Beldray BEL01731TT

Beldray BEL01731TT Titanium 2-in-1 Hand Vacuum Cleaner User Manual

Model: BEL01731TT

1. INTRODUCTION

Thank you for purchasing the Beldray BEL01731TT Titanium 2-in-1 Hand Vacuum Cleaner. This versatile appliance is designed for efficient floor-to-ceiling cleaning, offering both upright stick vacuum and portable handheld functionalities. Its lightweight design, cyclonic technology, and washable HEPA filter ensure effective and convenient cleaning for various surfaces in your home.

2. SAFETY INSTRUCTIONS

Please read these instructions carefully before using the appliance and retain them for future reference. Incorrect use can lead to potential hazards.

- Always ensure the voltage indicated on the product corresponds with your mains supply voltage.
- Do not immerse the appliance, power cord, or plug in water or any other liquid.
- This appliance is intended for domestic use only. Do not use it outdoors or for commercial purposes.
- Unplug the vacuum cleaner from the mains supply before cleaning or performing any maintenance.
- Keep hair, loose clothing, fingers, and all parts of the body away from openings and moving parts.
- Do not pick up flammable or combustible materials, hot ashes, or large, sharp objects.
- Do not use the vacuum cleaner without the dust container and filters properly in place.
- Regularly check the power cord for damage. If damaged, it must be replaced by a qualified person to avoid a

hazard.

- Supervise children to ensure they do not play with the appliance.

3. PRODUCT COMPONENTS

Familiarize yourself with the parts of your Beldray 2-in-1 Hand Vacuum Cleaner:

1. Main Motor Unit (Handheld Unit)
2. Dust Container
3. HEPA Filter
4. Extension Tube / Handle
5. Floor Head / Nozzle
6. Crevice Tool
7. Brush Tool
8. Power Cord

Figure 3.2: The handheld unit with the crevice tool, ideal for tight spaces.

4. SETUP AND ASSEMBLY

The Beldray 2-in-1 vacuum cleaner can be assembled in two main configurations: as an upright stick vacuum or as a handheld unit.

4.1. Assembling the Upright Stick Vacuum

1. Insert the extension tube firmly into the main motor unit (handheld unit) until it clicks into place.
2. Attach the floor head to the other end of the extension tube, ensuring it is securely connected.
3. Ensure the dust container and HEPA filter are correctly installed in the main motor unit.
4. Plug the power cord into a suitable mains socket.

Figure 4.1: The vacuum cleaner assembled for floor cleaning.

4.2. Assembling the Handheld Unit

1. The main motor unit functions as the handheld vacuum.
2. For specific cleaning tasks, attach the crevice tool or brush tool directly to the suction opening of the main motor unit.
3. Ensure the dust container and HEPA filter are correctly installed.
4. Plug the power cord into a suitable mains socket.

5. OPERATING INSTRUCTIONS

Follow these steps to operate your Beldray vacuum cleaner effectively:

5.1. Using the Upright Stick Vacuum

- Once assembled and plugged in, press the power button located on the main motor unit to turn the vacuum on.

- Guide the floor head across the surface you wish to clean. The versatile vacuum head is suitable for various floor types.
- The 5-meter power cord provides extended reach for cleaning larger areas without frequently changing power outlets.

5.2. Using the Handheld Unit

- Detach the main motor unit from the extension tube if it's in stick mode.
- Attach the desired accessory (crevice tool for tight corners, brush tool for upholstery or delicate surfaces).
- Press the power button to activate.
- Use the handheld unit for quick clean-ups, stairs, upholstery, car interiors, or hard-to-reach areas like ceilings.

Figure 5.1: The handheld unit is effective for cleaning elevated surfaces.

6. MAINTENANCE

Regular maintenance ensures optimal performance and extends the life of your vacuum cleaner.

6.1. Emptying the Dust Container

1. Ensure the vacuum cleaner is unplugged from the mains supply.
2. Locate the dust container release button on the main motor unit.
3. Press the button to detach the dust container.
4. Hold the dust container over a waste bin and open the bottom flap to empty the contents.
5. Close the flap securely and reattach the dust container to the main motor unit until it clicks into place.

Figure 6.1: Easy one-touch emptying of the 600ml dust container.

6.2. Cleaning the HEPA Filter

The HEPA filter is washable and should be cleaned regularly to maintain suction power.

1. With the dust container detached, carefully remove the HEPA filter.
2. Tap the filter gently to remove loose dust.
3. Rinse the filter under cold running water until the water runs clear. Do not use detergents.
4. Allow the filter to air dry completely for at least 24 hours before reinserting it into the vacuum cleaner. Do not use a hairdryer or other heating devices.

5. Reinsert the dry filter and reattach the dust container.

Note: An extra HEPA filter is included for convenience, allowing you to use the vacuum while one filter is drying.

7. TROUBLESHOOTING

If you encounter issues with your vacuum cleaner, refer to the following common problems and solutions:

Problem	Possible Cause	Solution
Vacuum cleaner does not turn on.	Not plugged in; power outlet faulty; power button not pressed.	Check power cord connection; try a different outlet; ensure power button is fully pressed.
Low suction power.	Dust container full; filter clogged; blockage in nozzle or tube.	Empty dust container; clean or replace HEPA filter; check for and remove any blockages.
Unusual noise during operation.	Blockage in the air path; foreign object in the brush roll (if applicable).	Turn off and unplug the vacuum. Inspect for and remove any blockages or foreign objects.
Motor gets warm.	Normal operation; prolonged use; clogged filter.	This can be normal. If excessively hot, turn off and allow to cool. Ensure filters are clean.

8. SPECIFICATIONS

Feature	Detail
Brand	Beldray
Model Number	BEL01731TT (5054061509526)
Colour	Grey/Titanium
Product Dimensions	11.5 x 30 x 22 cm
