Nothing Ear 2 Wireless Earbuds User Manual

Model: Nothing Ear 2

Brand: Nothing

INTRODUCTION

Welcome to the user manual for your Nothing Ear 2 Wireless Earbuds. These earbuds are designed to provide a superior audio experience with advanced features such as Active Noise Cancellation, high-fidelity sound, and seamless connectivity. This manual will guide you through the setup, operation, maintenance, and troubleshooting of your new earbuds to ensure optimal performance and longevity.

Image: Nothing Ear 2 Wireless Earbuds, showcasing their distinctive transparent design.

WHAT'S IN THE BOX

Your Nothing Ear 2 package includes the following components:

- Nothing Ear 2 Wireless Earbuds (Left and Right)
- Protective Charging Case
- USB-C Charging Cable (not explicitly listed but standard)
- Multiple Sizes of Ear Tips (not explicitly listed but standard for in-ear)
- User Manual (this document)

SETUP

1. Charging the Earbuds and Case

Before first use, ensure both the earbuds and the charging case are fully charged.

- Place the earbuds into the charging case. Ensure they are correctly seated.
- Connect the charging case to a power source using a USB-C cable. The LED indicator on the case will show charging status.
- The case also supports Qi-certified wireless charging. Place the case on a compatible wireless charging pad.

Image: Nothing Ear 2 Earbuds securely placed within their transparent charging case.

36Hours Music Playback* Ready for Non-stop Enjoyment

Optimized for low power consumption, the NOTHING Ear 2 Earbuds features a combined battery life of 36 hours (with charging case)

(ANC Off)

Up to
36 hrs in the case

Ear (2) case charges with Qi certified wireless chargers or USB-C chargers

Image: Visual representation of the Nothing Ear 2's 36-hour battery life with the charging case (ANC off).

2. Pairing with Your Device

The Nothing Ear 2 supports Bluetooth 5.3 for stable and efficient connections.

1. Open the charging case with the earbuds inside.
2. Press and hold the function button on the case until the LED indicator starts blinking, indicating pairing mode.
3. On your device (smartphone, tablet, etc.), go to Bluetooth settings and select "Nothing Ear 2" from the list of available devices.
4. For Android users, the earbuds support **Google Fast Pair** for quick and easy connection.
5. For Windows users, **Microsoft Swift Pair** is supported for seamless pairing.
6. The earbuds also feature **Dual Connection**, allowing them to be simultaneously connected to two devices and switch between them effortlessly.

3. Fitting the Earbuds

Proper fit is crucial for sound quality and Active Noise Cancellation performance.

- Select the ear tips that provide the best seal and comfort for your ears.
- Gently insert the earbuds into your ear canal and twist slightly to secure them.
- The earbuds feature **in-ear detection**, which automatically pauses playback when removed and resumes when reinserted.

OPERATING YOUR EARBUDS

Controls

The Nothing Ear 2 earbuds utilize touch and squeeze controls for various functions.

- **Play/Pause:** Single squeeze on either earbud.
- **Next Track:** Double squeeze on either earbud.

- **Previous Track:** Triple squeeze on either earbud.
- **Answer/End Call:** Single squeeze during an incoming call.
- **Reject Call:** Press and hold during an incoming call.
- **Switch ANC Modes:** Press and hold on either earbud (customizable via app).
- **Voice Assistant:** Customizable via the Nothing X app.

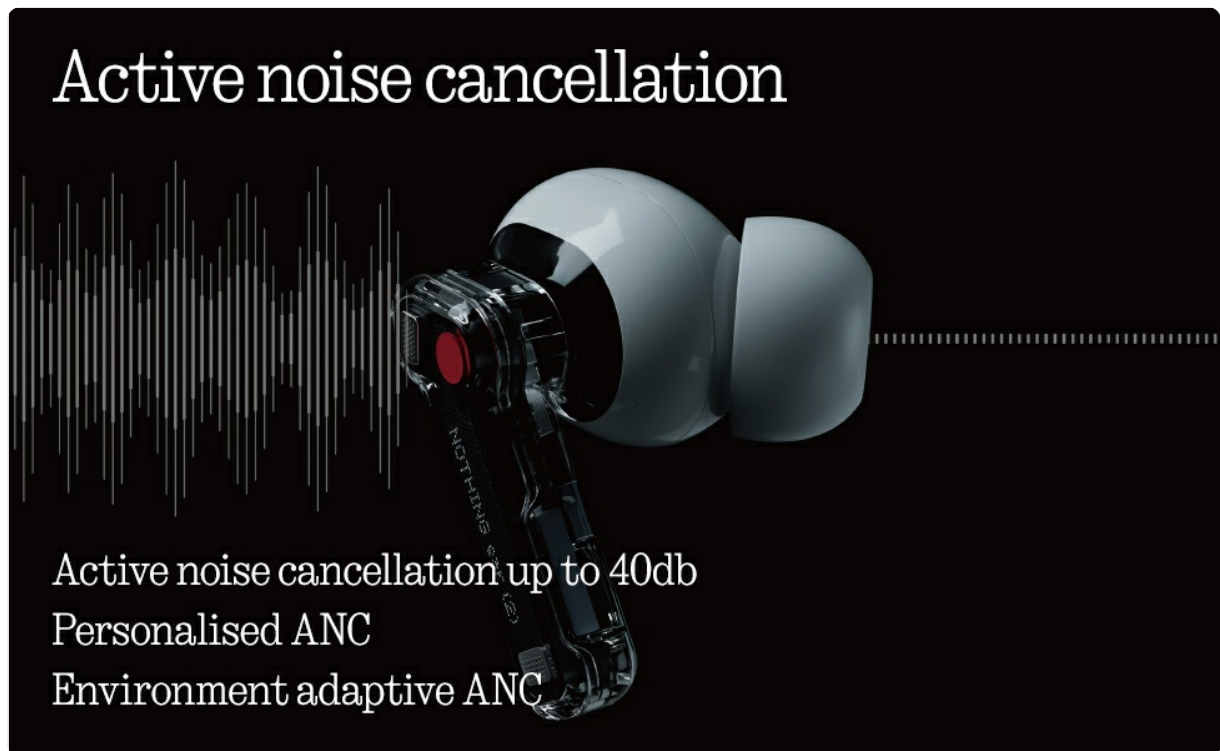

Image: The earbuds are shown with water droplets, highlighting their IP54/IP55 water resistance and indicating the press control feature.

Active Noise Cancellation (ANC)

Experience immersive sound with advanced noise cancellation features:

- **ANC up to 40dB:** Significantly reduces ambient noise for focused listening.
- **Personalized ANC:** Tailors noise cancellation to your ear canal for optimal performance.
- **Environment Adaptive ANC:** Automatically adjusts noise cancellation levels based on your surroundings.
- **Transparency Mode:** Allows you to hear your surroundings without removing the earbuds.

NOTHING ear (2)

Mighty little things.

Ear (2)
Better sound.
Better clarity.
Just better.

Image: A visual representation of how Active Noise Cancellation works, showing sound waves being effectively reduced by the earbud.

Sound Quality

The Nothing Ear 2 is engineered for truly authentic sound:

- **11.6mm Custom Driver:** Delivers powerful bass and rich high notes.
- **Dual Chamber Design:** Enhances airflow for brighter, clearer audio.
- **Hi-Res Certified:** Supports high-resolution audio playback.
- **Personal Sound Profile:** Conduct a hearing test via the Nothing X app to create a personalized sound profile for an optimized listening experience.

IP54 Ear (2) IP55 Ear (case)
Press control

Enhanced performance

Image: A person wearing a Nothing Ear 2 earbud, emphasizing the product's focus on delivering truly authentic sound.

Clear Voice Technology

Enjoy crystal-clear calls even in noisy environments:

- Equipped with **3 microphones per earbud**.
- Utilizes advanced algorithms to effectively separate and enhance your voice, reducing background noise during calls.

Low Lag Mode

For an optimized gaming or video streaming experience, activate Low Lag Mode via the Nothing X app.

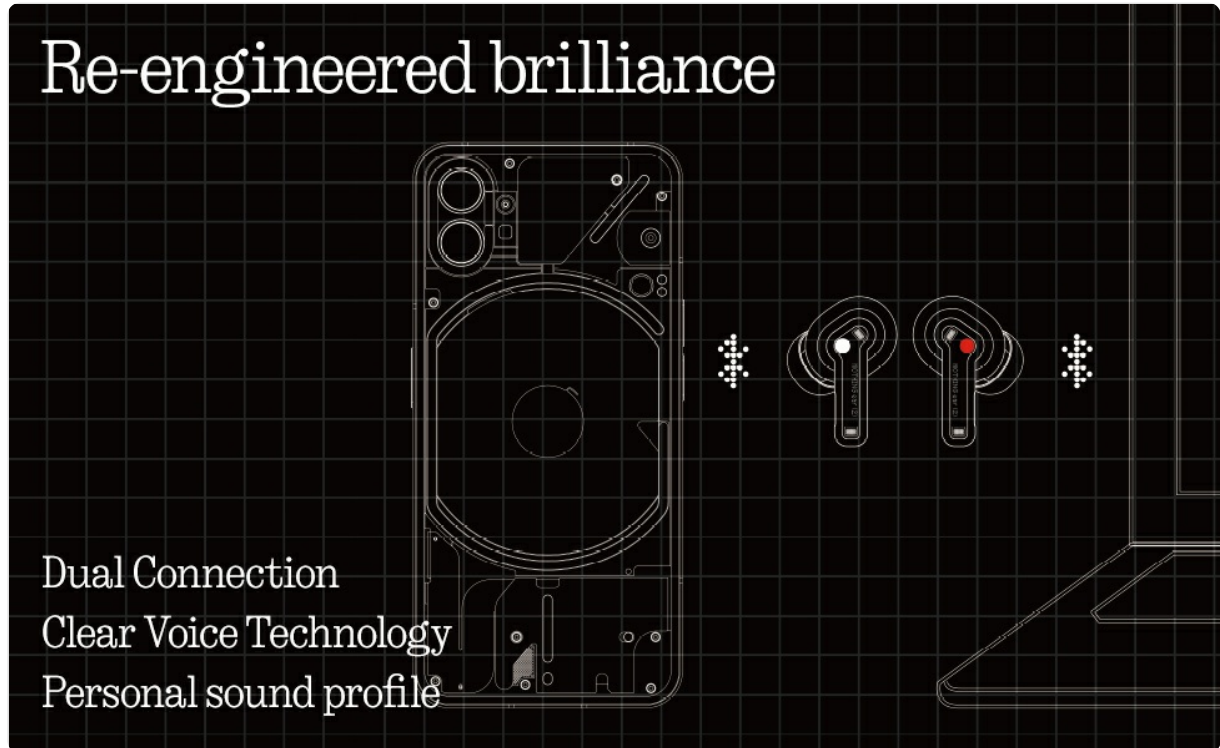

Image: A diagram illustrating the seamless integration and advanced features of Nothing Ear 2, including Dual Connection and Clear Voice Technology.

MAINTENANCE

Cleaning

Regular cleaning helps maintain sound quality and hygiene.

- Use a soft, dry, lint-free cloth to clean the earbuds and charging case.
- Gently remove any earwax or debris from the ear tips and speaker mesh using a small, soft brush or cotton swab.
- Avoid using abrasive materials or harsh chemicals.
- Due to the transparent design of the case, regular cleaning will help maintain its aesthetic appearance.

Water and Dust Resistance

The Nothing Ear 2 earbuds and case offer protection against water and dust:

- Earbuds: **IP54** rated for dust and splash resistance.
- Charging Case: **IP55** rated for dust and jetting water resistance.
- These ratings indicate protection against sweat and light rain, but the earbuds are not designed for

submersion in water.

TROUBLESHOOTING

If you encounter any issues with your Nothing Ear 2 earbuds, try the following solutions:

Problem	Possible Solution
Earbuds not pairing	Ensure earbuds are charged. Place them in the case, close, then open and press the function button to enter pairing mode. Check your device's Bluetooth settings.
No sound or low volume	Check device volume. Ensure earbuds are properly seated in your ears. Clean ear tips and speaker mesh. Re-pair the earbuds.
ANC not effective	Ensure proper ear tip seal. Try different ear tip sizes. Perform the Personalized ANC test in the Nothing X app.
Earbuds not charging	Ensure charging cable is securely connected. Check power source. Clean charging contacts on earbuds and case. Try wireless charging if available.
Connectivity issues (drops, lag)	Ensure your device is within Bluetooth range (10 meters). Avoid interference from other wireless devices. Update earbud firmware via the Nothing X app.

Packing List

Overview

Note: Please REMOVE protective film of the LED power display screen and charging point before using them.

Product Specification

- Model Name: D8
- Bluetooth Version: V3.0
- Support: A2DP, HFP, HSP, AVRCP
- Earbuds Size/Weight: 48*28*22mm/7g
- Charging Case Size/Weight: 109*32*25mm/12g
- Charging Port: Type-C
- Standby Time: 180h
- Earbud Battery: 70mAh
- Charging Case Battery: 600mAh
- Transmission Range: 10 feet (without obstacle)

Power On/Off

- Auto Power On**
Take the earbuds out from the charging case, they will turn on automatically.
- Auto Power Off**
Put the earbuds back into the charging case, they will disconnect & turn off automatically.
- Manually Power On**
If the earbuds are out of the charging case and power off, then press & hold them for 2s, they will power on.
- Manually Power Off**
In non-music mode or standby mode, press & hold either earbud for 5s, both earbuds will power off at the same time.

Bluetooth Connection

Prior to first use (or not in use for long time), please fully charge both earbuds and charging case.

First Time Pairing

- Step 1:** Take both earbuds out from charging case, they will automatically power on and enter pairing mode.
At this time, red indicator of master earbud will flash blue & red light alternately, and the slave earbud indicator flashes blue 3 times every 2s.
- Step 2:** Activate the Bluetooth setting on your phone, search and connect "D8".

Once connected, the red light of both earbuds goes off.

Note: If the earbuds are not connected to your device over 5 minutes, the earbuds will power off automatically.

For Second Time Use

If the earbuds have already connected with your device, and the Bluetooth setting of this device is on, in the second time using, when you take out the earbuds from the charging case, they will connect with your device automatically.

Pair with Other Device

D8 sports earbuds have memory function, they usually auto connect with the last paired device.
Thus, if you want to pair them with other device, you should disconnect "D8" from the last paired device, AND forget the pairing record on the last device. Then try to connect it to a new device, it should work properly.

Mono Mode (Only Left/Right Earbud is being Used)

You can use one earbud alone, leave another earbud in the charging case.
• When in dual mode, put one earbud into the charging case.
• On using side one earbud out of the charging case, then search & connect "D8" on your device.

Factory Restore Settings

When should I reset?

- Only one earbud plays music.
- Both earbuds can not work with together.
- Occur connection issues.

Follow Steps Below to Reset Earbuds

- Step 1:** Delete the pairing name "D8" on your phone and deactivate the Bluetooth setting of all devices near by the earbuds.
- Step 2:** Put the two earbuds in the charging case, leave them in the charging state.
- Step 3:** Press the MFB button for 5 seconds, then the earbud will flash red & blue light alternately for 3 seconds, which means the both earbuds have reset successfully.
- Step 4:** Now, pick up the earbuds to turn them on, activate the Bluetooth setting on your phone search and select "D8" to connect, it should work properly.
If not, please put the earbuds back to the charging case and repeat the steps above.

Note: After resetting, the pairing record between the earbuds and all your devices will be cleared. In case there is any unsuccessful message in your device, please consider to delete the historical record of "D8" and try the pairing process again.

Earbuds Charging

To Charge Earbuds
Insert the earbuds into charging case properly, they will power off & get charged.
Flash during charging
Turn off once fully charged.

[Earbud's LED light: Red light on means "being charged", Red light off means "fully charged".]

D8 Wireless Earbuds User Manual

User manual for the D8 Wireless Earbuds, detailing features, setup, operation, and troubleshooting. Includes information on Bluetooth pairing, charging, call and music controls, and safety precautions.

Low Battery Alarm

When the battery is less than 10% (and the voltage is lower than 3.6V), a prompt voice "Please charge" will be activated, announce once every 5 minutes and 5 times in total, and then the earbuds will power off as usual.

Tip: If the earbuds don't charge or even can't turn on, that may because there is oxidized layer or something else on the charging connector or charging pin. You can solve this problem by cleaning the magnet connector on the earbuds and charging pin on the charging case with another way.

01

Charging Case Charging

Type-C Charging

There is a Type-C charging cable in the small black paper box inside the packing box. Please use the provided Type-C cable with a 5V/1A adapter(not included) to charge the charging case.

During charging, the charging case power display will show the battery in red. Once the battery will be displayed as 100 when fully charged.

Wireless Charging

Easy to charge your charging case without cables, just put the charging case on a wireless charging pad.

If the charging case doesn't start to charge, please try to inspect it. (Wireless Charging Pad Not Included)

02

To Charge Your Phone

Fully charged charging case supports charging your mobile phone, connect it to your mobile phone with your charging cable.

How to Wear the Earbuds Correctly?

Choose both fit ear tips, gently push the earbuds into your ears and adjust them to get a comfortable fit.

04

Safety Attention

1. Do not use the earbuds while driving a car, operating machinery or performing other activities that require hearing surrounding sounds.
2. Using earbuds at high to moderate volume for extended periods of time will result in permanent hearing damage. It is advised you keep volume levels moderate to low at times for your safety.
3. Please avoid use in thundering and raining days to prevent damage or electrical shock.
4. Please keep the earbuds out of extreme heat or humidity, do not use any corrosive chemical to clean the earbuds.
5. Please avoid disassemble/reassemble the product in case of failure or fire accident.
6. Please keep beyond the reach of kids or pets.
7. Please stop using the device if it causes any discomfort or pain.
8. As the Bluetooth signal cannot transmit in water, it is not suitable for swimming or diving. If submerged in water, do not turn the earbuds on until completely dried.

How to Place the Earbuds?

11

How to Sync Volume on Android?

To protect users from potential hearing damage, Android's limit on max volume is quite low for Bluetooth audio devices.

If you feel the volume is too low, please access developer options and enable absolute volume, so you'll be able to use the volume at your own version and to the full capabilities of your Bluetooth devices.

(Please scan this QR code to watch a video to learn more details.)

Find Build Number Firstly

Android 4.2 and lower: Go Developer options screen is available by default.

Android 4.2 and higher: The Developer options in Android phones are hidden, you must enable this screen through Build Number.

Android 7.1 and lower: Settings -> About Phone -> Build Number

Android 8.0 and Android 8.1: Settings -> System -> About Phone -> Build Number

Enable Developer Options

Locate the Build number and tap it about 7 times in succession to enable Developer options. You may also have to tap in your PIN for verification. Once developer options are activated, you will see a message that reads "You are now a developer".

12

Go back to the Settings pane, search Developer options as an entry. At the top of the Developer options screen, you can toggle the options as figure 1.

Figure 1

Enable Absolute Volume

Scroll down until you reach the Networking section. Once there, enable (toggle ON) the absolute volume option as figure 2.

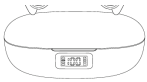

Figure 2

Note: These options in the figure may be different from the device you're using. Typically, the choice depends on the type and model of the device you are working with.
