## Moby-System LOZ DREEMY

# Moby-System Dreemy 3-in-1 Foldable Crib Instruction Manual

Model: LOZ DREEMY | Brand: Moby-System

## 1. INTRODUCTION

---

The Moby-System Dreemy 3-in-1 Foldable Crib is designed for infants from birth up to 9 kg. This versatile product functions as an independent crib, a co-sleeper, and a travel cot. It features a 7-level height adjustment, an adjustable bed angle, a comfortable mattress, and a removable side wall for co-sleeping. The crib also includes transport wheels and an under-bed storage shelf for convenience.

## 2. SAFETY INFORMATION

Read all instructions before assembly and use of the crib. Keep this manual for future reference.

- **Maximum Weight:** This crib is suitable for infants up to **9 kg**. Discontinue use when the child reaches 9 kg or can push up on hands and knees, whichever comes first.
- **Age Range:** Suitable for children from **0+ months**.
- **Mattress:** Only use the mattress provided by the manufacturer. Do not add a second mattress, as this can create a suffocation hazard.
- **Assembly:** Ensure all assembly components are correctly and securely fastened before each use. Regularly check for loose parts.
- **Co-sleeper Mode:** When used as a co-sleeper, always use the provided attachment straps to secure the crib to the adult bed. Ensure there is no gap between the crib and the adult mattress.
- **Environment:** Do not place the crib near windows where cords from blinds or curtains could pose a strangulation hazard. Keep away from heat sources.
- **Supervision:** Never leave a child unattended in the crib.

### 3. PACKAGE CONTENTS

---

Verify that all components are present and undamaged before proceeding with assembly:

- Crib Frame (Steel alloy with wooden elements)
- Fabric Components (Linen material for crib walls and storage shelf)
- Mattress (up to 3 cm thick)
- 4 Transport Wheels with Locking Mechanism
- 2 Adjustable Attachment Straps
- Under-bed Storage Shelf
- Instruction Manual

## 4. SETUP AND ASSEMBLY

---

The Moby-System Dreemy crib is designed for quick, tool-free assembly.

1. **Unpack Components:** Carefully remove all parts from the packaging and lay them out on a clean, flat surface.
2. **Assemble Frame:** Connect the main frame elements according to the visual guides. Ensure all click-in mechanisms are fully engaged.
3. **Attach Fabric:** Secure the fabric crib walls and the under-bed storage shelf to the frame. Ensure all zippers and fasteners are properly closed.
4. **Install Wheels:** Insert the four transport wheels into the designated slots on the crib legs. Ensure they click into place.

5. **Insert Mattress:** Place the provided mattress firmly into the crib base.

*For detailed visual instructions, refer to the diagrams provided in the printed manual.*

## 5. OPERATING INSTRUCTIONS

### 5.1 Height Adjustment (7 Levels)

The crib offers 7 height adjustment levels to match the height of your adult bed or for standalone use. Locate the height adjustment buttons on each side of the crib frame. Press the buttons simultaneously and raise or lower the crib to the desired position. Release the buttons to lock the height. An automatic locking system prevents accidental changes.

Image 5.1: The crib features 7 height adjustment levels, ranging from 68 cm to 83 cm.

### 5.2 Bed Angle Adjustment

The crib's bed angle can be adjusted to a slight incline, which may be beneficial for infants with reflux or congestion. To adjust, ensure the crib is not in co-sleeper mode. Follow the instructions for height adjustment, but set one side of the crib slightly higher than the other. Ensure the incline is gentle and safe.

for the infant.

Image 5.2: The crib's bed angle can be adjusted for infant comfort.

### 5.3 Co-sleeper Mode (Removable Side Wall)

To use the crib as a co-sleeper, lower the side wall. Unzip the side wall fabric and release the securing mechanisms. The side wall can then be lowered to allow the crib to be placed next to the adult bed. Use the provided attachment straps to securely fasten the crib to the adult bed frame, ensuring no gap exists between the crib mattress and the adult mattress.

#### **5.4 Independent Crib Mode**

To use the crib as an independent sleeping space, ensure the side wall is fully raised and secured. All locking mechanisms should be engaged. The crib can then be moved freely using its wheels.

#### **5.5 Travel Cot Function**

The crib features a quick folding and unfolding system for easy transport. Refer to the specific folding instructions in the printed manual for detailed steps. Ensure all components are securely packed before transport.

#### **5.6 Using the Storage Shelf**

The large shelf located under the crib provides convenient storage for baby essentials, blankets, or toys. Ensure items placed on the shelf do not exceed the recommended weight limit and do not interfere with the crib's stability.

#### **5.7 Transport Wheels**

The four wheels allow for easy movement of the crib. Each wheel is equipped with a locking mechanism. Press down on the lever to lock the wheels and prevent movement. Lift the lever to unlock. The wheels can also be completely removed if desired.

## 6. MAINTENANCE

---

- **Cleaning Fabric:** The fabric components can be cleaned according to the care labels. Typically, spot cleaning with a mild detergent and damp cloth is recommended. Do not use harsh chemicals or abrasive cleaners.
- **Cleaning Frame:** Wipe the steel alloy frame and wooden elements with a damp cloth. Dry thoroughly.
- **Regular Checks:** Periodically inspect the crib for any signs of wear, damage, or loose fasteners. Tighten any loose screws or connections immediately.
- **Storage:** If storing the crib for an extended period, ensure it is clean and dry. Store in a cool, dry place away from direct sunlight.

## 7. TROUBLESHOOTING

---

- **Crib feels wobbly:** Ensure all frame connections are fully engaged and all locking mechanisms are secured. Check that the wheels are properly installed and locked if stationary.
- **Difficulty adjusting height/angle:** Verify that the adjustment buttons are fully pressed and released. Check for any obstructions in the adjustment mechanism.
- **Side wall not lowering/raising smoothly:** Ensure the zippers are fully open/closed and that no fabric is caught in the mechanism.
- **Wheels not locking:** Confirm that the wheel lock levers are fully pressed down. Clean any debris from the wheel mechanisms.

## 8. SPECIFICATIONS

---

Feature	Specification
Model Number	LOZ DREEMY
Brand	Moby-System
Product Dimensions (L x W x H)	95.5 x 62.5 x 83 cm
