4. OPERATING INSTRUCTIONS (USAGE)

The KWOKING Scandinavian Dressing Table is designed for functional and organized storage:

- Drawer Use:** The dressing table features multiple drawers for organized storage of makeup, jewelry, hair accessories, and other personal items. Gently pull and push drawers to open and close.
- Flexible Side Cabinet:** The integrated side cabinet with four drawers can be positioned on either the left or right side of the main table during assembly, offering flexible configuration to suit your room layout

and space requirements.

- **Tabletop Surface:** Use the spacious tabletop for daily routines, displaying decorative items, or as a workspace.

5. CARE AND MAINTENANCE

Proper care will help maintain the beauty and longevity of your dressing table:

- **Cleaning:** To clean the surface, use a soft, damp cloth with a mild, neutral cleanser. Wipe dry immediately with a clean, soft cloth.
- **Avoid Harsh Chemicals:** Do not use abrasive cleaners, harsh chemicals, or solvents, as these can damage the rubberwood finish.
- **Spills:** Wipe spills immediately to prevent staining or water damage.
- **Environmental Factors:** Keep the dressing table away from direct sunlight, heat sources, and extreme temperature changes to prevent warping, fading, or cracking of the wood.
- **Hardware Check:** Periodically check and tighten all hardware (screws, bolts) to maintain stability and structural integrity.

6. TROUBLESHOOTING

If you encounter any issues with your dressing table, consider the following:

- **Wobbly Table:** Ensure all screws and bolts are securely tightened. If the floor is uneven, consider using furniture pads or shims under the legs to stabilize the table.
- **Drawers Not Sliding Smoothly:** Check that drawers are not overloaded. Inspect the drawer slides for any obstructions or debris. Clean the slides if necessary. Ensure the drawer runners are correctly aligned.
- **Minor Scratches or Damage:** For minor surface scratches, a wood repair kit or furniture polish designed for rubberwood may be used. For significant damage, consult a professional furniture repair specialist.
