Game Flow

1. **Starting the Game:** Each player rolls the dice. The player with the highest roll goes first. Play proceeds clockwise.
2. **Player's Turn:** On your turn, roll both dice and move your token clockwise around the board the number of spaces indicated by the dice.
3. **Landing on Spaces:**
 - **Unowned Property:** You may buy the property for the price printed on the board. If you decline, the property is auctioned off to the highest bidder.
 - **Owned Property:** If another player owns the property, you must pay rent to that player. Rent varies based on whether the property is part of a color set and if it has houses or hotels.
 - **Chance or Community Chest:** Draw the top card from the respective pile and follow its instructions.
 - **Go to Jail:** Move your token directly to the "In Jail" space. You do not collect \$200 for passing GO.
 - **Free Parking:** This is a free resting space.
 - **Income Tax/Luxury Tax:** Pay the specified amount to the bank.
 - **GO:** If you pass or land on GO, collect \$200 from the bank.
4. **Doubles:** If you roll doubles, take your turn as usual, then roll again. If you roll doubles three times in a row, you immediately go to Jail.
5. **Building:** Once you own all properties in a color group, you can build houses and then hotels on them during your turn or between turns. Houses must be built evenly across properties in a color group.
6. **Mortgaging:** If you need money, you can mortgage properties. Mortgaged properties do not collect rent.
7. **Bankruptcy:** If you owe more money than you can pay, even by mortgaging properties and selling houses/hotels, you are bankrupt and out of the game.
