## YABER YABER E1

# YABER E1 Mini Projector User Manual

Model: YABER E1 | Brand: YABER

## 1. INTRODUCTION

This manual provides detailed instructions for the operation and maintenance of your YABER E1 Mini Projector. Please read this manual thoroughly before using the product to ensure proper function and longevity.

## 2. WHAT'S IN THE Box

- 1x YABER E1 Projector
- 1x Remote Control
- 1x Power Cord
- 1x HDMI Cable
- 1x Cleaning Kit

## 3. PRODUCT OVERVIEW

Familiarize yourself with the main components of your YABER E1 Mini Projector.

Figure 3.1: Front view of the YABER E1 Mini Projector, showing the lens and sensor.

### 3.1. Ports and Connections

# 5G+2.4G Ultra Fast Wireless Connection

Figure 3.2: Rear view of the YABER E1 Mini Projector, highlighting the input/output ports.

- **HDMI Port:** Connect to devices like TV sticks, laptops, gaming consoles (PS3/4/5).
- **USB Ports (x2):** Connect USB drives for media playback.
- **3.5mm Audio Jack:** Connect external speakers or headphones.
- **Power Input:** Connect the provided power cord.

## 4. SETUP

### 4.1. Powering On/Off

1. Connect the power cord to the projector's power input and then to a power outlet.
2. Press the power button on the projector or the remote control to turn it on.
3. To turn off, press the power button again.

### 4.2. Placement and Projection

The projector supports a projection distance of 2.6ft to 16.4ft, allowing for screen sizes from 50 to 200 inches.

Figure 4.1: Example of projector placement for a bedroom setup.

### 4.3. Electric Focus and Keystone Correction

The YABER E1 features electric focus and  $\pm 40^\circ$  keystone correction for optimal image clarity and shape.

1. Use the remote control or the buttons on the projector panel to adjust the focus.
2. For keystone correction, use the remote to adjust the image vertically to achieve a rectangular display.

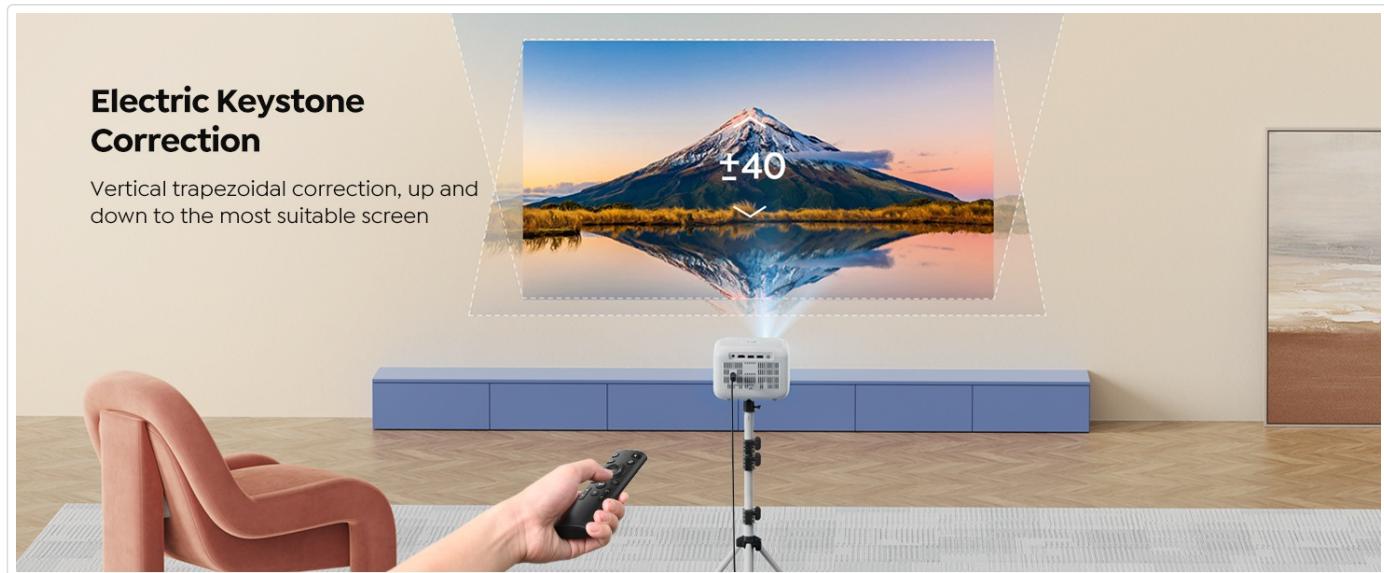

Figure 4.2: Visual representation of electric keystone correction.

## 5. OPERATING INSTRUCTIONS

### 5.1. Connecting to Wi-Fi

The projector supports both 2.4G and 5G Wi-Fi for stable and fast wireless connections.

1. Navigate to the Wi-Fi settings menu on the projector.
2. Select your desired Wi-Fi network and enter the password.

# Lightweight & Portable

Net Weight 2.11 lb

**Figure 5.1:** Illustration of dual-band Wi-Fi connectivity.

## 5.2. Bluetooth Connectivity

Connect Bluetooth 5.2 enabled devices such as headphones or speakers for enhanced audio.

1. Go to the Bluetooth settings menu.
2. Enable Bluetooth and select your device from the available list to pair.

Figure 5.2: Projector connected to external Bluetooth speakers.

### 5.3. Screen Mirroring

Wirelessly mirror your smartphone (iOS/Android) or PC screen to the projector.

1. Ensure both the projector and your device are connected to the same Wi-Fi network.
2. Select the appropriate screen mirroring option (e.g., iOS Cast, Miracast) on the projector.
3. Follow the on-screen instructions on your device to initiate mirroring.

### 5.4. Input Sources

Connect various devices using the available ports:

- **HDMI:** TV Stick, Box, PS3/4/5, PCs, Laptops.
- **USB:** USB drives for media.
- **3.5mm Audio:** External speakers, headphones.

# Supports Multiple Devices Connection

**Video 6.2:** Unboxing and testing of the YABER E1 Mini 1080p Projector, showcasing its features and performance.

## 7. MAINTENANCE

### 7.1. Cleaning the Lens

Use the provided cleaning kit to gently clean the projector lens. Avoid using abrasive materials or harsh chemicals that could damage the lens coating.

## 7.2. General Care

- Keep the projector in a cool, dry place away from direct sunlight and excessive dust.
- Ensure proper ventilation around the projector to prevent overheating.
- Avoid dropping or subjecting the projector to strong impacts.

## 8. TROUBLESHOOTING

---

For common issues like signal, sound, Bluetooth, or Wi-Fi connectivity, consult the following:

- **No Image/Poor Image Quality:**

- Check all cable connections (HDMI, power).
- Adjust electric focus using the remote or projector buttons.
- Perform keystone correction to ensure a rectangular image.
- Ensure the projection surface is suitable and free from obstructions.

- **No Sound:**

- Check volume levels on both the projector and the connected source device.
- Verify Bluetooth connection if using external speakers.
- Ensure audio output settings on the source device are correctly configured.

- **Wi-Fi/Bluetooth Connectivity Issues:**

- Ensure the projector and device are within range of the Wi-Fi router or each other.
- Restart the projector and the connected device.
- Verify Wi-Fi password and network selection.
