VINGLI LTLED-D30V6W0.2A

VINGLI 6ft Pre-lit Pop Up Christmas Tree with Lights

MODEL: LTLED-D30V6W0.2A

Instruction Manual

Introduction

Welcome to your VINGLI 6ft Pre-lit Pop Up Christmas Tree. This artificial pencil tree is designed for quick and easy holiday decoration, featuring pre-attached ornaments and integrated LED lights. Its collapsible design ensures convenient setup and compact storage, making it an ideal choice for festive ambiance without extensive effort.

Setup Instructions

Follow these steps for a quick and easy assembly of your Christmas tree.

1. **Unpacking:** Carefully remove all components from the packaging. Verify that all parts are present: the collapsed tree unit, the stand base, and the support poles.

2. **Assemble the Stand:** Connect the four legs to the central base piece to form a stable cross-shaped stand. Insert the support poles into the center of the assembled stand, ensuring they are securely connected.
3. **Position the Tree:** Gently lift the collapsed tree unit. Align the top of the tree unit with the top of the assembled support poles. Carefully lower the tree unit over the poles, allowing it to expand downwards. The pre-decorated sections will naturally fall into place.
4. **Connect Power:** Locate the power connector for the LED lights and plug it into a standard electrical outlet.
5. **Fluffing (Optional):** While the tree is pre-decorated, you may gently adjust ribbons and ornaments to achieve your desired aesthetic.

Operating the Lights

Your VINGLI Christmas tree features 150 warm white LED lights with 8 different lighting modes and 2 color options (warm white and multi-color).

- **Remote Control:** Use the provided remote control to power the lights on/off, select lighting modes (1-8), adjust brightness (DIM+/-), and set timers (2H, 4H, 6H, 8H).
- **Manual Control:** In case the remote is misplaced, a button on the power adapter allows for cycling through lighting modes.

Maintenance and Storage

Proper care and storage will ensure the longevity of your Christmas tree.

- **Cleaning:** Dust the tree gently with a soft, dry cloth. Do not use liquid cleaners or abrasive materials, as these may damage the decorations or lights.
- **Storage:** Unplug the tree from the power source. Carefully lift the tree unit from the support poles. Allow the tree to collapse naturally. Disassemble the support poles and stand. Store the collapsed tree and components in its original packaging or a suitable storage container in a cool, dry place. The compact design allows it to fold down to approximately 24" x 24" x 4.7" for easy storage.

Troubleshooting

If you encounter any issues, refer to the following common solutions:

- **Lights Not Working:**
 - Ensure the power adapter is securely plugged into a functional electrical outlet.
 - Check the connection between the tree lights and the power adapter.
 - Verify the remote control batteries are functional.
 - Try cycling through lighting modes using the manual button on the power adapter.
- **Ornaments Falling Off:** Gently reattach any loose ornaments. The tree is designed for durability, but occasional adjustments may be needed during handling or storage.

Specifications
