Sudio SD-1911

Sudio S2 Bluetooth Speaker User Manual

Model: SD-1911 | Brand: Sudio

1. INTRODUCTION AND OVERVIEW

The Sudio S2 is a compact and portable Bluetooth speaker designed to deliver high-quality audio for various environments, from home use to outdoor adventures. Featuring robust sound, long battery life, and IPX5 water resistance, it is built for convenience and durability, allowing you to enjoy your music wherever you go.

2. PACKAGE CONTENTS

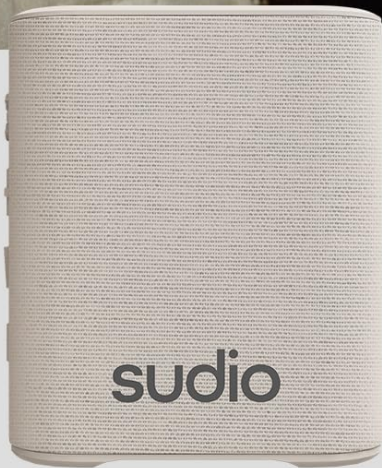

Please check the box for the following items:

- Sudio S2 Bluetooth Speaker
- USB-C Charging Cable
- Quick Start Guide

3. PRODUCT FEATURES

3.1 Great Sound Quality

With crystal highs, crisp mids, and rich bass, the S2 creates an immersive listening experience. State-of-the-art bass radiators and a dynamic driver deliver high-quality sound without distortion, even at maximum volume.

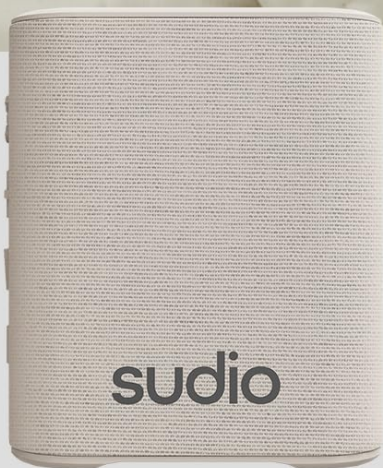

GREAT SOUND QUALITY

Fill your space with stunning,
powerful sound

3.3 Broadcast Function (TWS Pairing)

Play up to two speakers together for an enhanced stereo sound experience. The advanced internal antenna design with Bluetooth 5.3 provides fast connection and an incredible wireless Bluetooth range of up to over 30 unobstructed feet (10 meters) from your device. It connects easily with Android, iOS, and all other Bluetooth devices.

BROADCAST FUNCTION

It takes just one mighty broadcast function button to get the party started.

4. SETUP

4.1 Charging the Speaker

Before first use, fully charge the Sudio S2 speaker using the provided USB-C cable. Connect the USB-C end to the speaker's charging port and the other end to a compatible USB power adapter (not included). The charging indicator light will show the charging status and turn off when fully charged.

4.2 Power On/Off

To turn the speaker **ON**, press and hold the power button (located on the side, usually indicated by a power symbol) for approximately 2-3 seconds until you hear a power-on sound and the indicator light illuminates.

To turn the speaker **OFF**, press and hold the power button again for approximately 2-3 seconds until you hear a power-off sound and the indicator light turns off.

4.3 Bluetooth Pairing

1. Ensure the Sudio S2 speaker is powered on. It will automatically enter pairing mode, indicated by a rapidly flashing blue LED light.

2. On your device (smartphone, tablet, computer, etc.), enable Bluetooth and search for new devices.
3. Select 'Sudio S2' from the list of available devices.
4. Once connected, the LED light on the speaker will turn solid blue, and you will hear a confirmation sound.

5. OPERATING INSTRUCTIONS

5.1 Basic Audio Playback

Once successfully paired, play audio from your connected device. The sound will be streamed wirelessly to your Sudio S2 speaker.

5.2 Volume Control

- Press the '+' button on the speaker to increase volume.
- Press the '-' button on the speaker to decrease volume.
- You can also adjust the volume directly from your connected device.

5.3 Track Control

- Press the **Play/Pause** button once to play or pause the current track.
- Double-press the '+' button to skip to the next track.
- Double-press the '-' button to go back to the previous track.

5.4 Broadcast Function (TWS Pairing for Stereo Sound)

To connect two Sudio S2 speakers for a true wireless stereo experience:

1. Ensure both Sudio S2 speakers are powered on and are NOT connected to any Bluetooth device.
2. On one of the speakers (this will be your primary speaker), press and hold the **Broadcast Function button** (often indicated by a chain link or infinity symbol) for a few seconds until you hear a pairing prompt.
3. The two speakers will automatically search for and connect to each other. You will hear a confirmation sound once they are successfully paired.
4. Now, connect your device to the primary speaker (the one you initiated TWS pairing on) as described in the 'Bluetooth Pairing' section (4.3).
5. Audio will now play in stereo, with one speaker handling the left channel and the other the right.

6. MAINTENANCE

6.1 Cleaning

Wipe the speaker with a soft, slightly damp cloth. Do not use harsh chemicals, abrasive cleaners, or solvents, as these may damage the surface or internal components. Ensure the charging port is completely dry before charging.

6.2 Storage

When not in use for extended periods, store the Sudio S2 speaker in a cool, dry place away from direct sunlight, extreme temperatures, and excessive humidity.

6.3 Battery Care

To prolong the lifespan of the speaker's battery, avoid fully discharging it frequently. It is recommended to charge the speaker regularly, even if not in constant use, to maintain optimal battery health.

7. TROUBLESHOOTING

Problem	Possible Cause	Solution
Speaker won't turn on	Low battery	Charge the speaker fully.
No Bluetooth connection	Speaker not in pairing mode / Device Bluetooth off	Ensure speaker is in pairing mode (flashing blue LED). Turn on Bluetooth on your device. Forget 'Sudio S2' on your device and re-pair.
No sound from speaker	Volume too low / Device not playing audio / Incorrect audio output selected on device	Increase speaker and device volume. Check if audio is playing on your device. Ensure 'Sudio S2' is selected as the audio output.
Sound distortion	Volume too high / Weak Bluetooth signal	Reduce volume on speaker or device. Move your device closer to the speaker (within 30 feet/10 meters).
TWS pairing fails	Speakers already connected to a device / Speakers too far apart / Incorrect pairing procedure	Disconnect both speakers from any devices. Ensure speakers are within close proximity (e.g., 1-2 meters). Follow the TWS pairing steps precisely.
