checks:

- Double-check all connections and ensure no loose wires.
- Verify that the fan is securely mounted and balanced.

OPERATING INSTRUCTIONS

Your Beliani Malad Ceiling Fan is operated using the included remote control.

Remote Control Functions:

- **LOW / MED / HI:** Adjusts the fan speed to low, medium, or high settings.
- **LIGHT ON/OFF:** (Note: This model does not include a light. This button may be non-functional or reserved for other models.)
- **STOP:** Turns the fan off.
- **1H / 2H / 4H / 8H:** Activates the programmable timer. The fan will automatically turn off after the selected duration (1, 2, 4, or 8 hours).

After installation, restore power at the circuit breaker. Point the remote control towards the fan to operate it.

MAINTENANCE

Regular maintenance ensures optimal performance and extends the lifespan of your ceiling fan.

- **Cleaning Metal Parts:**
 - Clean with a soft cloth and a mild detergent.
 - Wipe dry thoroughly immediately after cleaning.

- To prevent scratches, avoid abrasive cleaners.
- For copper or chrome-plated elements (if applicable), use a specialized polishing product.

- **Cleaning Synthetic Parts (Blades):**

- Clean with a soft cloth and a mild detergent.
- Wipe dry thoroughly immediately after cleaning.

- **General Care:**

- Periodically check all screws and connections for tightness.
- Do not use water directly on the fan.

TROUBLESHOOTING

Problem	Possible Cause	Solution
---------	----------------	----------

Problem	Possible Cause	Solution
Fan does not start	No power supply; Loose wiring; Remote control battery low.	Check circuit breaker; Verify all electrical connections; Replace remote control batteries.
Fan wobbles excessively	Loose mounting screws; Unbalanced blades.	Tighten all mounting screws; Check blade balance and adjust if necessary.
Remote control not working	Batteries dead or incorrectly inserted; Obstruction between remote and receiver.	Replace batteries, ensuring correct polarity; Remove any obstructions.
Unusual noise from fan	Loose screws; Internal component issue.	Check and tighten all screws; If noise persists, contact customer support.

SPECIFICATIONS

Brand	Beliani
Model Name	MALAD
Model Number	392734
ASIN	B0C8C2HD2G
Color	Black (Motor Housing), Light Wood Effect (Blades)
Main Material	Metal
Secondary Material	Synthetic Material
Finish Type	Painted, Wood Effect, Matte
Number of Blades	3
Power Consumption	45 Watts
Voltage	230 V (50 Hz)
Noise Level	50 Decibels
Number of Speeds	3 (Low, Medium, High)
Control Method	Remote Control
Mounting Type	Flush Mount
Dimensions (Overall)	114 cm (Depth) x 114 cm (Width) x 23 cm (Height)
Base Dimensions	18 cm (Diameter) x 20 cm (Height)
Cable Length	45 cm
Item Weight	6 Kilograms
Country of Origin	China
