SAFETY INFORMATION

- Always assemble the product on a soft, clean surface to prevent damage.
- Ensure all bolts, screws, and connectors are securely tightened before use. Periodically check and re-tighten as necessary.
- Do not stand or jump on the sofa bed.
- Keep small parts away from children during assembly to avoid choking hazards.
- Do not exceed the maximum weight capacity (refer to specifications).
- Avoid placing the sofa bed near open flames or heat sources.

PACKAGE CONTENTS

Before beginning assembly, ensure all parts are present. All necessary parts and tools are typically located in the bottom compartment of the sofa.

- Sofa Frame (Main Unit)
- Back Cushions (2)
- Throw Pillows (2)
- Legs (4)
- Casters (2, for pull-out section)
- Assembly Hardware (bolts, washers, Allen wrench)

SETUP AND ASSEMBLY

Assembly of your Polibi Convertible Sofa Bed is designed to be straightforward. Follow these steps:

1. **Unpack Components:** Carefully remove all items from the packaging. Locate the hidden compartment at the bottom of the sofa to find the legs, casters, and hardware.
2. **Attach Legs:** Securely attach the four main legs to the designated corners on the underside of the sofa frame using the provided hardware. Ensure they are tightened firmly.
3. **Install Casters:** Attach the two casters to the pull-out section of the sofa bed. These casters facilitate smooth conversion.
4. **Position Sofa:** Place the assembled sofa in your desired location.
5. **Arrange Cushions:** Place the back cushions and throw pillows onto the sofa.

OPERATING INSTRUCTIONS

Converting Sofa to Bed

The Polibi Convertible Sofa Bed features a convenient pull-out design for easy transformation into a sleeping surface:

1. **Lower Backrest:** Gently push the backrest of the sofa downwards until it lies flat.
2. **Pull Out Front Section:** Locate the handle or strap on the front of the sofa's seat. Pull this section outwards. The integrated casters will assist in smoothly extending the bed portion.
3. **Secure Position:** Ensure the pull-out section is fully extended and stable before use as a bed.

To convert back to a sofa, reverse these steps: push the extended section back into the sofa base and raise the backrest to its upright position.

Using USB Charging Ports

A USB charging socket is integrated into the left armrest (when facing the sofa) for convenient device charging.

- Connect the sofa's power cord to a standard electrical outlet.
- Plug your mobile phone or other USB-powered devices into the USB ports located on the armrest.

MAINTENANCE

Cleaning Velvet Upholstery

The sofa bed features soft velvet upholstery. Proper care will help maintain its appearance and longevity.

- **Regular Cleaning:** Vacuum regularly using a soft brush attachment to remove dust and debris.
- **Spot Cleaning:** For spills, blot immediately with a clean, dry cloth. Do not rub, as this can damage the velvet pile.
- **Cleaning Code 'W':** This upholstery has a 'W' cleaning code, meaning it can be cleaned with water-based cleaning agents. Test any cleaning solution on an inconspicuous area first. Apply a small amount of mild soap and water solution to a clean cloth, gently blot the stain, then blot with a clean, damp cloth to rinse. Allow to air dry completely.

- **Avoid Harsh Chemicals:** Do not use harsh chemicals, solvents, or abrasive cleaners, as these can damage the fabric.

General Care

- Avoid direct sunlight to prevent fading.
- Keep pets away from the upholstery to prevent scratches or damage.
- Periodically check and tighten all hardware connections.

TROUBLESHOOTING

If you encounter any issues with your sofa bed, refer to the following common solutions:

- **Sofa feels unstable:** Ensure all legs and casters are securely attached and tightened. Check that the sofa is placed on a level surface.
- **Difficulty converting to bed:** Verify that the backrest is fully lowered and that the pull-out mechanism is free of obstructions. Ensure casters are clean and moving freely.
- **USB ports not working:** Confirm the sofa's power cord is properly plugged into a functional electrical outlet. Test with a different USB device or cable.
- **Squeaking noises:** Check all bolts and screws for tightness. Apply a small amount of silicone lubricant to moving metal parts if necessary.
