

## QIFUN BB60987

# QIFUN Christmas Tree Building Block Advent Calendar 2025 Instruction Manual

Model: BB60987 | Brand: QIFUN

## 1. INTRODUCTION

---

This manual provides detailed instructions for assembling and enjoying your QIFUN Christmas Tree Building Block Advent Calendar. This unique calendar offers a daily building experience from December 1st to December 24th, culminating in a complete Christmas tree display with LED lights.

### 1.1 What's Included

- 1066 Pcs Christmas Toy Buildings Set (24 Small Boxes)
- LED Lights Strip
- Instruction Manual Guide (this document)

A vibrant, fully assembled Christmas tree constructed from building blocks, adorned with colorful ornaments, miniature gifts, and illuminated by a string of LED lights. A small snowman and reindeer figure are visible at the base.

## 2. SETUP AND DAILY ASSEMBLY

The Advent Calendar is designed for a daily building experience. Each day from December 1st to December 24th, you will open a numbered box containing specific building blocks and a mini instruction sheet for that day's segment.

### 2.1 Unboxing the Calendar

Carefully open the main Advent Calendar box. Inside, you will find 24 individually numbered smaller boxes, each corresponding to a day in December leading up to Christmas Eve.

The Advent Calendar box is open, displaying 24 small, green, numbered boxes, each containing a portion of the building blocks for daily assembly. The main box lid features a festive Christmas tree design.

## 2.2 Daily Building Process

1. On each day, locate and open the box corresponding to the current date.
2. Inside each daily box, you will find a sealed bag of building blocks and a small, folded instruction sheet specific to that day's build.
3. Follow the step-by-step, colored instructions provided in the mini-manual to assemble the day's segment.
4. Connect the completed segment to the growing Christmas tree structure.
5. Continue this process daily to gradually build your complete Christmas tree.

# ❄️ Advent Calendar Countdown to Christmas ❄️

Start from December 1st

Last day December 24th

Complete a part per day

Form a complete Christmas tree

A visual guide demonstrating the daily progression of building the Christmas tree. It shows opening a single numbered box, assembling a small part, and then combining these parts over 24 days to form the complete tree.

## 2.3 LED Light Installation (Day 24)

On December 24th, the final box will contain the remaining pieces, including the LED light strip and its power cord. Integrate these lights into your completed Christmas tree structure as per the final instructions to illuminate your display.

This image highlights key components: a coiled LED light strip, a detailed instruction manual, and a selection of colorful building blocks, including miniature gifts and ornaments, ready for assembly.

## 2.4 Visual Guide: Unboxing and Assembly

This video provides a comprehensive overview of the Advent Calendar, showing the unboxing of the main package, the individual daily boxes, and a time-lapse of the daily building process, highlighting the interactive nature of the product.

A detailed look inside the Advent Calendar, demonstrating how to open the daily boxes, identify the pieces, and begin assembling the initial sections of the Christmas tree. It emphasizes the clear instructions provided for each day.

## 3. OPERATION

Once fully assembled, the QIFUN Christmas Tree Building Block Advent Calendar serves as a decorative display.

### 3.1 Activating LED Lights

Connect the provided power cord to the LED light strip and a suitable power source to illuminate the Christmas tree.

1102 PCS

The fully assembled Christmas tree, illuminated by its integrated LED lights, showcasing the intricate details of the building blocks and ornaments.

#### 4. CARE AND MAINTENANCE

- **Cleaning:** Gently wipe the assembled tree with a dry, soft cloth to remove dust. Avoid using liquid cleaners.
- **Storage:** When not in use, carefully disassemble the tree if desired, or store it as a complete unit in a secure location to prevent damage. Due to the intricate nature of the building blocks, the assembled structure can be delicate.
- **Material:** The building blocks are made from durable ABS recycled material, ensuring longevity.

A close-up of the Christmas tree's branches, highlighting the small, colorful ornaments, candles, and miniature gifts that decorate the structure.

## 5. TROUBLESHOOTING

---

### 5.1 Missing Pieces

In the event of missing pieces, please contact QIFUN customer support via the email address provided on the product box. We offer free replacements for any missing components.

### 5.2 Assembly Difficulties

Refer to the detailed daily instruction sheets. If further assistance is needed, contact customer support.

## 6. PRODUCT SPECIFICATIONS

---

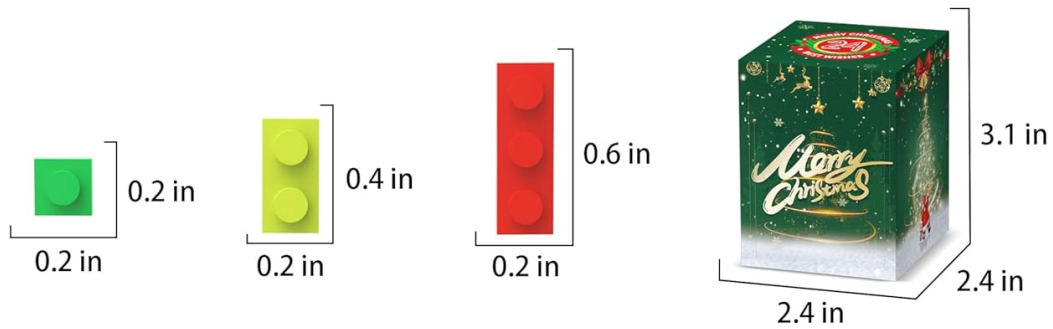

Feature	Detail
Manufacturer	QIFUN
Brand	QIFUN
Item Weight	2.33 pounds
Item Model Number	BB60987
Color	Christmas tree
