› [HITWAY Electric Bike for Adults 20" x4.0 Fat Tire Electric Bicycle with 750W Motor,48V 12AH Removable Battery E Bike Long Range 20-55mile with 7 Gears Foldable Ebike, UL2849 Certified ORANGE User Manual](#)

HITWAY BK10

HITWAY BK10 Electric Bike User Manual

Model: BK10 | Brand: HITWAY

The HITWAY BK10 Electric Bike, featuring 20"x4.0 fat tires and a robust design.

1. SETUP GUIDE

This section guides you through the initial assembly and setup of your HITWAY BK10 Electric Bike. For a visual guide, please refer to the official installation video below.

Official HITWAY BK10M Electric Bike Installation and Usage Video. This video demonstrates the complete assembly process from unboxing to final adjustments.

1.1 Unboxing and Accessory Check

Carefully open the outer packaging box and remove all protective film from the bike. Verify that all accessories are complete as shown in the video (0:04 - 0:19).

WHAT'S IN THE BOX

Ensure all components are present upon unboxing, including the electric bicycle, bike lock, and pump.

1.2 Handlebar Installation and Adjustment

Install the handlebar into the stem and adjust it to your preferred height. Secure the quick-release lever firmly (0:20 - 1:05).

1.3 Front Headlight and Mudguard Installation

Attach the front headlight and mudguard to the front fork using the provided screws and tools (1:06 - 1:50).

1.4 Front Wheel Installation

Carefully install the front wheel into the fork, ensuring the brake rotor aligns correctly with the caliper. Secure it with the quick-release skewer (1:51 - 2:12).

1.5 Rear Mudguard Installation

Install the rear mudguard to protect against splashes (2:13 - 2:45).

1.6 Pedal Installation

Identify the left (L) and right (R) pedals. Thread them into the crank arms and tighten securely with a wrench (2:46 - 3:08).

1.7 Seat Adjustment

Adjust the seat post to an appropriate height for comfortable riding, then secure the quick-release clamp (3:09 - 3:30).

1.8 Handlebar Angle Adjustment

Adjust the angle of the front handlebar for optimal riding posture and control (3:31 - 3:37).

1.9 Bell and Reflector Installation

Install the bell and front reflector on the handlebar for safety and visibility (3:38 - 3:58). Attach the front and rear wheel reflectors to the spokes (3:59 - 4:42).

2. OPERATING INSTRUCTIONS

Familiarize yourself with the bike's controls and riding modes for a safe and enjoyable experience.

2.1 Power On/Off and Gear Adjustment

Long press the power button on the LCD display to turn the device on or off. Use the "+" and "-" keys to adjust the gears (5:26 - 5:35).

The multi-function smart LCD display provides essential riding information.

2.2 Lighting Control

Double-click the "+" key on the display to turn on or off the front and rear lights (5:36 - 5:39).

2.3 Riding Modes

The HITWAY BK10 offers multiple riding modes to suit your needs:

- **Pure Ebike Mode:** Full electric power, no pedaling required.
- **PAS (Pedal Assist System) Mode:** Motor provides assistance as you pedal.

- **Classic Pedal Mode:** Ride as a traditional bicycle without electric assistance.
- **Walk Mode:** Provides low-speed assistance for walking alongside the bike.

DIVERSE RIDING PATTERNS

3+1 Working modes satisfy your riding needs including pedal-assist, pure electric, classic pedal and walk modes.

The bike supports multiple working modes to satisfy various riding needs.

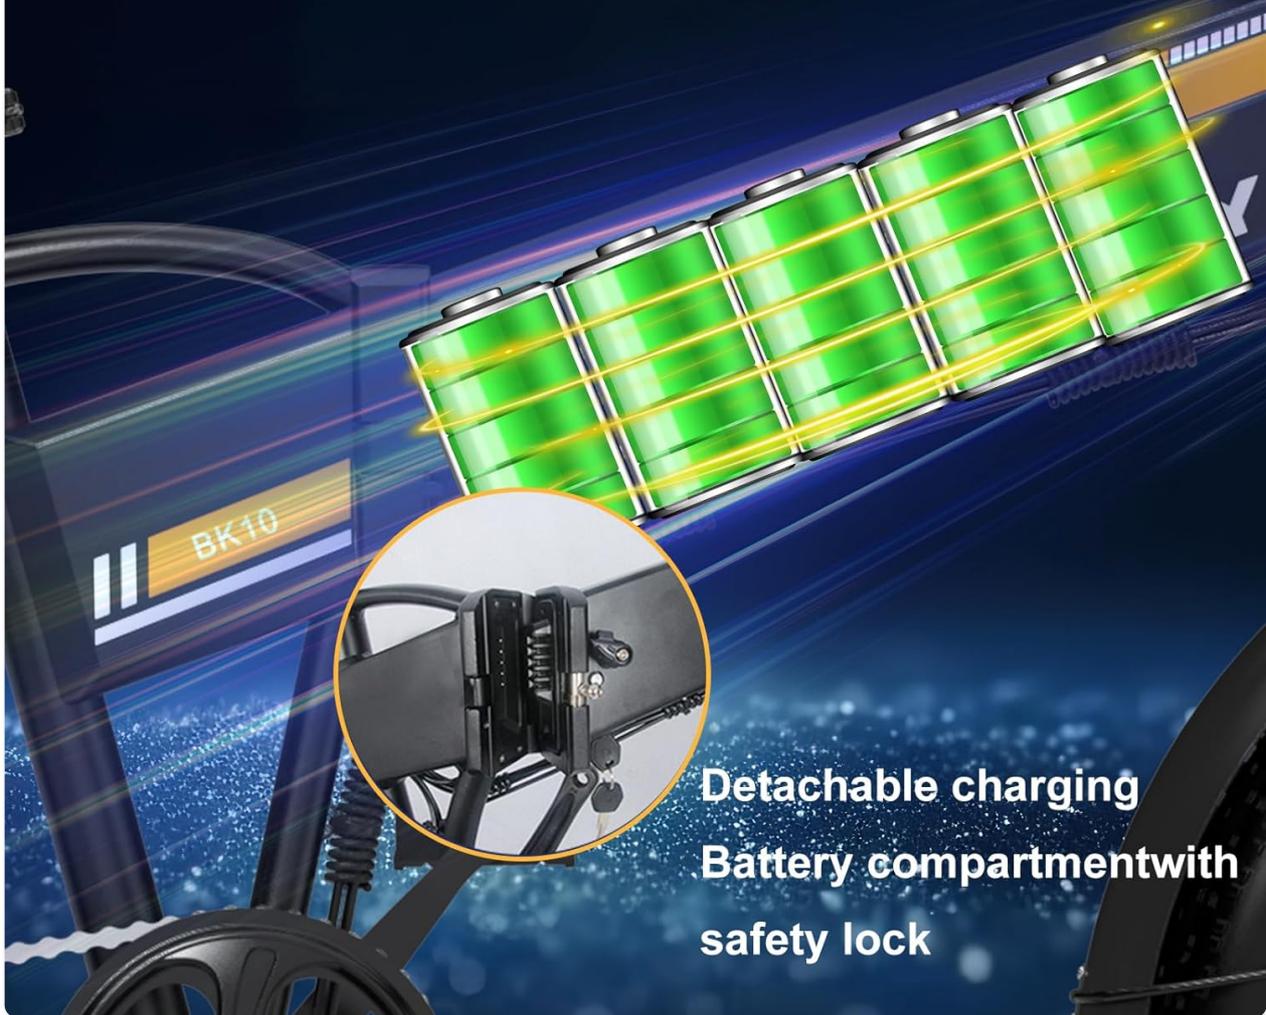

3. MAINTENANCE

Proper maintenance ensures the longevity and performance of your electric bike.

3.1 Battery Care and Replacement

The 48V 12Ah lithium battery is removable for convenient charging. You can charge it directly on the bike or remove it to charge separately. For battery replacement, refer to the video (4:57 - 5:14).

12AH LITHIUM BATTERY MAX.RANGE 35-90KM

The large capacity removable lithium battery offers flexible charging options.

3.2 General Maintenance Tips

- Regularly check tire pressure and inflate to recommended levels.
- Keep the chain clean and lubricated.
- Inspect brake pads and cables for wear and proper function.
- Clean the bike regularly with a damp cloth, avoiding direct water spray on electrical components.

4. TROUBLESHOOTING

This section addresses common issues you might encounter with your electric bike.

4.1 Bike Not Turning On

- Ensure the battery is fully charged and properly inserted.
- Check if the battery is locked into place.
- Verify all electrical connections are secure.

4.2 Motor Not Assisting

- Confirm the bike is in an assist mode (PAS or Pure Ebike).
- Check the battery level on the display.
- Ensure the brake levers are not engaged, as this can cut motor power.

4.3 Brakes Not Effective

- Inspect brake pads for wear and replace if necessary.
- Check brake cable tension and adjust if too loose.
- Ensure brake calipers are properly aligned with the rotors.

5. SPECIFICATIONS

Feature	Detail
Bike Type	Electric Bike
Age Range (Description)	Adult
Brand	HITWAY
Number of Speeds	7
Color	ORANGE
Wheel Size	20 Inches
Frame Material	Aluminum
Suspension Type	Front
Special Feature	Waterproof
Included Components	1X electric bicycle, 1X Bike Lock, 1X other parts, 1X Bicycle Pump
Size	20 inch x4.0
Brake Style	Disc
Specific Uses For Product	Snow
Item Weight	27.7 Kilograms

Model Name	BK10
Power Source	rechargeable battery
Wattage	250 watts
Wheel Material	Aluminum
Year	2024
Lithium Battery Energy Content	432 Watt Hours
Maximum Weight Recommendation	1.2E+2 Kilograms
Assembly Required	No
Bicycle Gear Shifter Type	Trigger
Bicycle Drivetrain Type	Derailleur
Electric Assist Type	Pedal Assist
Manufacturer	ZHEJIANG KUANTU INDUSTRY AND TRADE CO., LTD
Item Package Dimensions L x W x H	56.3 x 27.95 x 11.81 inches
Package Weight	35.3 Kilograms
Part Number	BK10
Date First Available	June 12, 2023
