# Kidzone 2 Seater Kids Large Ride On Truck Instruction Manual

Model: 12V Battery/ PP Tire Grey  
Brand: Kidzone

## INTRODUCTION

Thank you for choosing the Kidzone 2 Seater Kids Large Ride On Truck. This electric vehicle is designed to provide a realistic and enjoyable driving experience for children, featuring both manual and parental remote control options for enhanced safety and fun. Please read this manual thoroughly before assembly and operation to ensure safe and proper use of the product.

## What's in the Box:

- Kids Ride On Truck
- Remote Control
- Charger
- Instruction Manual

## IMPORTANT SAFETY WARNINGS

For the safety of your child, always adhere to the following guidelines:

- Always supervise children when operating the vehicle.
- Ensure the safety belt is securely fastened before each use. The extra wide seat and adjustable seat belt are designed to secure your child and prevent accidental falls.
- The vehicle is designed for children aged 3 to 8 years.
- Maximum weight capacity is 77 lbs. Do not exceed this limit.
- The parental remote control can override the child's manual controls, providing an additional layer of safety.
- Operate the vehicle on flat, stable surfaces away from traffic, pools, or other hazards.
- Lockable and sturdy doors provide additional protection during use.

## ASSEMBLY INSTRUCTIONS

The Kidzone Ride On Truck requires assembly. Please follow the detailed instructions provided in the included manual. Assembly may take some time, so ensure you have adequate time and tools available. It is recommended to have two adults for assembly.

Once assembled, ensure all connections are secure and all parts are properly installed before initial use.

## BATTERY CHARGING

The vehicle is powered by a 12V9AH rechargeable Lead-acid battery. For optimal performance and battery longevity, follow these charging instructions:

- Before first use, fully charge the battery for the recommended initial charging period as specified in the detailed manual.
- Use only the provided charger.
- Do not overcharge the battery. Disconnect the charger once the battery is fully charged.
- The battery is designed for longer playtime and holds a charge well, even with frequent use.

## OPERATING THE VEHICLE

The Kidzone Ride On Truck offers both manual and parental remote control modes.

### Manual Mode:

Children can steer and operate the truck independently using the steering wheel and foot pedal. The vehicle features two 35W motors, allowing speeds up to 1.8-2.2 mph.

### Parental Remote Control:

Parents can guide the vehicle using the included remote control. This feature is essential for younger children or for ensuring safety in various environments. The remote control has three speed settings and can override the child's inputs.

## KEY FEATURES

- **Reliable Safety:** Designed with an extra wide seat, adjustable seat belt, and lockable doors to ensure maximum safety for your child.
- **Realistic Driving Experience:** Equipped with two 35W motors for speeds up to 1.8-2.2 mph, providing an authentic driving feel. The 12V9AH rechargeable Lead-acid battery ensures extended playtime.
- **Cool Design:** Features stylish looks with elevated suspension, sturdy 14-inch off-road tires, headlights, floodlights, and mirrors for a realistic appearance. Four wheels with a spring suspension system reduce vibration for a smooth ride.

## MAINTENANCE

- Regularly inspect the vehicle for any loose parts, damaged wiring, or worn tires.
- Clean the vehicle with a damp cloth. Do not use harsh chemicals or abrasive cleaners.
- Store the vehicle in a dry, cool place away from direct sunlight and moisture.
- Ensure the battery is charged periodically even when not in use to maintain its health.

## TROUBLESHOOTING

- **Vehicle not moving:** Check battery charge, ensure all connections are secure, and verify the power switch is on. If using remote control, ensure it's paired and has fresh batteries.
- **Steering issues (pulls to one side):** This can sometimes occur. Check wheel alignment and ensure no debris is obstructing the steering mechanism. If issues persist, consult the manufacturer's support.
- **Lights not working:** Check connections to the lights and ensure the battery is charged.
- **Bluetooth connectivity issues:** Ensure the vehicle's Bluetooth is enabled and your device is discoverable. Try restarting both the vehicle and your device.
