Key Features:

- **Integrated Storage Bag:** Includes a fabric storage bag for convenient storage of personal items like phones, glasses, or books.
- **Comfortable Mattress:** Features a 1.5-inch memory foam layer over a 3.5-inch base support foam for a comfortable sleeping experience.
- **Durable Construction:** Built with a sturdy premium steel frame for long-term stability and support.

- **Space-Saving Design:** Easily folds in half to a compact 12.8-inch thickness for storage in limited spaces.
- **Quick Assembly:** Designed for assembly by one person in approximately 15 minutes with clear instructions and labeled parts.

2. Safety Information

Please read and understand all safety instructions before assembling or using the folding bed. Failure to follow these instructions may result in injury or product damage.

- Ensure all components are properly assembled and tightened before use to prevent collapse.
- Do not exceed the recommended weight limit for the bed frame. Refer to the specifications section for details.
- Keep the storage bag and any plastic packaging out of reach of children to avoid suffocation hazards.
- Exercise caution when folding and unfolding the bed to avoid pinching fingers or other body parts.
- Ensure the lockable wheels are engaged when the bed is in use to prevent unintended movement.
- Do not jump on the bed or use it for purposes other than sleeping.

3. Assembly Instructions

The CAIYUN Folding Bed is designed for quick and easy assembly. It can typically be assembled by one person in about 15 minutes. Ensure all parts are present before beginning assembly.

Components Checklist:

- Folding Bed Frame (pre-assembled in folded state)
- Memory Foam Mattress
- Storage Bag
- Assembly Tools (e.g., Allen wrench)
- Instruction Manual

Assembly Steps:

1. Carefully remove all components from the packaging.
2. Unfold the bed frame partially. The frame is typically secured for shipping; carefully release any temporary fasteners.
3. Extend the bed frame fully until it locks into place. Ensure all support legs are securely deployed.
4. Attach any additional support bars or components as indicated in the included diagram. Use the provided tools to tighten all screws firmly.
5. Place the memory foam mattress onto the unfolded bed frame.
6. Secure the mattress to the frame using the integrated Velcro straps located underneath the mattress.
7. Attach the fabric storage bag to the side of the bed frame as desired.
8. Ensure all wheels are functional and lockable wheels are engaged when the bed is stationary.

4. Operating Instructions

Unfolding the Bed:

1. Ensure the area around the bed is clear of obstructions.
2. Release the locking mechanism that holds the bed in its folded position.
3. Gently pull the two halves of the bed apart until the frame is fully extended and the legs are deployed. Ensure all legs are stable on the floor.
4. Engage the lockable wheels to prevent the bed from moving during use.

Folding and Storing the Bed:

1. Remove any bedding, pillows, or items from the storage bag.
2. Disengage the lockable wheels.
3. Lift one end of the bed and fold it towards the other end, allowing the frame to collapse into its compact form.

4. Secure the folded bed with the integrated locking mechanism or straps to prevent it from unfolding.
5. The bed can then be rolled away on its wheels for storage.

5. Maintenance

Frame Care:

- Wipe the metal frame with a dry cloth to remove dust and debris.
- Avoid using harsh chemicals or abrasive cleaners, as these may damage the finish.
- Periodically check all screws and bolts to ensure they remain tight. Retighten if necessary.

Mattress Care:

- The mattress cover can be unzipped and removed for cleaning. Follow the care instructions on the mattress label.
- Spot clean any spills on the mattress immediately with a mild detergent and damp cloth. Allow to air dry completely.
- Consider using a mattress protector to extend the life and cleanliness of the mattress.

6. Troubleshooting

Difficulty with Assembly:

- **Screws not aligning:** Double-check that you are using the correct screws for each part and that the frame components are oriented correctly. Sometimes, a slight adjustment or gentle pressure is needed to align holes.
- **Parts stuck during shipping:** Some components may be tightly secured for transit. Carefully follow the initial unpacking steps to release any temporary fasteners without excessive force.
- **Missing tools:** The bed should come with all necessary assembly tools. If a specific tool (e.g., a second size of Allen wrench) is missing, contact customer support.

Mattress Comfort Issues:

- **Feeling the metal frame:** Ensure the mattress is properly centered and secured with the Velcro straps. If discomfort persists, an additional mattress topper can be used.
- **Mattress dip in the middle:** This can occur over time with folding mattresses. Rotate the mattress regularly to distribute wear. For extended use, consider a thicker mattress topper.

Bed Not Folding/Unfolding Smoothly:

- Ensure all bedding is removed before folding.
- Check for any obstructions or debris in the folding mechanism.
- Verify that the locking mechanisms are fully disengaged before attempting to fold or unfold.
