4. MAINTENANCE AND CLEANING

Regular cleaning of your Bedsure Orthopedic Dog Bed will ensure its longevity and maintain a hygienic environment for your pet.

Removable Cover:

- Unzip and remove the outer cover from the foam mattress and bolsters.
- Machine wash the cover separately in cold water on a gentle cycle.
- Tumble dry on low heat or air dry to prevent shrinking or damage. Do not bleach or iron.

Waterproof Liner:

The foam mattress is encased in a waterproof liner to protect it from spills and accidents. This liner should not be machine washed. If soiled, wipe it clean with a damp cloth and mild detergent, then allow it to air dry completely before reassembling the bed.
