## MAINTENANCE

### 1. Battery Care

To prolong battery life, avoid extreme temperatures. It is recommended to fully charge the tablet before it completely drains. For long-term storage, charge the battery to about 50%.

### 2. Cleaning

Use a soft, lint-free cloth to clean the screen and body of the tablet. Avoid using harsh chemicals or abrasive materials that could damage the surface.

### 3. Software Updates

Periodically check for system updates to ensure your tablet has the latest features and security patches. Go to Settings > System > System update.

## 4. Storage Management

Regularly clear unnecessary files and apps to maintain optimal performance. You can manage storage in Settings > Storage.

## TROUBLESHOOTING

### Common Issues and Solutions:

- **Device not powering on:** Ensure the battery is charged. Connect the charger and try again.
- **Wi-Fi connection issues:** Restart the tablet and your Wi-Fi router. Check Wi-Fi settings to ensure correct password and network selection.
- **Apps crashing or freezing:** Close the app and reopen it. If the issue persists, clear the app's cache (Settings > Apps & notifications > App info > Storage & cache > Clear cache).
- **Slow performance:** Close background apps, clear cache, or consider a factory reset as a last resort (Settings > System > Reset options > Erase all data).
