

Philips SCF190/41

Philips Soothie Pacifier with Case (0-3 Months, Green)

Model: SCF190/41

1. PRODUCT OVERVIEW

The Philips Soothie Pacifier with Case is designed for infants aged 0 to 3 months. This product is engineered to provide comfort and meet the specific needs of newborns, adhering to high safety and quality standards.

The pacifier features a one-piece construction made from hospital-grade silicone, ensuring durability and ease of cleaning. Its unique design is intended to fit comfortably in a baby's mouth, promoting natural oral development. The included case provides a hygienic storage solution for the pacifier when not in use.

2. SAFETY INFORMATION

Your child's safety is paramount. Please read and follow all safety instructions carefully.

- **Inspection:** Before each use, inspect the pacifier carefully. Pull the pacifier in all directions. Discard at the first signs of damage or weakness.
- **Hygiene:** Always clean and sterilize the pacifier before first use and after each subsequent use.
- **Attachment:** Never attach ribbons or cords to a pacifier, as they can pose a strangulation hazard.
- **Storage:** Store the pacifier in the provided case or a clean, dry container away from direct sunlight or heat.
- **Replacement:** For safety and hygiene, replace pacifiers after four weeks of use.
- **Supervision:** Always use this product with adult supervision.

This product complies with American Academy of Pediatrics (AAP) guidelines for infant pacifiers.

3. SETUP AND FIRST USE

3.1 Unpacking

Carefully remove the pacifier and case from the packaging. Ensure all packaging materials are discarded safely and out of reach of children.

3.2 Initial Cleaning and Sterilization

Before first use, it is essential to clean and sterilize the pacifier thoroughly.

1. Wash the pacifier and case in warm, soapy water.
2. Rinse thoroughly with clean water.
3. For sterilization, place the pacifier in boiling water for 5 minutes. Ensure there is enough water to prevent damage.
4. Allow the pacifier to cool completely before giving it to your baby.
5. The case can be washed with warm, soapy water and air-dried. Do not boil the case.

Easy to clean and sterilize

4. OPERATING INSTRUCTIONS

4.1 Offering the Pacifier

Gently offer the pacifier to your baby. The design is intended to mimic the shape of a mother's nipple, which can help with acceptance. Allow your baby to take the pacifier at their own pace.

Used by medical professionals

to calm newborns

4.2 Promoting Bonding

The unique design of the Soothie pacifier allows you to place your finger in the nipple. This feature can help facilitate bonding between parent and baby by allowing you to gently hold the pacifier in place and interact with your baby while they are soothing.

5. MAINTENANCE AND CARE

5.1 Daily Cleaning

After each use, wash the pacifier with warm water and mild soap. Rinse thoroughly to remove any soap residue. Air dry or pat dry with a clean cloth.

5.2 Sterilization

Sterilize the pacifier regularly, especially for newborns. Methods include:

- **Boiling:** Place in boiling water for 5 minutes.
- **Steam Sterilizer:** Follow the manufacturer's instructions for your steam sterilizer.
- **Dishwasher:** The pacifier is dishwasher-safe (top rack only).

5.3 Storage

When not in use, store the pacifier in its protective case to keep it clean and hygienic. Keep the case clean by washing it with warm, soapy water and air-drying.

6. TROUBLESHOOTING

- **Baby not accepting pacifier:** Ensure the pacifier is clean and at a comfortable temperature. Try offering it during a calm moment or after feeding. Some babies may prefer different pacifier shapes or materials.
- **Pacifier falling out:** This is common, especially with newborns. Ensure the pacifier is correctly positioned. The Soothie's design allows for a secure fit, but constant re-insertion may be needed initially.
- **Discoloration:** Prolonged exposure to certain foods or liquids may cause slight discoloration. This does not affect the safety or function of the pacifier.
- **Damage:** If you notice any cracks, tears, or stickiness, discard the pacifier immediately and replace it.

7. SPECIFICATIONS
