Karl home Changing Table Dresser User Manual

Model: KHCT2447

INTRODUCTION

This manual provides essential information for the safe and proper assembly, operation, and maintenance of your Karl home Changing Table Dresser. This functional unit combines a baby changing surface with convenient storage, designed to keep baby essentials organized and within reach. Please read all instructions carefully before assembly and use.

SAFETY INFORMATION

Your child's safety is paramount. Always adhere to the following safety guidelines:

- **Never leave a child unattended** on the changing table.
- Always use the provided safety strap to secure your child during diaper changes.
- Ensure the changing table is placed on a flat, stable surface.
- Keep all necessary changing supplies within arm's reach, but out of the child's reach.
- Do not exceed the maximum weight capacity for the changing top or drawers.
- Regularly inspect the changing table for loose hardware, damaged parts, or sharp edges. Discontinue use if any damage is found.
- Keep small parts away from children during and after assembly.

PARTS LIST

Before beginning assembly, please ensure all components listed below are present and undamaged. If any parts are missing or damaged, contact customer support immediately.

- Side Panels (2)
- Back Panel (1)
- Base Panel (1)
- Changing Top Frame (4 pieces)
- Changing Top Surface (1)
- Drawer Fronts (3)
- Drawer Sides (6)
- Drawer Backs (3)
- Drawer Bottoms (3)
- Drawer Glides (6 pairs)
- Drawer Knobs (6)
- Safety Rail (1)

- Safety Strap (1)
- Hardware Pack (screws, dowels, cam locks, etc.)

SETUP AND ASSEMBLY

Assembly typically requires two adults and a Phillips head screwdriver. Follow these steps carefully:

1. **Unpack and Organize:** Lay out all parts on a soft, clean surface to prevent scratches. Identify each component using the parts list.
2. **Assemble the Main Frame:** Attach the side panels to the base panel and back panel using the provided hardware. Ensure all connections are secure.
3. **Install Drawer Glides:** Securely attach the drawer glides to the inner sides of the main frame according to the pre-drilled holes.
4. **Assemble Drawers:** For each of the three drawers, attach the sides and back to the drawer front. Slide the drawer bottom into the grooves. Attach the remaining drawer glides to the drawer sides. Install the drawer knobs.
5. **Insert Drawers:** Carefully slide the assembled drawers onto the glides within the main frame.
6. **Assemble Changing Top:** Connect the four pieces of the changing top frame. Place the changing top surface inside this frame.
7. **Attach Changing Top to Dresser:** Secure the assembled changing top unit to the top of the dresser using the designated hardware.
8. **Install Safety Rail and Strap:** Attach the safety rail to the designated points on the changing top. Secure the safety strap to the changing surface.
9. **Final Check:** Verify that all screws are tightened and the dresser is stable.

OPERATING INSTRUCTIONS

Using the Changing Top

The changing top provides a convenient and elevated surface for diaper changes and dressing. Always place a changing pad (not included) on the surface for comfort and hygiene. Position your baby centrally on the pad and secure them with the integrated safety strap before beginning any task. Maintain constant supervision of your child while they are on the changing table.

Using the Drawers

The three spacious drawers are designed for storing baby clothes, diapers, wipes, and other essentials. Pull the knobs gently to open and push to close. Avoid overloading the drawers to ensure smooth operation and longevity of the glides. Each drawer has a maximum load bearing capacity of 20 lbs.

Figure 5: Drawers open, illustrating storage capacity and maximum load bearing.

MAINTENANCE AND CARE

Proper care will extend the life of your changing table dresser:

- **Cleaning:** Wipe surfaces with a soft, damp cloth. Avoid harsh chemicals or abrasive cleaners, as they may damage the finish.
- **Spills:** Immediately wipe up any spills to prevent staining or damage to the wood.
- **Hardware:** Periodically check and tighten all screws and fasteners to ensure stability. Do not overtighten.
- **Environment:** Avoid placing the dresser in direct sunlight or near heat sources, which can cause warping or fading.

TROUBLESHOOTING

If you encounter any issues, refer to the table below for common problems and solutions:

Problem	Possible Cause	Solution
---------	----------------	----------

Problem	Possible Cause	Solution
Dresser is wobbly	Loose hardware; uneven floor	Tighten all screws. Move to a level surface or use shims under legs.
Drawers stick or don't close smoothly	Overloaded drawer; misaligned glides; debris in glides	Reduce drawer contents. Realign glides. Clean glides of any obstructions.
Parts don't fit during assembly	Incorrect orientation; wrong part used	Review assembly instructions and diagrams carefully. Ensure correct parts are used for each step.

SPECIFICATIONS

- **Model Number:** KHCT2447
- **Overall Dimensions:** 35.4"L x 22.8"W x 39"H (approximate, refer to diagram for detailed measurements)
- **Material Type:** Engineered Wood, Pine Wood (FSC-Certified)
- **Item Weight:** 55 pounds
- **Drawer Load Bearing:** Maximum 20 lbs per single drawer
