## Taylor 5817FS

# Taylor Precision 5817FS Continuous Ring Timer User Manual

Your guide to setting up and operating your Taylor Precision 5817FS Digital Timer.

## PRODUCT OVERVIEW

The Taylor Precision 5817FS is a digital continuous ring timer designed for various timing needs. It features a clear LCD display, adjustable volume, and flexible positioning options.

Image: Front view of the Taylor Precision 5817FS Continuous Ring Timer. The timer is yellow with a grey face, featuring a large digital LCD display showing '00:46'. Below the display are three black buttons: 'MIN | SEC', a volume icon, and a play/stop icon. A small red LED light is visible at the top center.

## SETUP

### Battery Installation

Your Taylor Precision 5817FS timer requires two (2) AAA batteries, which are included. To install:

1. Locate the battery compartment on the back of the timer.
2. Open the battery compartment cover.
3. Insert the two AAA batteries, ensuring correct polarity (+ and -) as indicated inside the compartment.
4. Close the battery compartment cover securely.

### Positioning the Timer

The timer offers two convenient positioning options:

- **Magnet:** A strong magnet on the back allows you to attach the timer to metallic surfaces like refrigerators or ovens.
- **Stand:** A fold-out stand on the back enables the timer to stand upright on a flat surface.

## OPERATING INSTRUCTIONS

---

### Setting the Timer

The timer can be set for up to 99 minutes and 59 seconds.

1. Press the 'MIN | SEC' button repeatedly to cycle through the minutes and seconds. Each press will increment the displayed time.
2. Hold down the 'MIN | SEC' button to rapidly advance the time.
3. Once the desired time is set, press the Play/Stop button (triangle and square icon) to start the countdown.

### Starting and Stopping the Timer

- To **start** the countdown, press the Play/Stop button (triangle and square icon).
- To **pause** the countdown, press the Play/Stop button again. The display will flash.
- To **resume** the countdown, press the Play/Stop button once more.

### Resetting the Timer

To clear the current time setting and reset the timer to '00:00', press and hold the Play/Stop button for approximately 3 seconds while the timer is paused or counting down.

### Alert Features

- **Continuous Ring:** When the timer reaches zero, it will emit a continuous audible alarm. This alarm will not automatically shut off, ensuring you are alerted until you manually stop it.
- **Red LED Light:** A red LED light will flash when the timer reaches zero, providing a visual alert in addition to the audible alarm.

### Volume Control

The timer features a volume control button (speaker icon) to adjust the loudness of the alarm, up to 95 decibels. Press this button to cycle through available volume levels.

## MAINTENANCE

---

### Cleaning

To clean your timer, wipe it with a soft, damp cloth. Do not use abrasive cleaners or immerse the timer in water. Ensure the timer is dry before storage or next use.

### Battery Replacement

When the display becomes dim or the timer functions erratically, it is time to replace the batteries. Follow the battery installation steps outlined in the 'Setup' section.

## TROUBLESHOOTING

---

- **Timer not turning on or display is blank:**  
Check if the batteries are installed correctly with the correct polarity. Replace the batteries with fresh AAA batteries.
- **Timer not counting down:**  
Ensure the timer is not paused. Press the Play/Stop button to resume. If the timer is at '00:00', set a

new time and press Play/Stop.

- **Alarm is too quiet or not sounding:**

Press the volume control button (speaker icon) to increase the volume. Ensure the timer is not in a silent mode if such a feature exists (though this model has continuous ring).

- **Inaccurate timing:**

This is unlikely with digital timers. If you suspect inaccuracy, try replacing the batteries.

## SPECIFICATIONS

---

- **Model Number:** 5817FS
- **Display Type:** Digital LCD
- **Display Size:** 2-1/4" x 9/10"
- **Timing Capacity:** Up to 99 minutes, 59 seconds
- **Alarm Type:** Continuous Ring with Red LED Light
- **Alarm Volume:** Up to 95 decibels (with volume control)
- **Power Source:** 2 x AAA Batteries (included)
- **Material:** Plastic
- **Color:** Yellow
- **Positioning:** Magnet / Fold-out Stand
- **Approximate Dimensions (Package):** 7 x 7 x 5 inches
- **Approximate Weight (Package):** 1.6 Pounds
