AODK 40 Inch Rustic Brown Gaming Desk

AODK Gaming Desk with LED Lights & Power Outlet

Model: 40 Inch Rustic Brown Gaming Desk

Introduction

This manual provides essential information for the assembly, operation, and maintenance of your AODK Gaming Desk. Designed for both gaming and home office use, this desk features integrated LED lighting, a built-in power outlet, and a reversible design for versatile setup.

Safety Information

Always unplug the desk from the power source before assembly or disassembly. Do not operate the desk if the power outlet or LED lights are damaged. Keep the desk away from water and heat sources to prevent electrical hazards. Always follow the assembly instructions carefully to ensure the stability of the desk.

Package Contents

Please verify that all components are present before beginning assembly:

- Desk Frame Components (Metal)
- Desktop Panels (Engineered Wood, Rustic Brown Finish)
- Monitor Shelf
- Fabric Drawer
- Built-in Power Outlet with 3 AC outlets and 2 USB ports
- RGB LED Strip with Controller
- Headphone Hook
- Assembly Hardware (Screws, Allen Wrench, etc.)
- Assembly Instruction Manual

Assembly Instructions

The AODK Gaming Desk is designed for straightforward assembly. All necessary tools and detailed instructions are included in the package. Please follow the step-by-step guide provided to ensure correct and stable construction.

1. Unpack all components and verify against the package contents list.
2. Identify the main frame components and begin assembling the base structure.
3. Attach the desktop panels securely to the frame.
4. Install the monitor shelf, ensuring it is at the desired height (adjustable).
5. Integrate the fabric drawer into its designated slot.

6. Mount the built-in power outlet and headphone hook.
7. Attach the RGB LED strip according to the instructions for proper lighting.
8. Ensure all screws are tightened and the desk is stable before use.

For detailed visual instructions, refer to the included assembly manual.

Features and Setup

Built-in Power Outlet

The desk is equipped with a convenient built-in power panel featuring 3 AC outlets and 2 USB ports. This allows for easy charging of laptops, tablets, smartphones, and gaming peripherals directly from your workspace.

RGB LED Lights

An RGB LED strip is integrated under the monitor shelf, offering 10 static colors and 10 dynamic modes. This feature enhances the ambiance of your gaming or work environment.

Ergonomic Monitor Stand

The elevated monitor stand helps position your screen at an optimal eye level, reducing neck and eye strain during extended use. This promotes better posture and comfort.

Image: A visual comparison demonstrating the improved posture and reduced strain when using the ergonomic monitor stand.

Fabric Drawer & Reversible PC Stand

A fabric drawer provides private storage for your items and is easy to clean. The lower shelf, suitable for a PC tower or gaming console, can be assembled on either the left or right side of the desk to suit your preference.

Headphone Hook

A convenient headphone hook is included, allowing you to keep your headphones within easy reach and off the desktop, contributing to a tidy workspace.

Operating Instructions

Controlling LED Lights

The RGB LED strip is controlled via a button panel. Refer to the diagram below for button functions:

C (Static Color Button): Press to switch between 10 static colors.

M (Dynamic Mode Button): Press to switch between 10 dynamic lighting modes. Press and hold for 3 seconds to enter demo mode, which cycles through all dynamic modes.

Power/Brightness/Speed Button:

- In static mode, press to adjust brightness (3 levels: 35%, 75%, 100%).
- In dynamic mode, press to adjust dynamic mode speed.
- Press and hold to turn the LED strip off. Press again to turn on.

The LED strip has a power-off memory function, retaining the last color, brightness, and mode settings upon restart.

Maintenance

To ensure the longevity and appearance of your AODK Gaming Desk, follow these maintenance guidelines:

- **Cleaning:** Wipe surfaces with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners that may damage the

finish.

- **Spills:** Immediately wipe up any spills to prevent water damage to the engineered wood.
- **Power Outlet:** Ensure the power outlet is kept dry and free of dust. Do not overload the outlets.
- **LED Strip:** Handle the LED strip and controller gently. Avoid bending or pulling the strip excessively.
- **Stability:** Periodically check and tighten all screws to maintain desk stability.

Troubleshooting

Problem	Possible Cause	Solution
LED lights not turning on.	Power cable disconnected; LED strip damaged; Controller malfunction.	Check power connection; Inspect LED strip for visible damage; Contact customer support if damaged.
Power outlets not working.	Desk not plugged in; Circuit breaker tripped; Damaged outlet.	Ensure desk is plugged into a working wall outlet; Check household circuit breaker; Do not use if damaged, contact support.
Desk feels wobbly.	Loose screws; Uneven floor.	Tighten all assembly screws; Adjust non-slip foot pads to level the desk.
