onerbl 12V AC/DC Adapter Instruction Manual

Model: DZ036CHL120300U

1. Introduction

This manual provides instructions for the safe and effective use of your onerbl 12V AC/DC Adapter. This adapter is designed as a high-quality replacement power supply for various electronic devices requiring 12V DC power, such as the ARTOLF IPL-D19 Hair Removal device.

2. Safety Information

- Read all instructions carefully before using the adapter.
- This adapter is designed for **indoor use only**. Do not expose it to rain, moisture, or extreme temperatures.
- Ensure the voltage and current requirements of your device match the adapter's output specifications (12V, 3A). Using an incompatible adapter may damage your device.
- Do not attempt to open, modify, or repair the adapter. Refer all servicing to qualified personnel.
- Unplug the adapter from the wall outlet when not in use for extended periods.
- Keep the adapter away from heat sources, direct sunlight, and flammable materials.
- Avoid placing heavy objects on the power cord or adapter.

3. Product Overview

The onerbl 12V AC/DC Adapter is a reliable power solution featuring robust construction and multiple safety protections.

Figure 3.1: Adapter Dimensions. The adapter measures approximately 3.1 inches in length, 2.1 inches in width, and 1.2 inches in depth, providing a compact design.

Figure 3.2: Adapter Specifications Label. The adapter's label indicates an input voltage range of 100-240V AC at 50/60Hz, suitable for worldwide use. The attached cable length is approximately 76 inches (6.3 feet).

Figure 3.3: Multiple Protection Features. Equipped with a smart chip, this adapter offers multiple safety protections including short-circuit protection, over-voltage protection, and over-current protection to safeguard your devices.

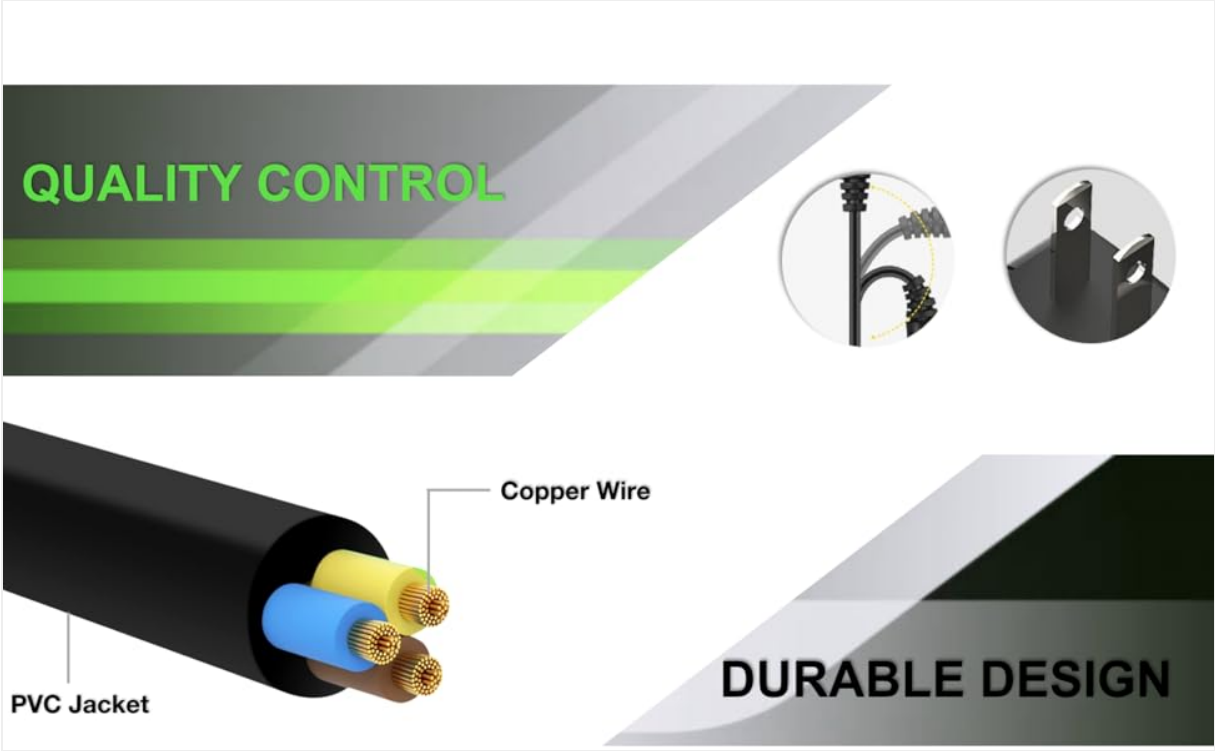

Figure 3.4: Durable Cable Design. The adapter features a durable design with a PVC jacket and copper wire conductors, ensuring reliable power delivery and longevity.

Figure 3.5: Adapter in Use. The compact design allows for easy integration into various power setups.

4. Setup Instructions

1. **Prepare Device:** Ensure the electronic device requiring power (e.g., ARTOLF IPL-D19) is turned off before connecting the adapter.
2. **Connect DC Output:** Carefully insert the adapter's DC output plug into the power input port of your device. Ensure a firm and secure connection.
3. **Connect AC Input:** Plug the AC input prongs of the adapter into a standard wall outlet (100-240V AC, 50/60Hz).
4. **Verify Connection:** Double-check that both ends of the adapter are securely connected.

5. Operating Instructions

Once the adapter is properly connected to both the wall outlet and your device, you can proceed to turn on your device. The adapter will automatically supply the necessary 12V DC power. The adapter is designed for continuous operation within its specified limits.

6. Maintenance

- **Cleaning:** Keep the adapter clean and free from dust. Use a dry, soft cloth to wipe the surface. Do not use liquid cleaners.
- **Storage:** Store the adapter in a cool, dry place when not in use. Avoid wrapping the cable too tightly.
- **Inspection:** Periodically inspect the adapter and cable for any signs of damage, such as frayed wires or cracked casing. Discontinue use if damage is found.

7. Troubleshooting

If your device is not receiving power, follow these steps:

- **Check Connections:** Ensure the adapter is securely plugged into both the wall outlet and your device.
- **Test Outlet:** Verify that the wall outlet is functional by testing it with another working appliance.
- **Device Functionality:** Confirm that your device itself is functioning correctly by testing it with its original power supply (if available) or another compatible adapter.
- **Inspect Adapter:** Look for any visible damage to the adapter or its cable. If damage is present, discontinue use.
- **Replacement:** If the issue persists after these checks, the adapter may require replacement.

8. Specifications

Feature	Specification
Model	DZ036CHL120300U
Input	AC 100-240V, 50/60Hz
Output	DC 12V, 3A (3000mA)
Protection Features	Over Voltage Protection, Over Heat Protection, Short-Circuit Protection, Over Current Protection
Cable Length	76 inches (approx. 6.3 feet)
Item Weight	8 ounces
Manufacturer	Shenzhen Waweis Technology Co., Ltd

9. Warranty and Support

This onerbl adapter is a brand new, high-quality replacement product, tested to be in great working condition. For any support needs, warranty inquiries, or technical assistance, please contact your retailer or the manufacturer, Shenzhen Waweis Technology Co., Ltd. Please retain your proof of purchase for warranty claims.
