

Pocket Hose Copper Bullet 25 FT

Pocket Hose Copper Bullet Expandable Garden Hose

USER MANUAL

Introduction

Thank you for choosing the Pocket Hose Copper Bullet. This innovative expandable garden hose is designed for ease of use, durability, and efficient watering. This manual provides essential information for the proper setup, operation, maintenance, and troubleshooting of your new hose to ensure years of reliable performance.

Please read this manual thoroughly before first use and retain it for future reference.

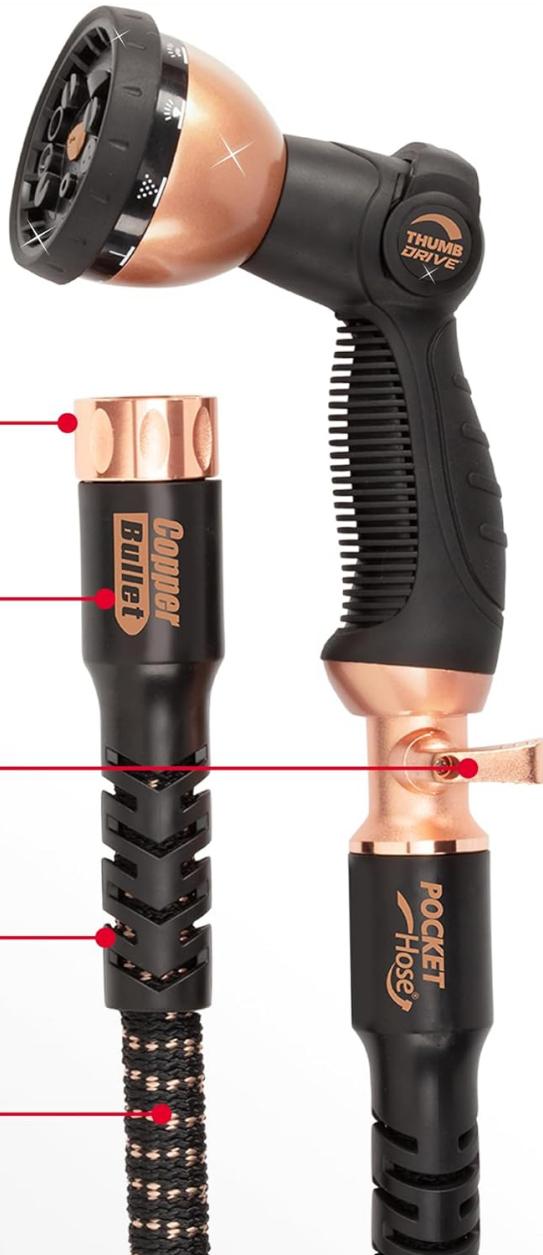

Product Features

The Pocket Hose Copper Bullet incorporates advanced design and materials for superior performance:

- **Original Expandable Design:** Expands to full length when water is turned on and shrinks back for compact storage when water is off.
- **Copper-Infused & Lead-Free:** Ensures water is safe for drinking, pets, and plants.
- **Durable Construction:** Features 3 layers of high-strength latex interior and a tear-resistant polymer blend exterior, 3 times stronger than previous models.
- **Kink-Free & Ultra-Lightweight:** Designed to prevent kinks and tangles, making yard work effortless.
- **Advanced Polymer Technology (APT) Connections:** Protects connections, allowing flexibility and preventing creases and leaks at the spigot.
- **Easy On/Off Valve:** Conveniently controls water flow and facilitates accessory attachment/removal.
- **Oversized Connectors:** Designed for easier twisting on and off, even with wet hands or gloves.
- **10-Pattern Thumb Spray Nozzle:** Included for versatile watering tasks with easy thumb-controlled

on/off functionality.

What Makes Pocket Hose #1

Key features of the Pocket Hose Copper Bullet, highlighting its robust construction and user-friendly design.

Package Contents

Your Pocket Hose Copper Bullet package should include:

- 1 x Pocket Hose Copper Bullet Expandable Garden Hose (25 FT)
- 1 x 10-Pattern Thumb Spray Nozzle

Setup

1. **Connect to Spigot:** Attach the oversized connector of the Pocket Hose Copper Bullet to your outdoor water spigot. Ensure a snug fit to prevent leaks. The Advanced Polymer Technology (APT) connections are designed to flex and swivel, reducing stress.
2. **Attach Nozzle:** Securely attach the 10-Pattern Thumb Spray Nozzle to the other end of the hose.

3. **Position Hose:** Lay the hose out in the desired area. Ensure there are no kinks or obstructions before turning on the water.

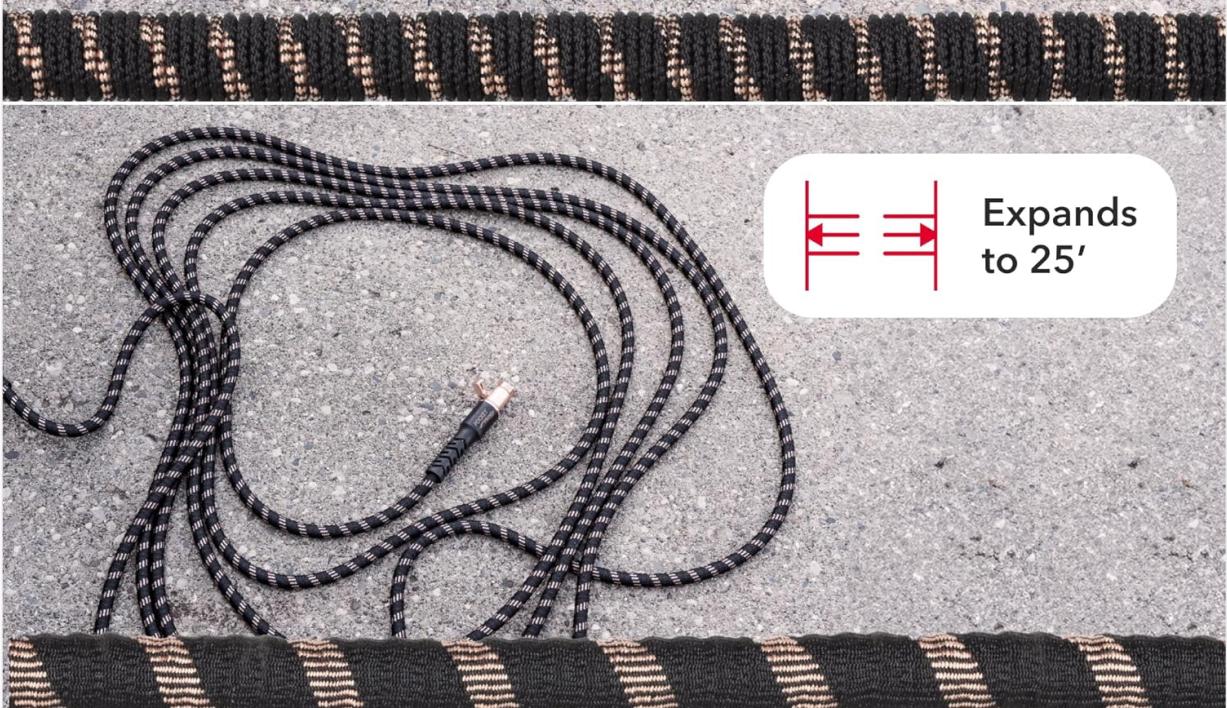

With Premium Leak-Free Materials That Last!

Connecting the hose to the spigot. The APT connections ensure a secure and flexible fit.

Operating Instructions

1. **Expand the Hose:** Slowly turn on the water at the spigot. The Pocket Hose Copper Bullet will automatically expand to its full 25-foot length as it fills with water.
2. **Use the Spray Nozzle:** The included 10-Pattern Thumb Spray Nozzle allows for easy control. Use your thumb to slide the lever to turn the water on or off. Rotate the nozzle head to select from various spray patterns (e.g., Full, Shower, Cone, Flat, Mist, Jet, Vertical, Center, 1/2 Vertical, Stream) suitable for different tasks.
3. **Shrink and Store:** When finished, turn off the water at the spigot. Open the nozzle to drain any remaining water from the hose. As the water drains, the hose will automatically contract back to its original compact size, making it easy to coil and store.

The hose expands when filled with water and shrinks for easy storage.

10-Mode Nozzle Sprayer

The 10-Pattern Thumb Spray Nozzle offers versatility for all watering needs.

Official Product Video: Operation Overview

Your browser does not support the video tag.

This video demonstrates the expansion and contraction of the Pocket Hose Copper Bullet, as well as the functionality of the spray nozzle. It highlights the ease of use and compact storage.

Maintenance

- Drain Completely:** Always ensure the hose is fully drained after each use. This helps it return to its compact size and prevents water from freezing inside during cold weather, which can cause damage.
- Proper Storage:** Store the hose indoors or in a shaded area when not in use. Prolonged exposure to direct sunlight can degrade the hose material over time. Its compact size allows for easy storage in small spaces, such as a garage shelf or a drawer.
- Inspect Regularly:** Periodically check the hose and connectors for any signs of wear, tears, or damage. Address any issues promptly to maintain optimal performance.

The Only Hose You'll Need for Every Watering Job

Proper storage helps prolong the life of your hose.

Troubleshooting

Problem	Possible Cause	Solution
Hose not expanding to full length.	Insufficient water pressure; kinks in the hose; not fully drained from previous use.	Ensure adequate water pressure. Check for and remove any kinks. Fully drain the hose after each use.
Leaks at the spigot or nozzle connection.	Loose connection; worn gasket; damaged connector.	Tighten connections securely. Inspect gaskets and replace if worn. Ensure the APT protector is intact.
Hose is leaking from the body.	Puncture or tear in the outer fabric or inner tube.	Inspect the hose for visible damage. If damaged, the hose may need replacement.

Problem	Possible Cause	Solution
Spray nozzle not functioning correctly.	Clogged nozzle; internal mechanism issue.	Check for debris in the nozzle head and clear if necessary. Ensure the thumb drive lever moves freely.

Specifications

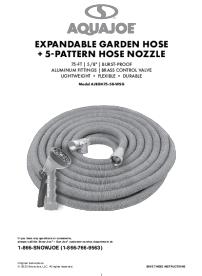

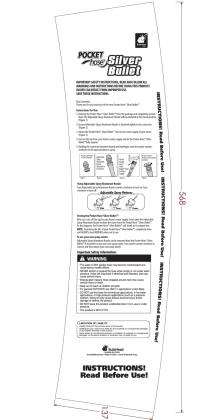

Specification	Detail
Brand	Pocket Hose
Model	Copper Bullet 25 FT
Material	Aluminum, Copper, Latex
Color	Copper
Product Dimensions (Expanded)	25 Feet (Length) x 0.75 Inches (Width)
Inside Diameter	0.75 Inches
Item Weight	2.29 pounds (1.04 Kilograms)
Maximum Pressure	650 Pound per Square Inch (psi)
UPC	097298078439
Included Components	Hose, 10-Pattern Spray Nozzle

Warranty and Support

The Pocket Hose Copper Bullet is designed for long-lasting performance and is backed by a **10-year guarantee**. This warranty covers manufacturing defects and ensures the hose performs as advertised under normal use conditions.

For warranty claims, technical support, or any questions regarding your Pocket Hose Copper Bullet, please contact the manufacturer, Bulbhead, directly through their official customer service channels. Refer to the product packaging or their website for the most current contact information.
