MAINTENANCE AND CARE

Armchairs:

- **Cleaning:** Wipe the chair frame with a dry cloth. For stubborn dirt, a slightly damp cloth can be used, followed by immediate drying. Avoid harsh chemicals or abrasive cleaners.
- **Frame Protection:** The UV-protected frame is designed to resist unraveling, decay, and weathering.
- **Wood Finish:** The chairs are finished with Interbuild 0% VOC hardwax oil, providing a smooth, water-repellent, and wear-

resistant surface. This finish is tested and approved for contact with foodstuff.

- **Cushions:** Spot clean cushions as needed. Refer to cushion care labels for specific instructions.
- **Storage:** For off-season storage or when not in use for extended periods, fold the chairs for compact storage. Store in a dry, protected area to prolong their lifespan.

Placemats:

- **Cleaning:** Wipe clean with a damp cloth. For spills, blot immediately. Allow to air dry completely.
- **Material:** Made from 100% Vietnamese natural water hyacinth.
- **Storage:** The placemats are easy to fold for storage when not in use. Store in a dry place.

TROUBLESHOOTING

- **Chair Instability:** Ensure the chair is fully unfolded and placed on a flat, level surface. Verify that all legs are firmly on the ground. The chair has been lab-tested for stability.
- **Placemat Stains:** For best results, clean spills on placemats immediately. While water-repellent, prolonged exposure to liquids can lead to staining.
- **General Wear:** Over time, natural materials may show signs of wear. Regular cleaning and proper storage will help maintain the product's appearance and longevity.
