The sofa is upholstered with polyester fabric. The cleaning code is 'W', meaning it can be cleaned with water-based cleaning agents.

- **Regular Cleaning:** Vacuum regularly using an upholstery attachment to remove dust and loose debris.
- **Spot Cleaning:** For spills, blot immediately with a clean, dry cloth. For stubborn stains, use a mild, water-based upholstery cleaner. Test the cleaner on an inconspicuous area first.
- **Removable Covers:** The seat cushion covers are removable. Follow the care instructions on the label for washing.
- **Avoid Direct Sunlight:** Prolonged exposure to direct sunlight can cause fading.

6.2 Frame and Mechanism Care

- Wipe the frame and legs with a soft, damp cloth. Avoid abrasive cleaners.
- Periodically check all bolts and connections to ensure they remain tight. Retighten as necessary.
- Keep the pull-out bed mechanism free of obstructions. Lubricate moving parts if they become stiff, using a silicone-based lubricant.
