What's in the Box

Your nanoblock Hello Kitty kit includes all the necessary components to build your model:

- Sanrio - Hello Kitty Building Kit (approximately 110 pieces)
- Detailed step-by-step instructions

Safety Information

Please read the following safety information carefully before beginning assembly:

- **Choking Hazard:** Product contains small parts considered to be a choking hazard. Not suitable for children under 3 years.
- **Recommended Age:** This product is recommended for ages 8 years and up.
- **Official Product:** The product box will have a Bandai Namco warning label, which is proof that you are purchasing an

officially licensed Kawada product.

Setup and Assembly

Follow these steps to assemble your nanoblock Hello Kitty model:

1. **Unpack Components:** Carefully open the packaging and lay out all the nanoblock pieces. It is recommended to work on a clean, flat surface to prevent loss of small parts.
2. **Review Instructions:** Familiarize yourself with the detailed step-by-step instructions provided in the kit. The instructions will guide you through the building process layer by layer.
3. **Identify Pieces:** The nanoblocks are very small (as small as 4mm x 4mm x 5mm). Identify the different shapes and colors as indicated in the instruction manual.
4. **Begin Assembly:** Start building from the base according to the instructions. Ensure each block is firmly pressed into place for a secure fit.
5. **Layer by Layer:** Continue adding layers of blocks as shown in the diagrams. Pay close attention to the orientation and placement of each piece.
6. **Completion:** Once all pieces are assembled, your Hello Kitty model will be complete.

Operating and Display

Once assembled, your nanoblock Hello Kitty model is ready for display. These models are designed for static display and collection.

- **Display Location:** Place your finished model on a stable, flat surface away from direct sunlight, excessive heat, or moisture to preserve its colors and structural integrity.
- **Collection:** This Hello Kitty model is part of the nanoblock Character Collection Series. Consider collecting other characters to expand your display.

Maintenance

To keep your nanoblock model in excellent condition:

- **Cleaning:** Gently dust the model with a soft, dry brush or a can of compressed air to remove accumulated dust. Avoid using water or cleaning solutions, as they may damage the blocks or fade colors.
- **Handling:** Handle the model carefully to prevent pieces from detaching. If a piece comes loose, reattach it firmly.

Troubleshooting

If you encounter any issues during assembly or with your finished model, refer to the following common solutions:

Problem	Solution
Missing or Damaged Pieces	Double-check the packaging and surrounding area for any small pieces. If pieces are genuinely missing or damaged, contact nanoblock customer support for assistance. Ensure you have purchased an officially licensed Kawada product (check for Bandai Namco warning label).
Difficulty Connecting Blocks	Ensure blocks are aligned correctly before applying pressure. Some blocks may require a firm push to snap into place due to their small size and precise fit. Avoid forcing blocks if they don't align.
Model is Unstable	Review the instruction manual to ensure all pieces are placed correctly and firmly attached. An unstable model often indicates a misaligned or loosely connected block. Re-examine the base and lower layers.
